Websites For Reading Books

Maya B. Eagleton, Elizabeth Dobler

Websites For Reading Books:

Reading the Web, Second Edition Elizabeth Dobler, Maya B. Eagleton, 2015-06-02 Today's students need to know how to locate, comprehend, evaluate, and use online information efficiently and effectively. This widely used teacher guide and course text provides a framework for maximizing students' critical creative use of the Web in grades 3-8. Research-based strategies for instruction and assessment across the content areas are clearly explained and linked to the Common Core State Standards (CCSS). In a large size format for easy photocopying, the book is packed with graphics, sidebars, lesson plans, and more than 90 reproducible handouts. Purchasers get access to a Web page where they can download and print the reproducible materials. New to This Edition: Incorporates state-of-the-art research and Web resources; Chapter on major Web 3.0 developments such as the rise of social media and mobile devices; Connections to the CCSS are identified throughout; Stronger focus on Universal Design for Learning and differentiated instruction; Larger format facilitates photocopying of the updated reproducible tools.

Reading the Web Maya B. Eagleton, Elizabeth Dobler, 2012-03-12 Packed with ideas and instructional activities that cut across all content areas, this engaging book provides a comprehensive framework for promoting vital Web literacy skills in grades 3-8. Teacher-friendly special features include helpful graphics, sidebars, practical tips, and nearly 100 reproducibles. Using a research-based classroom-tested model of Internet inquiry, the authors explain the whys, whys, and how-tos of helping diverse learners locate useful information sources on the Web, navigate the contents of a website, critically evaluate what they read online, synthesize the results of an Internet inquiry, express new knowledge in their own words.

Why Reading Books Still Matters Martha C. Pennington, Robert P. Waxler, 2017-08-29 Bringing together strands of public discourse about valuing personal achievement at the expense of social values and the impacts of global capitalism, mass media, and digital culture on the lives of children, this book challenges the potential of science and business to solve the world's problems without a complementary emphasis on social values. The selection of literary works discussed illustrates the power of literature and human arts to instill such values and foster change. The book offers a valuable foundation for the field of literacy education by providing knowledge about the importance of language and literature that educators can use in their own teaching and advocacy work.

Rock Your Read-Alouds Mike Artell, 2017-06-06 The author writes a wonderful story. The illustrator creates incredible images. But what can educators bring to their read-alouds? Do the read-alouds ROCK? The fact is every read-aloud is a performance. And every aspect of a read-aloud performance informs a child's understanding and appreciation of the story. In this book, educators of elementary grades learn dozens of innovative ways to ROCK the read-alouds regardless of experience or performance skills. Educators can apply all the techniques in this book or simply pick a specific performance area to improve upon. Regardless, methods and classroom-tested approaches are provided by some of the best read-aloud performers and storytellers in the business.

The Good Web Guide for Book Lovers Susan Osborne, 2003 The birth of the Internet heralded several theories about the demise of the book and of reading.

in general Contrary to this books are thriving on the internet and the author recommends the best websites to cut your searching time This guide includes information on the best internet bookshops both small and large rare and specialist bookshops book clubs literary magazines reading group resources author and fan websites and publisher s own websites websites for budding writers to develop their own talents
