Visual Research Jonathan S. Marion, Jerome W. Crowder, 2013-08-15 Visual Research A Concise Introduction to Thinking Visually is the first text to present a concise overview of the significant ethical theoretical and practical considerations for conducting research with images The capacity to take photos and video on handheld devices and the ability to store post and share such imagery online all offer tremendous opportunities for social research The rapid development and popularity of such technology means that little technological proficiency is required and even less theoretical and ethical consideration This book provides an accessible introduction to doing visual research in the social sciences Beginning with ethical considerations this book highlights the importance of thinking visually before engaging in visual research Further themes involve creating organizing and using images and are presented so as to help readers think about and work with their own visual data Boxed case studies and further reading suggestions enhance the utility of this primer Concise and highly focused Visual Research will be an invaluable resource for visual media and communications students and researchers and others interested in visual research in the social sciences

The SAGE Handbook of Visual Research Methods Luc Pauwels, Dawn Mannay, 2019-12-10 The second thoroughly revised and expanded edition of The SAGE Handbook of Visual Research Methods presents a wide ranging exploration and overview of the field today As in its first edition the Handbook does not aim to present a consistent view or voice but rather to exemplify diversity and contradictions in perspectives and techniques The selection of chapters from the first edition have been fully updated to reflect current developments New chapters to the second edition cover key topics including picture sorting techniques creative methods using artefacts visual framing analysis therapeutic uses of images and various emerging digital technologies and online practices At the core of all contributions are theoretical and methodological debates about the meanings and study of the visual presented in vibrant accounts of research design analytical techniques fieldwork encounters and data presentation This handbook presents a unique survey of the discipline that will be essential reading for scholars and students across the social and behavioural sciences arts and humanities and far beyond these disciplinary boundaries The Handbook is organized into seven main sections PART 1 FRAMING THE FIELD OF VISUAL RESEARCH PART 2 VISUAL AND SPATIAL DATA PRODUCTION METHODS AND TECHNOLOGIES PART 3 PARTICIPATORY AND SUBJECT CENTERED APPROACHES PART 4 ANALYTICAL FRAMEWORKS AND PERSPECTIVES PART 5 MULTIMODAL AND MULTISENSORIAL RESEARCH PART 6 RESEARCHING ONLINE PRACTICES PART 7 COMMUNICATING THE VISUAL FORMATS AND CONCERNS

and Solidarity Economy Sara Calvo, Andres Morales, Yanni Zikidis, 2017-06-26 This book aims to provide the reader with an insight into the relevance of a section of the economy which is often referred to as the social and solidarity economy SSE and highlight some of the current issues in the field how they are being addressed and some of their future implications Using case studies from around the world this book *Social and Solidarity Economy The World's Economy With a Social Face* provides an up to date account of the strengths and weaknesses of these initiatives across four continents including issues

that have not been researched sufficiently before e.g. circular economy, social propaganda and its dangers, social enterprise as a panacea for NGOs in developing countries and new social movements. There is growing interest in SSE initiatives among policymakers, foundations, researchers and academic institutions around the world. Despite this interest, SSE-related research remains scarce. There are concerns that SSE initiatives which contribute significantly to their local communities' development need to be more widely disseminated amongst the general public. The Social and Solidarity Economy: The World's Economy With a Social Face will help promote the ground-breaking work being done by organisations and individuals but which remain undocumented and help to raise awareness of such initiatives as well as contribute to academia with a critical approach to the sector covering issues that have not been covered much before such as the circular economy and the dangers of social propaganda. Aimed at researchers, academics and policy makers in the fields of Social Enterprise, CSR, Tourism, International Economics as well as supporting disciplines, Social and Solidarity Economy: The World's Economy With a Social Face looks to establish and help define the field.

Qualitative Disaster Research Brenda D. Phillips, 2014. Research that occurs in the context of emergencies and disasters requires attention to challenging contexts and circumstances. Qualitative Disaster Research walks readers through the ways in which those contexts can be managed to produce careful, rigorous and scholarly work. Students and faculty will find the book both approachable and inspiring and perfect for use in training the next generation of disaster researchers.
