Visible Writings Cultures Forms Readings:

Visible Writings Marija Dalbello, Mary Lewis Shaw, 2011 This vastly learned superbly illustrated collection has not a dull text within it I was enlightened and fascinated by every essay on every topic *Visible Writings* is a book to treasure Mary Ann Caws Distinguished Professor of English French and Comparative Literature The Graduate Center CUNY **Visible**

Writings Marija Dalbello, Mary Shaw, 2011-03-15 Exploring the concept and history of visual and graphic epistemologies this engrossing collection of essays by artists curators and scholars provides keen insights into the many forms of connection between visibility and legibility With more than 130 color and black and white photographs *Visible Writings* sheds new light on the visual dimensions of writing as well as writing's interaction with images in ways that affect our experiences of reading and seeing Multicultural in character and historical in range essays discuss pre Colombian Mesoamerican scripts inscriptions on ancient Greek vases medieval illuminations Renaissance prints Enlightenment concepts of the legible and the Western reading of Chinese ideograms A rich array of modern forms including comics poster art typographic signs scribbles in writers manuscripts anthropomorphic statistical pictograms the street writings of 9 11 intersections between poetry and painting the use of color in literary texts and the use of writing in visual art are also addressed *Visible Writings* reaches outside the traditional venues of literature and art history into topics that consider design history of writing philosophy of language and the emerging area of visual studies Marija Dalbello Mary Shaw and the other contributors offer both scholars and those with a more casual interest in literature and art the opportunity simply stated to see the writing on the wall

Reading Home Cultures Through Books Kirsti Salmi-Niklander, Marija Dalbello, 2022-02-27 This wide ranging comparative and multidisciplinary collection addresses the significance of books in creating the idea of home The chapters present cases that reveal the affective and sensory dimensions of books and reading in the practice of everyday life of individuals in communities and in society The complex relationship of books reading and home is explored through American and European case studies both in bourgeois and middle class homes and in working class and immigrant families and communities with limited possibilities for reading The volume combines the conceptions and representations of domesticity the materiality of reading and library as a place drawing on book history and material culture studies as well as anthropology and sociology of the home

Reading by Design Pauline Reid, 2019-04-29 Renaissance readers perceived the print book as both a thing and a medium a thing that could be broken or reassembled and a visual medium that had the power to reflect transform or deceive At the same historical moment that print books remediated the visual and material structures of manuscript and oral rhetoric the relationship between vision and perception was fundamentally called into question Investigating this crisis of perception Pauline Reid argues that the visual crisis that suffuses early modern English thought also imbricates sixteenth and seventeenth century print materials These vision troubles in turn influenced how early modern books and readers interacted Platonic Aristotelian and empirical models of sight vied with one another in a culture where

vision had a tenuous relationship to external reality Through situating early modern books design elements such as woodcuts engravings page borders and layouts as important rhetorical components of the text Reading by Design articulates how the early modern book responded to epistemological crises of perception and competing theories of sight **Aesthetic Value in Classical Antiquity** Ineke Sluiter,Ralph M. Rosen,2012-09-06 Thinking about sensory experiences and evaluating human artifacts is an important part of Western European cultural and intellectual history This book investigates from different perspectives the origins of this practice and the rich discourse of aesthetic value in classical antiquity **The Voluble Soul** Richard Wilmott,2021-01-01 The world s fair beauty set my soul on fire In this first study of the full range of Traherne s poetry Richard Willmott explains his metaphysical poetry to all who are attracted by the beauty of his language but puzzled by his meaning He offers guidance both for the student of English uncertain about Traherne s theological ideas and the student of theology put off by seventeenth century poetic conventions and diction Using a wealth of quotation he examines Traherne s verse alongside that of a variety of his contemporaries including Andrew Marvell Lucy Hutchinson Anne Bradstreet and Edward Taylor Central to Traherne s poetry and generous theology is his delight in the capacity of his soul to approach God through an appreciation of His infinite creation This soul is voluble not only because it can express its thoughts with fluency but also because it can enfold within itself the infinity of God s creation taking in everything that it perceives considering the latest scientific speculations about the atom and astronomy but also looking clear sightedly at Restoration society s materialism and in one startlingly savage satire the corruption of the royal court **The Aura of the Word in the Early Age of Print (1450?600)** Samuel Mareel,2017-07-05 Did the invention of movable type change the way that the word was perceived in the early modern period In his groundbreaking essay The Work of Art in the Age of Mechanical Reproduction the cultural critic Walter Benjamin argued that reproduction drains the image of its aura by which he means the authority that a work of art obtains from its singularity and its embeddedness in a particular context The central question in The Aura of the Word in the Early Age of Print 1450 1600 is whether the dissemination of text through print had a similar effect on the status of the word in the early modern period In this volume contributors from a variety of fields look at manifestations of the early modern word in English French Latin Dutch German and Yiddish as entities whose significance derived not simply from their semantic meaning but also from their relationship to their material support to the physical context in which they are located and to the act of writing itself Rather than viewing printed text as functional and lacking in materiality contributors focus on how the placement of a text could affect its meaning and significance The essays also consider the continued vitality of pre printing press kinds of text such as the illuminated manuscript and how new practices such as the veneration of handwriting sprung up in the wake of the invention of movable type Oral Tradition and Book Culture Pertti Anttonen,Cecilia af Forselles,Kirsti Salmi-Niklander,2018-10-17 Traditionally oral traditions were considered to diffuse only orally outside the influence of literature and other printed media Eventually more attention was given to

interaction between literacy and orality but it is only recently that oral tradition has come to be seen as a modern construct both conceptually and in terms of accessibility Oral traditions cannot be studied independently from the culture of writing and reading Lately a new interdisciplinary interest has risen to study interconnections between oral tradition and book culture In addition to the use and dissemination of printed books newspapers etc book culture denotes manuscript media and the circulation of written documents of oral tradition in and through the archive into published collections Book culture also intertwines the process of framing and defining oral genres with literary interests and ideologies In addition to writing and reading the study of oral traditions must also take into consideration the culture of publishing The present volume highlights varied and selected aspects of the expanding field of research into oral tradition and book culture The questions discussed include the following How have printing and book publishing set terms for oral tradition scholarship How have the practices of reading affected the circulation of oral traditions Which books and publishing projects have played a key role in this and how How have the written representations of oral traditions as well as the roles of editors and publishers introduced authorship to materials customarily regarded as anonymous and collective The editors represent some of the key institutions in the study of oral traditions in Finland the University of Helsinki the Finnish Literature Society and the University of Eastern Finland The authors are folklorists anthropologists historians and literary historians and scholars in information studies from Finland Sweden Norway Ireland and the United States

Visual Communication for Social Work Practice

Sonia M. Tascón, 2018-09-03 How are we to understand how the dominance of visual images and representations in late modernity affects Social Work practice research and education Social workers are increasingly using still and moving images to illustrate their work to create new knowledge and to further specific groups interests As a profession in which communication is central visual practices are becoming ever more significant as they seek to carry out their work with and for the marginalised and disenfranchised It is time for the profession to gain more critical analytical and practical knowledge of visual culture and communication in order to use and create images in accordance with its central principle of social justice That requires an understanding of them beyond representation As important as this is it is also where the profession's scholarly work in this area has remained and halted and thus understanding of the work of images in our practices is limited In order to more fully understand images and their effects both ideologically and experientially social workers need to bring to bear other areas of study such as reception studies visual phenomenology and the gaze These other analytical frames enable a consideration not only of images per se but also of their effect on the viewer the human spectators and the subjects at the heart of Social Work By bringing understandings and experiences in Film Media and Communications Visual Communication for Social Work Practice provides the reader with a wide range of critically analytical frames for practitioners activists educators and researchers as they use and create images This invites a deeper knowledge and familiarity with the power dimensions of the image thus aligning with the social justice dimension of Social Work Examples

are provided from cinema popular media but more importantly from Social Work practitioners themselves to demonstrate what has already been made possible as they create and use images to further the interpersonal communal and justice dimensions of their work This book will be of interest to scholars students and social workers particularly those with an interest in critical and creative methodologies

On Replacement Jean Owen, Naomi Segal, 2018-06-05 This book is an interdisciplinary study of the human drama of replacement Is one's irreplaceability dependent on surrounding oneself by a replication of others Is love intrinsically repetitious or built on a fantasy of uniqueness The sense that a person's value is blotted out if someone takes their place can be seen in the serial monogamy of our age and in the lives of replacement children children born into a family that has recently lost a child whom they may even be named after The book investigates various forms of replacement including AI and doubling incest and bedtricks imposters and revenants human rights and surrogacy and intertextuality and adaptation The authors highlight the emotions of betrayal jealousy and desire both within and across generations *On Replacement* consists of 24 essays divided into seven sections What is replacement Law society Wayward women Lost children Replacement films The Holocaust and Psychoanalysis The book will appeal to anyone engaged in reading cultural and social representations of replacement

Inscribing Faith in Late Antiquity Sean V. Leatherbury, 2019-07-26 *Inscribing Faith in Late Antiquity* considers the Greek and Latin texts inscribed in churches and chapels in the late antique Mediterranean c 300 800 CE compares them to similar texts from pagan Jewish and Muslim spaces of worship and explores how they functioned both textually and visually These texts not only recorded the names and prayers of the faithful but were powerful verbal and visual statements of cultural values and religious beliefs conveying meaning through their words as well as through their appearances In fact the two were intimately connected All of these texts Christian Jewish Muslim and pagan acted visually embracing their own materiality as mosaic paint or carved stone Colourful and artfully arranged the inscriptions framed human relationships with the divine encouraged responses from readers and made prayers material In the first in depth examination of the inscriptions as words and as images the author

reimagines the range of aesthetic cultural and religious experiences that were possible in spaces of worship *Inscribing Faith in Late Antiquity* is essential reading for those interested in Roman late antique and Byzantine material and visual culture inscriptions and other texts and religious life in the ancient Mediterranean **Poetries - Politics** Jenevieve

DeLosSantos, 2023-02-10 *Poetries Politics* A Celebration of Language Art and Learning celebrates the best of innovative humanities pedagogy and creative graphic design Designed and implemented during a time of political divisiveness the *Poetries Politics* project created a space of inviting multilingual walls on the Rutgers campus celebrating diversity community and cross cultural exchange This book like the original project provides a platform for the incredible generative power of student led work Essays feature the perspectives of three students and professors originally involved in the project reflecting on their learning and exploring the works they selected for the original exhibition The essays lead to a beautifully illustrated catalogue of the original student designs Reproduced in full color and with the accompanying poems in both their original language and a translation this catalogue commemorates the incredible creative spirit of the project and provides a new way of contemplating these great poetic works *Making Images Move* Gregory Zinman, 2020-01-03 *Making Images Move*

reveals a new history of cinema by uncovering its connections to other media and art forms In this richly illustrated volume Gregory Zinman explores how moving image artists who worked in experimental film pushed the medium toward abstraction through a number of unconventional filmmaking practices including painting and scratching directly on the film strip deteriorating film with water dirt and bleach and applying materials such as paper and glue This book provides a comprehensive history of this tradition of handmade cinema from the early twentieth century to the present opening up new conversations about the production meaning and significance of the moving image From painted film to kinetic art and from psychedelic light shows to video synthesis Gregory Zinman recovers the range of forms tools and intentions that make up cinema s shadow history deepening awareness of the intersection of art and media in the twentieth century and anticipating what is to come *A History of Modern Librarianship* Pamela Spence Richards, Wayne A. Wiegand, Marija

Dalbello, 2015-05-26 A broad comparative history of librarianship this intriguing work goes beyond the standard focus on institutions and collections to help you explore the part modern librarianship played and continues to play in forming Western cultures Previous histories of libraries in the Western world the last of which was published nearly 20 years ago concentrate on libraries and librarians This book takes a different approach It focuses on the practice of librarianship showing you how that practice has contributed to constructing the heritage of cultures To do so this groundbreaking collection of essays presents the history of modern librarianship in the context of recent developments of the library institution professionalization of librarianship and innovation through information technology Organized by region the book addresses the widely recognized international impact of Anglo American librarianship and its continuing influence over the past century combining critical analysis with chronological histories of modern librarianship in Europe North America

Australia New Zealand and Africa An introductory chapter explains the origins of the project and a concluding chapter examines the effects of digitization on modern librarianship in the 21st century **Psychology and the Classics** Jeroen Lauwers,Hedwig Schwall,Jan Opsomer,2018-06-25 While the field of classics has informed and influenced the early developments of the field of psychology these two disciplines presently enjoy fewer fruitful cross fertilizations than one would expect This book shows how the study of classics can help psychologists anchor their scientific findings in a historical literary and philosophical framework while insights of contemporary psychology offer new hermeneutic methods and explanations to classicists This book is the first to date to offer a wide ranging overview of the possibilities of marrying contemporary trends in psychology and classical studies Advocating a critical dialogue between both disciplines it offers novel reflections on psychotherapy ancient philosophy social psychology literature and its theory historiography psychoanalysis tragedy the philosophy of mind linguistics and reception With twenty contributions by specialists in different fields it promotes the combination of classical and psychological perspectives and demonstrates the methods and rewards of such an endeavour through concrete case studies This pioneering book is thus intended for all readers who seek inspiration for their readings research or therapeutic practice *Gaze, Vision, and Visuality in Ancient Greek Literature* Alexandros Kampakoglou,Anna Novokhatko,2018-03-05 Visual culture performance and spectacle lay at the heart of all aspects of ancient Greek daily routine such as court and assembly cult and ritual and art and culture Seeing was considered the most secure means of obtaining knowledge with many citing the etymological connection between seeing and knowing in ancient Greek as evidence for this Seeing was also however often associated with mere appearances false perception and deception Gazing and visuality in the ancient Greek world have had a central place in the scholarship for some time now enjoying an abundance of pertinent discussions and bibliography If this book differs from the previous publications it is in its emphasis on diverse genres the concepts gaze vision and visuality are considered across different Greek genres and media The recipients of ancient Greek literature both oral and written were encouraged to perceive the narrated scenes as spectacles and to follow the gaze of the characters in the narrative By setting a broad time span the evolution of visual culture in Greece is tracked while also addressing broader topics such as theories of vision the prominence of visuality in specific time periods and the position of visuality in a hierarchisation of the senses **Enlightenment Orientalism in the American Mind, 1770-1807** Matthew H. Pangborn,2018-09-07 This study engages with the emerging field of energy humanities to provide close readings of several early American oriental observer tales The popular genre of orientalism offered Americans a means to critique new ideas of identity history and nationality accompanying protoindustrialization and a growing consumerism The tales thus express a complex self reflection during a time when America s exploitation of its energy resources and its engagement in a Franco British world system was transforming the daily life of its citizens The genre of the oriental observer this study argues offers intriguing glimpses of a nation becoming strange in the eyes of its own inhabitants **Panhellenes at Methone**

Jenny Strauss Clay,Irad Malkin,Yannis Z. Tzifopoulos,2017-04-10 This volume discusses the multidimensional aspects of the unique and so far unprecedented for Macedonia 191 sherds from Methone in Pieria dated to ca 700 BCE which bear inscriptions graffiti and trade marks inscribed incised scratched and rarely painted The 191 vessels were unearthed during excavations in ancient Methone in Pieria the oldest colony of Greeks from Eretria in the north according to tradition The Methone find is unique for two reasons First most of the pottery dates between 730 and 700 BCE a period from which very few examples of Greek writing survives And second inscribed ceramics scratched or painted are extremely rare in Macedonia This new evidence of inscribed pottery from Methone is invaluable for classical studies and the papers of this volume contribute notably to current discussions about the Greeks and the Greek language in Macedonia the Greek colonization the pottery trade and the early Greek transport amphoras trade the symposium and other contexts for the development of writing the alphabets of Methone and the introduction of the alphabet in Greece the dialects of Methone in relation to the Greek dialects early Greek writing literacy and literary beginnings **Aristophanes and Politics** Ralph M. Rosen,Helene P. Foley,2020-04-14 The essays in this volume explore the many aspects of the political in the plays of Greek comic dramatist Aristophanes 5th century BCE posing a variety of questions and approaching them through diverse methodological lenses They demonstrate that politics as reflected in Aristophanes plays remains a fertile and even urgent area of inquiry as political developments in our own time distinctly color the ways in which we articulate questions about classical Athens As this volume shows the earlier scholarship on politics in or and Aristophanes which tended to focus on determining Aristophanes actual political views has by now given way to approaches far more sensitive to how comic literary texts work and more attentive to the complexities of Athenian political structures and social dynamics All the studies in this volume grapple to varying degrees with such methodological tensions and show that the richer and more diverse our political readings of Aristophanes can become the less stable and consistent as befits a comic work they appear to be
