Visions And Visitors Memoir Of A Psychic:

Visions and Visitors Susan Stockton, 2014-10-20 *Visions and Visitors* chronicles Susan's spiritual journey as an ordinary child whose startling gifts forced her to entertain the notion that she was birthed into an extraordinary life. She was raised in a devout Catholic family and schooled by religious nuns. This environment nurtured her visions and she soon realized that she possessed what her Irish ancestors called the gift of second sight. Susan intertwines the story of her inward struggle to become her authentic self with the complexities of her daily life as wife, mother, single parent, and breadwinner. Despite the conflict she felt about her choice of whether to follow a conventional career or embrace her gifts as a psychic medium, her call to service triumphs. **A Psychic Autobiography** Amanda Theodocia Jones, 1910 **The Complete Idiot's Guide to**

Psychic Intuition, 3rd Edition LaVonne Carlson-Finnerty, Lynn Robinson, 2012-06-05 Everyone is psychic. And that includes you. We all have an inner voice that tells us important things; we have no other way of knowing. A select few have learned how to tune in to that voice. You can use your natural intuition and its wisdom to avoid disaster, heal bodies and minds, and make contact with other minds and spirits. Lynn A. Robinson, M.Ed., will give you the exercises needed to hone your inner voice. *The Complete Idiot's Guide to Psychic Intuition, Third Edition* uses a hands-on approach to psychic development for beginners, taking you from a basic introduction of various psychic abilities to using your own psychic powers to solve your own problems. Also learn how to perform psychic readings for others. Topics covered include: Discovering what psychic intuition is and what a psychic can tell someone about themselves; Assessing your current psychic abilities; Trusting your instincts and developing psychic awareness; Learning about the mind/body connection and how to use psychic power to heal yourself and others; Hypnosis, visions, dreams, and telepathy; Exploring what can be learned from altered states of consciousness; Knowing things before they happen; Recalling past life experiences; Seeing, hearing, feeling, and knowing messages that others do not perceive; Learning how to use the tools of the psychic trade and how to give a psychic reading; Get the things you really want in life by combining all you have learned about intuition. **Psychics, Sensitives and Somnambules** Rodger I. Anderson, 2015-01-27

Claimants of paranormal abilities have always attracted controversy and fascination and sometimes rigorous study by scientists. Charles Bailey, an Australian medium, was seemingly able to materialize different objects, animate and inanimate, under conditions which made it difficult to conceive how they could have been normally produced. Sumitra Singh, a woman of Northern India, who in 1984 became subject to epileptic type seizures, claimed to be possessed by spirits of the dead. Franck Kluski was a Polish poet, banker, and physical medium who specialized in both human and animal materializations. This biographical dictionary contains profiles of 330 psychics worldwide, from Tony Agpaoa to Elenor Zugun, each accompanied by a bibliography listing the primary sources consulted. The primary focus is on those claimed psychics who have figured prominently in the history of the subject, though some lesser-known figures are included to show how rich, varied, and colorful that history has been. The aim throughout is to present each case as fairly and dispassionately as the facts allow, with a

particular eye for accuracy in details and presentation The approach is historical not apologetic or accusatory making the work ideally suited as a permanent reference Book of Knowledge, Psychic Facts Nellie Craib Beighle,1903 **Radio**

Psychics John Benedict Buescher,2021-08-24 When radio broadcasting began in the early 1920s the radio was a magic box aglow with the future drawing humanity into a new age Some thought it would dissolve the distance between time and place others that human minds would become transparent one tuned to another Performers claiming psychic powers turned radio broadcasting into a fabulous money machine These mentalists born from vaudeville circuses sideshows and the Spiritualist and New Thought movements of the mid late 19th century used the language of wireless technology to explain their ability to see the past present and future Casting their mystical knowledge as a scientifically honed craft these mentalists persuaded millions to pay for dubious advice until governmental and public pressures forced them off the air This book is a history of over 25 performers who practiced their art behind studio microphones during the early years of radio broadcasting from about 1920 to 1940 Here laid out for the first time is the tale of how they made cash rain from the heavens and harnessed the sensation of the radio in search of wealth health love and success **The Reluctant Psychic** Suzan Saxman,Perdita Finn,2015-01-27

We all as children saw imaginary friends and heard monsters in the closet But for Suzan Saxman those friends and monsters didn t go away and they weren t imaginary They were the dead who came to her from the time she was a little girl with urgent messages for the living Raised in a house filled with secrets she saw and spoke the truth as soon as she could talk alarming the nuns in her convent school with her revelations and terrifying her own mother with her strange visions Each night she woke to see a man with no eyes watching her and each day she kept watch by the window while her father was at work and Steve her real father a swarthy drifter rendezvoused with her mother It was the 1960s in suburban Staten Island and she tried to hide it all and be a daughter her mother could love Always skeptical of her tremendous gift she struggled to come to terms with her calling even as she revealed the destinies of everyone from housewives to hit men stockbrokers to rock and rollers She could witness everyone s future everyone s but her own Why was she visited by angels and demons Could she ever escape this strange fate Where was her own soul mate Now Suzan tells the story of her journey and tries to make sense of her family s buried secrets Through powerful readings of others destinies interwoven with compelling narrative a reluctant psychic emerges from the shadows **Memoirs of a Single Travelling Mom: Travels**

with Toby by Marnie McBain,2021-05-07 One woman s journey of discovery as she travels the world on a budget with her young son A free spirit by nature Marnie has always been too adventurous for a suburban life or middle class marriage Her attempt at a conventional lifestyle gnawed at her spirit and left her frustrated with not fitting in After her divorce a brief unsuitable relationship produces her miracle child Toby Marnie begins to see her world through the eyes of an impressionable child and realizes trying to conform to normal society is disheartening and downright painful When Toby is two Marnie decides to take charge of his upbringing rather than letting society strangers and daycares raise him She

believes travel is the best teacher so the single mom swaps her car for an RV and she and Toby set off to explore what is possible within their limited means After six months on the road mixing with kindred spirits Marnie and Toby struggle to reassimilate into the lifestyle that society expects It s clear that normality and conformity just aren t for them Hungry for unique experience and intrigued by world schooling they take the plunge into a nomadic existence They re all in This time there s no going back Soon they re wandering the globe on a tight budget with adventure and life lessons around every corner Through spiritual development and self employment a traumatic brain injury and a pandemic Marnie breaks away from others expectations and learns to live life on her own terms She would never have guessed when she set out to educate her son that she would also find her own truth If there s one thing Marnie has learned and one lesson that can be gleaned from her experiences it s that as you navigate the road of life you will always encounter speed bumps These speed bumps are little tests of your resolve to remain on your current path If you are constantly running into roadblocks rather than speed bumps it s entirely likely that you are on the wrong road and it s time to take a different one You and only you have the power to turn left when society is saying turn right There is only one person that can change your trajectory and that s YOU
