A Leadership Guide for Combination Fire Departments Fred C. Windisch, Fred C. Crosby, 2008 A must have for every combination fire department leader Leading a combination fire department is one of the greatest challenges a fire chief can face To successfully lead this type of organization fire chiefs must recognize the unique difficulties inherent in combination systems and overcome them by applying lessons learned from other chiefs who have faced similar challenges Authored by a team of seasoned fire service leaders and modeled after the Chief Fire Officer's Desk Reference *A Leadership Guide for Combination Fire Departments* is a compilation of the best practices and lessons learned through experience It is designed to provide chief and officer level personnel with the tools necessary to lead today's combination service department **A School Leader's Guide to Leading Professional Development** Costa Constantinou, 2024-11-29 Continuing professional development can be a powerful force in any school improvement programme leading to better student outcomes and making recruitment and staff retention easier *A School Leader's Guide to Leading Professional Development* provides an effective and evidence based approach to creating a culture of continuous learning in schools Covering all aspects of CPD including teacher quality what CPD looks like and how it should develop over time creating an inspirational culture CPD design coaching and much more the chapters encourage readers to reflect on how they are currently using CPD and how this could be improved Appendices provide templates and charts to use in the planning of CPD sessions as well as questions to guide sessions and evaluations with participants on an individual and whole school level Based on the author's experience of implementing CPD programmes as a school leader well regarded trainer and now the head of a leading international educational consultancy this is essential reading for school leaders wanting to create a culture of learning in their school and among their teachers *Basic Training for the Prophetic Ministry Leader's Guide* Kris Vallotton, 2015-07-21 A Step By Step Guide to Operating in the Gift of Prophecy Designed to accompany the Basic Training for the Prophetic Ministry DVD Study The gift of prophecy is not reserved for a super spiritual elite group of Christians Scripture promised that in the last days the Holy Spirit would be poured out and the people of God would prophesy This is *The Leader's Guide to Storytelling* Stephen Denning, 2010-06-03 In his best selling book Squirrel Inc former World Bank executive and master storyteller Stephen Denning used a tale to show why storytelling is a critical skill for leaders Now in this hands on guide Denning explains how you can learn to tell the right story at the right time Whoever you are in the organization CEO middle management or someone on the front lines you can lead by using stories to effect change Filled with myriad examples *A Leader's Guide to Storytelling* shows how storytelling is one of the few available ways to handle the principal and most difficult challenges of leadership sparking action getting people to work together and leading people into the future The right kind of story at the right time can make an organization stunningly vulnerable to a new idea **IT Project Management: A Geek's Guide to Leadership** Byron A. Love, 2016-10-04 This book's author Byron Love admits proudly to being an IT geek

However he had found that being an IT geek was limiting his career path and his effectiveness During a career of more than 31 years he has made the transition from geek to geek leader He hopes this book helps other geeks do the same This book addresses leadership issues in the IT industry to help IT practitioners lead from the lowest level Unlike other leadership books that provide a one size fits all approach to leadership this book focuses on the unique challenges that IT practitioners face IT project managers may manage processes and technologies but people must be led The IT industry attracts people who think in logical ways analytical types who have a propensity to place more emphasis on tasks and technology than on people This has led to leadership challenges such as poor communication poor relationship management and poor stakeholder engagement Critical IT projects and programs have failed because IT leaders neglect the people component of people process and technology Communications skills are key to leadership This book features an in depth discussion of the communications cycle and emotional intelligence providing geek leaders with tools to improve their understanding of others and to help others understand them To transform a geek into a geek leader this book also discusses Self leadership skills so geek leaders know how to lead others by leading themselves first Followership and how to cultivate it among team members How a geek leader s ability to navigate disparate social styles leads to greater credibility and influence Integrating leadership into project management processes The book concludes with a case study to show how to put leadership principles and practices into action and how an IT geek can transform into an effective IT geek leader
