Laxity, Moderation and Extremism in Islam B. Aisha Lemu, 1993 Although this is a very important issue for us Muslims to address paradoxically it is an issue we seldom address Why is it so important and why do we seldom address it It is important because it affects our relationship with one another as well as with non Muslims and thus the spread of Islam all crucial concerns for the future of the Ummah Why then do we seldom speak about it Because to do so is to run the risk of being abused misunderstood and quoted out of context by people who cannot tolerate any opinion other than their own even if that other opinion has a sound basis in Islamic teachings Brief as it may appear and dealing with such a topical subject this book is quite comprehensive The author shows motives which produce the lax and the extremist types of people Speaking the language of hikmah but making use of cogent arguments she addresses committed Muslim youth with an open mind and suggests wise and efficient solutions to remedy laxity and extremism in society Easy to read brief balanced and enjoyable this book is the first of its category to deal with the burning issues of laxity moderation and extremism It is a must for and a companion to every responsible Muslim involved in da'wah work Even non Muslims can greatly benefit from such illuminating insights on what a true Muslim's attitude should be when fulfilling his obligation of transmitting the Divine message to his fellow human beings
