Banks, 1767-1820 Neil Chambers,2024-06-21 This edition brings together in three fully edited volumes the correspondence
and associated papers of Sir Joseph Banks regarding European and especially British exploration of Africa from 1767 1820
for the first time publishing this globally scattered material in one place thereby revolutionizing its availability and
understanding of the activities of a key figure who helped organize and publish a series of missions to penetrate the African
interior mainly from West Africa and by crossing the Sahara from Cairo and Tripoli Banks was a founder in 1788 of the
African Association which mounted many of these missions including those of Mungo Park to explore the River Niger and J L
Burkhardt exploring Syria Arabia and Egypt At the time little was known about the African interior its peoples kingdoms and
resources and the aim of the African Association under Banks was to discover what lay there to make contact with and study
its societies to map them and their lands and help establish trading links Banks also maintained a lively correspondence with
British diplomatic representatives in North Africa such as James Mario Matra at Tangier and Henry Salt in Cairo who were a
rich source of news Moreover as unofficial director of the royal gardens at Kew he sent pioneering plant collectors to gather
plants in South Africa vastly boosting knowledge of this region s important flora At home he corresponded with politicians
government officials entrepreneurs navigators naturalists and campaigners like William Wilberforce about a great range of
issues surrounding Africa This work is multi disciplinary and will stand alongside existing series of Banks s correspondence
published by Neil Chambers *Scientific Correspondence* 2007 *Indian and Pacific Correspondence* 2007 14 It will appeal to
scholars of African history in the Early Modern Period to those studying exploration and collecting as well as those interested
in natural history the history of science geography cartography and the Enlightenment An Introduction detailed Calendar of
Correspondents Timelines for each volume and a comprehensive Index supplement the footnotes to nearly 800 documents
included in this fascinating and comprehensive new series **Annual Report for ...** Massachusetts Horticultural
