The Word On The Street Performing The Scriptures In The Urban Context:

The Word on the Street Stanley P. Saunders, Charles L. Campbell, 2006-09-01 WHAT HAPPENS WHEN TWO SEMINARY PROFESSORS LEAVE their classrooms and spend time among the homeless people and teach on city streets In this unique collection of essays and sermons Stanley P Saunders and Charles L Campbell reflect on their encounters with the homeless folks in Atlanta and seek to discern the way of Jesus on the streets of the city These passionate often moving writings demonstrate the power of Scripture to shape the way we see the world and they explore the significance of social location for exegesis ethics worship and preaching From the perspective of the street central Christian practices such as baptism Eucharist and preaching come to life in new ways Scripture takes on fresh meaning too while ancient insights into the principalities and powers the practice of scapegoating and the organization of households become contemporary and immediate Even theological themes grace and discipleship sin and forgiveness crucifixion and resurrection look different when take to the street Accented by six powerful artworks from Christina Bray s exhibit Street Prayers Spiritual Journeys this book also sheds light on the problem of homelessness in America and calls the church to action Through their reflection on personal experiences and their interpretation of biblical texts Saunders and Campbell provide meaningful theological categories for addressing pressing social issues in the urban context making The Word on the Street a helpful resource on the realities of poverty race and injustice

Urban Ecclesiology Pascal D. Bazzell, 2015-05-21 Pascal D Bazzell brings the marginal ecclesiology of a Filipino ecclesial community facing homelessness FECH into contemporary ecclesiological conversation in order to deepen the ecumenical understanding of today s ecclesial reality He contributes relevant data to support a theory of an ecclesial oriented paradigm that fosters ecclesial communities within homeless populations There is an extensive dialogue occurring between ecclesiologies church planting theories or urban missions and the urban poor Yet the situation with the homeless population is almost entirely overlooked The majority of urban mission textbooks do not acknowledge an ecclesial oriented state of being and suggest that the street level environment is a place where no discipleship can occur and no church should exist By presenting the FECH s case study Bazzell emphasizes that it is possible to live on the streets and to grow in the faith of God as an ecclesial community To be able to describe the FECH s ecclesial narrative Bazzell develops a local ecclesiological methodology that aims to bridge the gap between more traditional systematic and theoretical ideal ecclesiology and practical oriented ecclesiology e g congregational studies in order to hold together theological and social understandings of the church in its local reality He articulates a theological framework for the FECH to reflect on who they are the essence of identity studies who they are in relationship to God the essence of theological studies and what that means for believers in that community as they relate to God and to each other in ways that are true to who they are and to who God intends them to be the essence of ecclesial studies The research provides a seldom heard empirical tour into the FECH s social world and communal identity The theological findings from the FECH s hermeneutical

work on the Gospel of Mark reveal an understanding of church being developed as gathering around Jesus that creates a space for God's presence to be embodied in their ordinary relationships and activities and to invite others to participate in that gathering. Moreover, it addresses ecclesial issues of the supernatural world, honor/shame values, and further develop the neglected image of the *familia Dei* in classical ecclesiology that encapsulates well the FECH's nature, mission, and place.

Narrative Reading, Narrative Preaching Joel B. Green, Michael Pasquarello, III, 2003-12-01. There is often an unfortunate division between the technical work of biblical scholars and the practical work of preachers who construct sermons each week. These two fields of study, which ought to be mutually informed and supportive, are more often practically divided by divergent methods, interests, and goals. Narrative Reading, Narrative Preaching aims to bridge that divide. Using narrative as an organizing theme, the contributors work through the New Testament, offering examples of how interpretation can rightly inform proclamation. Three pairs of chapters feature an exemplary reading by a New Testament scholar followed by a sermon informed by that reading. Introductory and concluding chapters provide guidance for application of the model. Pastors and seminarians will find here a uniquely practical work that will help them with both the reading and preaching of Scripture.

The Word Before the Powers Charles L. Campbell, 2002-01-01. In this examination of the ethical significance of preaching, Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church. Moving beyond a narrow focus on moral decision making or social issues, sermons, Campbell argues that a particular ethic, nonviolent resistance, is inherent in the practice of preaching and shapes the moral life of the church. In the face of the powers, the fundamental ethical task of preaching involves building up the church as a community of resistance. Employing three dimensions of character ethics, vision, practices, and virtues, Campbell demonstrates the concrete ways in which preachers may undertake this task.

Preaching Words John S. McClure, 2007-01-01. John McClure's Preaching Words highlights the most important ideas in homiletics and preaching, offering short explanations of these ideas, what scholars of preaching are saying about them, and how they can help in today's preaching. Topics range from elements of the sermon (introduction, body, and conclusion) to aspects of delivery, types of preaching in different Christian traditions, and theories of preaching.

The Bible, Justice, and Public Theology David J. Neville, 2014-10-09. Public theology is a developing field of discourse concerned to address matters of pressing public concern in theological perspective for the common good. Themes of ecology, poverty, human rights, and especially justice feature prominently in its discourse. Although justice is also a prominent theme in the Bible, there is no single perspective on what constitutes justice in the Bible, and no single view on how biblical perspectives on justice should contribute to contemporary discussion regarding the meaning and implementation of justice. Informed and inspired by Christopher Marshall's landmark work on Compassionate Justice (Cascade Books, 2012) in dialogue with Jesus' parables of the Good Samaritan and the Prodigal Son, this collection of studies addresses various interrelations between the Bible, justice, and public theology. Marshall himself

proposes that certain parables of Jesus are paradigmatic for public theology and some contributors respond to different dimensions of his treatment of the parables of the Good Samaritan and the Prodigal Son in terms of restorative justice Other contributors by contrast examine broader related concerns such as justice in biblical theological and philosophical perspective the hermeneutics of engagement for justice the relation between feminist theology and restorative justice biblical resources for public theology and popular culture as both a conversation partner with and a medium for public theology
