Tragoediae Oxford Classical Texts:

Self-representation and Illusion in Senecan Tragedy Cedric A. J. Littlewood, 2004 This ethical context is a productive frame of reference for interpreting the strange artificiality of Senecan tragedy the consciousness that its own dramatic worlds events and people are literary constructs In Troades for example Achilles ghost and its vengeance is represented both as an inexorable dramatic reality and the creature of a fabula to be dismissed as a malignant fiction BOOK JACKET

Magic, Witchcraft, and Ghosts in the Greek and Roman Worlds Daniel Ogden, 2002 In a culture where the supernatural possessed an immediacy now strange to us magic was of great importance both in the literary mythic tradition and in ritual practice In this book Daniel Ogden presents 300 texts in new translations along with brief but explicit commentaries Authors include the well known Sophocles Herodotus Plato Aristotle Virgil Pliny and the less familiar and extend across the whole of Graeco Roman antiquity

Race and Ethnicity in the Classical World, 2013-09-15 By offering fluent accurate translations of extracts and fragments from a wide assortment of ancient texts this volume allows a comprehensive overview of ancient Greek and Roman concepts of otherness as well as Greek and Roman views of non Greeks and non Romans A general introduction thorough annotation maps a select bibliography and an index are also included
