Turning Towards The Lord Orientation In Liturgical Prayer:

Turning Towards the Lord Uwe Michael Lang, 2004 Turning towards the Lord presents an historical and theological argument for the traditional common direction of liturgical prayer known as facing east and is meant as a contribution to the contemporary debate about the Catholic liturgy Lang a member of the London Oratory studies the direction of liturgical prayer from an historical theological and pastoral point of view At a propitious moment this book resumes a debate that despite appearances to the contrary has never really gone away not even after the Second Vatican Council Historical research has made the controversy less partisan and among the faithful there is an increasing sense of the problems inherent in an arrangement that hardly shows the liturgy to be open to the things that are above and to the world to come In this situation Lang s delightfully objective and wholly unpolemical book is a valuable guide Without claiming to offer major new insights Lang carefully presents the results of recent research and provides the material necessary for making an informed judgment It is from such historical evidence that the author elicits the theological answers that he proposes Turning

Toward the Lord Uwe Michael Lang, 2010-09-29 Introduction by Joseph Ratzinger Pope Benedict XVI Turning towards the Lord presents an historical and theological argument for the traditional common direction of liturgical prayer known as facing east and is meant as a contribution to the contemporary debate about the Catholic liturgy Lang a member of the London Oratory studies the direction of liturgical prayer from an historical theological and pastoral point of view At a propitious moment this book resumes a debate that despite appearances to the contrary has never really gone away not even after the Second Vatican Council Historical research has made the controversy less partisan and among the faithful there is an increasing sense of the problems inherent in an arrangement that hardly shows the liturgy to be open to the things that are above and to the world to come In this situation Lang s delightfully objective and wholly unpolemical book is a valuable guide Without claiming to offer major new insights Lang carefully presents the results of recent research and provides the material necessary for making an informed judgment It is from such historical evidence that the author elicits the theological answers that he proposes **Ever Directed Towards the Lord** Uwe Michael Lang, 2007-04-01 The celebration of the

liturgy of the Holy Eucharist is one of the central issues in the Roman Catholic Church today To mark the Year of the Eucharist the Society of St Catherine of Siena held a conference on the Eucharistic liturgy at Oxford in 2005 This book contains the energetic and fruitful reflection of the scholars present at the conference The contributions are academically demanding yet accessible to a wider audience The collection does not seek a solution to the current problems rather it promotes an open discussion about the theological philosophical and historical issues surrounding the celebration of the liturgy and its future as well as paying attention to the increasing interest in the pre conciliar rites Theology of the Liturgy Joseph Ratzinger, 2014-05-13 This major volume is a collection of the writings of Joseph Ratzinger Pope Emeritus Benedict XVI on the theology of the Liturgy of the Church a subject of preeminence to him as a theologian professor and

spiritual writer It brings together all his writings on the subject short and long giving his views on liturgical matters and questions over many years and from various perspectives He chose to have his writings on the Liturgy for the first volume published of his collected works though listed as vol 11 because as he says in the Introduction The liturgy of the Church has been for me since my childhood the central reality of my life and it became the center of my theological efforts I chose fundamental theology as my field because I wanted first and foremost to examine thoroughly the question Why do we believe But also included from the beginning in this question was the other question of the right response to God and thus the question of the liturgy By starting with the theme of liturgy in this volume Ratzinger wants to highlight God s primacy the absolute precedence of the theme of God Beginning with a focus on the liturgy he said tells us that God is first He quotes from the Rule of St Benedict Nothing is to be preferred to the liturgy as a way of ordering priorities for the life of the Church and of every individual He says that the fundamental question of the man who begins to understand himself correctly is How must I encounter God Thus learning the right way of worshipping is the gift par excellence that is given to us by the faith The essential purpose of his writings on the liturgy is to place the liturgy in its larger context which he presents in three concentric circles First the intrinsic interrelationship of Old and New Testament without the connection to the Old Testament heritage the Christian liturgy is incomprehensible The second circle is the relationship to the religions of the world The third circle is the cosmic character of the liturgy which is more than the coming together of a circle of people the liturgy is celebrated in the expanse of the cosmos encompassing creation and history at the same time

Pope Francis and the Liturgy Irwin, Kevin W.,2020 A study of Pope Francis s example and teaching on relating the liturgy to living the mission of the liturgy in the world through holiness and mission

The Fullness of Divine Worship Uwe Michael Lang,2018-07-11 This volume offers a selection of essays from the pages of Antiphon A Journal for Liturgical Renewal the official organ of the Society for Catholic Liturgy The Society was founded in 1995 as a multidisciplinary association of Catholic scholars teachers pastors and ecclesiastical professionals in the Anglophone world with the aim of promoting the scholarly study and practical renewal of the sacred liturgy

The Worship Mall Bryan D. Spinks,2011-02-01 Religion today is in competition with the leisure and entertainment industries Gen Y the postmodern generation is open to spirituality but most of todays young adults have not been born into faith communities where they feel any lasting allegiance Studies suggest that for the young belief in God is an optional matter a virtual consumer choice As a result different trends in worship and worship styles are offered by different churches to suit lifestyles attitudes and personal taste

Ascent into Heaven in Luke-Acts David W. Pao ,David K. Bryan ,2016-12-01 In comparison with other aspects of Jesus life and ministry his ascent into heaven has often been overlooked within the history of the church However considering its placement at the end of the Gospel and the beginning of Acts the only narrative depictions of the event in the New Testament the importance of Jesus ascent into heaven is undeniable for Luke s two volume work While select studies have focused on particular aspects of these accounts for Luke s

story the importance of the ascension calls for renewed attention to the narratological and theological significance of these accounts within their historical and literary contexts In this volume leading scholars discuss the ascension narratives within the ancient contexts of biblical Second Temple Jewish and Greco Roman literature the literary contours of Luke Acts and questions of historical and theological significance in the wider milieu of New Testament theology and early Christian historiography The volume sets out new positions and directions for the next generations of interpreters regarding one of the most important and unique elements of the Lukan writings

Space and Conversion in Global Perspective ,2014-10-30
 Space and Conversion in Global Perspective examines experiences of conversion as they intersect with physical location mobility and interiority The volume s innovative approach is global and encompasses multiple religious traditions Conversion emerges as a powerful force in early modern globalization In thirteen essays the book ranges from the urban settings of Granada and Cuzco to mission stations in Latin America and South India from villages in Ottoman Palestine and Middle Volga Russia to Italian hospitals and city squares and from Atlantic slave ships to the inner life of a Muslim turned Jesuit Drawing on extensive archival and iconographic materials this collection invites scholars to rethink conversion in light of the spatial turn Contributors are Paolo Aranha Emanuele Colombo Irene Fosi Mercedes Garc a Arenal Agnieszka Jagodzi ska Aliocha Maldavsky Giuseppe Marcocci Susana Bastos Mateus Adriano Prosperi Gabriela Ramos Rocco Sacconaghi Felicita Tramontana Guillermo Wilde and Oxana Zemtsova

On Christian Priesthood Robin Ward,2011-05-12 **A Living Sacrifice: Liturgy and Eschatology in Joseph Ratzinger** Roland Millare,2022-06-13
 A Living Sacrifice focuses on

the inherent relationship between eschatology and the liturgy in light of Ratzinger's insistence upon the primacy of logos over ethos. When logos is subordinated to ethos, the human person becomes subjected to a materialist ontology that leads to an ethos that is concerned above all by utility and progress, which affects one's approach to understanding the liturgy and eschatology. How a person celebrates the liturgy becomes subject to the individual whim of one person or a group of people. Eschatology is reduced to addressing the temporal needs of a society guided by a narrow conception of hope or political theology. If the human person wants to understand his authentic sacramental logos, then he must first turn to Christ, the incarnate Logos, who reveals to him that he is created for a loving relationship with God and others. The primacy of logos is the central hermeneutical key to understanding the unique vision of Ratzinger's Christocentric liturgical theology and eschatology. This is coupled with a study of Ratzinger's spiritual Christology with a focus on how it influences his theology of liturgy and eschatology through the notions of participation and communion in Christ's sacrificial love. Finally, *A Living Sacrifice* examines Ratzinger's theology of hope, charity, and beauty, as well as his understanding of active participation in relationship to the eschatological and cosmic characteristics of the sacred liturgy.

The Beauty of the Liturgy: Ars Celebrandi and the Thomistic Aesthetics of Jacques Maritain Donald T. Anstoetter, 2025-09-01

In the current liturgical context, the priest celebrant faces many choices about how to celebrate Mass, and he and those around him may have very different thoughts on the best way of doing so. Recent magisterial attentiveness to the *ars celebrandi* or art of celebrating has offered a suggestive analogy between the liturgy and fine art. Attuned to the inherent beauty of divine worship, this analogy holds promise as a framework for discerning how the Mass is to be participated in and celebrated. In *The Beauty of the Liturgy*, Donald T. Anstoetter draws on the aesthetic insights of twentieth-century Thomistic philosopher Jacques Maritain to elaborate an approach to thinking about liturgical action and celebration artistically, aesthetically, and theologically. As Anstoetter shows, the interrelationships of artist, art, and audience share deep parallels with those of celebrant, liturgy, and assembly, including a common aim of enabling active participation in the poetic contemplation of the beautiful. Anstoetter ultimately advances a theology of *ars celebrandi* that locates the source and measure of liturgical artistry in Christ, the priest. It is Christ's love for the Father and for his flock that provides the integrity, proportion, and clarity of the liturgy's beauty. And it is by sharing in Christ's own *ars celebrandi* that the priest celebrant can foster the glorification of God and the sanctification of the faithful amidst a landscape of shifting priorities and preferences.

A Forest of Symbols Abbé Claude Barthe, 2023-03-31

The Christian liturgy and the Roman liturgy in particular developed and thrived within a tradition of commentary and meditation that was fundamental for its understanding, running parallel with the same way of approaching Scripture. The rationalist influences that led to the decline and eventual rejection of the mystical or spiritual senses of Scripture in favor of a narrowly conceived literal sense led to a narrowing of liturgy as well, which was reduced to its material parts and their various functions. While in recent decades the importance of the spiritual sense of Scripture has been

reclaimed its liturgical equivalent remains in shadow The present book addresses this lacuna with an easy to understand summary of the traditional approach to the forest of symbols contained in the Roman Mass **Ratzinger's Faith** Tracey Rowland,2009-08-06 A general introduction to the theology of Pope Benedict XVI including his approach to issues in moral and political theology ecclesiology liturgy interpretations of the of the documents of the Second Vatican Council and the theology of history Tracey Rowland also addresses the question of Pope Benedict s place in the constellation of contemporary Catholic theologians It has become a commonplace observation that Pope Benedict has been influenced by the thought of St Augustine in contrast to many of his predecessors in the papacy who were much more strongly influenced by St Thomas Aquinas Rowland therefore asks in what way Benedict is an Augustinian and how this marked difference in theological perspective may play out in the coming years Her book includes an extensive thematic bibliography which will be valuable for students **Signs of the Holy One** Uwe Michael Lang,2015-08-11 Catholic liturgy is far more than its texts It is a synthesis that also includes several other elements gesture music art and architecture which are aspects of the non verbal language of the sacred and are what make the liturgy beautiful Father Lang s consideration of the beauty of the liturgy addresses the modern notion that beauty is in the eye of the beholder that the experience of beauty is entirely subjective This idea makes it difficult to articulate criteria for what is beautiful yet sacred liturgy does indeed have objective measures for evaluating its principal elements Reflecting upon these and quoting from authoritative Church documents Father Lang discusses sacred music art and architecture and demonstrates how the beauty of these elements makes present the sacred Pope Benedict XVI said The greatness of the liturgy depends we shall have to repeat this frequently on its non spontaneity Continuous liturgical experimentation is unable to induce a sense of meaning or peace writes Father Lang because novelty does not satisfy the yearning for the Transcendent within the human psyche which is rarely far from the surface **The Mass and Modernity** Jonathan Robinson,2005-01-01 Many in the Church have accepted modernity in their effort to speak to the modern world and not nearly enough attention has been given to trying to disentangle the complex of ideas and half formulated convictions that constitute this mind set which is in fact contrary to Christianity The first aim of this book is to examine the origins and present day influence of modernity and then to argue that there is nothing in the Christian s concern for the modern world that requires accepting this damaging mind set in connection with the highest form of worship the Mass The second aim of the book is to show that that the sources of a genuine liturgical renewal are to be found in a heightened sense of the centrality of the Mass and a return to a theology compatible with the Catechism of the Catholic Church Fr Robinson s book is a philosopher s gift to the Catholic liturgy He provides a thoroughly lucid account of the climate of ideas which handicaps the celebration of Catholic worship in the modern world This is a diagnosis which shows just how far reaching must be the cure Fr Aidan Nichols Author Looking at the Liturgy **The Roman Mass** Uwe Michael Lang,2022-09-29 This volume offers a new synthetic overview of the structure and ritual shape of the Roman Mass from its

formative period in late antiquity to its post Tridentine standardisation Starting with the Last Supper and the origins of the Eucharist Uwe Michael Lang constructs a narrative that explores the intense religious social and cultural transformations that shaped the Roman Mass Lang unites classical liturgical history with insights from a variety of other disciplines that have drawn attention to the ritual performance and reception of the mass He also presents liturgical developments within the broader historical and theological contexts that affected the celebration and experience of the sacramental rite that is still at the heart of Catholic Christianity Aimed at scholars from a broad swathe of subjects including religious studies history art history literature and music Lang's volume serves as a comprehensive history of the Roman Mass over the course of a millennium

The Cambridge History of Ancient Christianity Bruce W. Longenecker, David E. Wilhite, 2023-08-24 The first three hundred years of the common era witnessed critical developments that would become foundational for Christianity itself as well as for the societies and later history that emerged thereafter The concept of ancient Christianity however along with the content that the category represents has raised much debate This is in part because within this category lie multiple forms of devotion to Jesus Christ multiple phenomena and multiple permutations in the formative period of Christian history Within those multiples lie numerous contests as varieties of Christian identity laid claim to authority and authenticity in different ways The Cambridge History of Ancient Christianity addresses these contested areas with both nuance and clarity by reviewing synthesizing and critically engaging recent scholarly developments The 27 thematic chapters specially commissioned for this volume from an international team of scholars also offer constructive ways forward for future research

Sacred Liturgy Alcuin Reid, 2014-04-07 The Sacred Liturgy is not a hobby for specialists It is central to all our endeavors as disciples of Jesus Christ This profound reality cannot be over emphasized We must recognize the primacy of grace in our Christian life and work and we must respect the reality that in this life the optimal encounter with Christ is in the Sacred Liturgy With these words Bishop Dominique Rey of Frjus Toulon France opened Sacra Liturgia 2013 an international conference in which he brought together over twenty leading liturgists cardinals bishops and other scholars from around the world to emphasize the centrality of liturgical formation and celebration in the life and mission of the Church The New Evangelization must be founded on the faithful and fruitful celebration of the Sacred Liturgy as given to us by the Church in her tradition Western and Eastern Bishop Rey asserted Sacra Liturgia 2013 the proceedings of which this book publishes explored questions of liturgical art architecture music the ars celebrandi the importance of ritual in human psychology truly pastoral liturgy the place of the older liturgical rites in the New Evangelization liturgical formation liturgical law the role of the diocesan bishop in respect of the liturgy and more Sacred Liturgy The Source and Summit of the Life and Mission of the Church is an important resource in ongoing liturgical formation for clergy religious and laity and makes a significant contribution to that renewal promoted in the Pontificate of Benedict XVI That is the renewal which embraces the riches of liturgical tradition as valuable treasures seeks to read the Second Vatican Council according to a hermeneutic of continuity

not rupture and is in no doubt that as Joseph Cardinal Ratzinger once wrote the true celebration of the Sacred Liturgy as the center of any renewal of the Church
