Two Cities On Exile History And The Imagination:

Two Cities Adam Zagajewski, 2002 First published in the United States in 1995 by Farrar Strauss and Giroux

Through the Poet's Eye Bozena Shallcross, 2009-02-20 Though best known as poets Adam Zagajewski born 1945 Zbigniew Herbert 1924 98 and Joseph Brodsky 1940 96 wrote some of the most original prose of this century It is this prose remarkable for its cross cultural complexity and interdisciplinary richness that concerns Bozena Shallcross in *Through the Poet's Eye* The travels undertaken by these Eastern European poets who each journeyed to the West under different circumstances give Shallcross her point of departure as she explores the connections between the sensory experience of travel and the revelatory perception of the visual arts manifest in their writings Book Jacket [European Literary Immigration Into the French Language](#) Tijana Miletić, 2008 The critical emotional and intellectual change which every immigrant is obliged to endure and confront is experienced with singular intensity by immigrant writers who have also adopted another language for their literary expression Concentrating on European authors of the second half of the twentieth century who have chosen French as a language for their literary expression and in particular the novels by Romain Gary Agota Kristof Milan Kundera and Jorge Semprun with reference to many others *European Literary Immigration into the French Language* explores some of the common elements in these works of fiction which despite the varied personal circumstances and literary aesthetics of the authors follow a similar path in the building of a literary identity and legitimacy in the new language The choice of the French language is inextricably linked with the subsequent literary choices of these writers This study charts a new territory within Francophone and European literary studies in treating the European immigrants as a separate group and in applying linguistic sociological and psychoanalytical ideas in the analysis of the works of fiction and thus represents a relevant contribution to the understanding of European cultural identity This volume is relevant to French and European literature scholars and anyone with interest in immigration European identity or second language adoption **The Crooked Mirror** Louise Steinman, 2013-11-05 A lyrical literary memoir that explores the exhilarating discomfiting and ultimately healing process of Polish Jewish reconciliation taking place in Poland today Although an estimated 80 percent of American Jews are of Polish descent many in the postwar generation and those born later know little about their families connection to their ancestral home In fact many Jews continue to think of Poland as a bastion of anti-Semitism since nearly the entire population of Polish Jewry was killed in the Holocaust The reality is more complex although German occupied Poland was the site of great persecution towards Jews it was also the epicenter of European Jewish life for centuries Louise Steinman sets out to examine the burgeoning Polish Jewish reconciliation movement through the lens of her own family's history joining the ranks of Jews of Polish descent who are confronting both Poland's heroism and occupation afflicted atrocities and who are seeking to reconnect with their families Polish roots [The Routledge World Companion to Polish Literature](#) Tomasz Bilczewski, Stanley Bill, Magdalena Popiel, 2021-09-30 The Routledge

World Companion to Polish Literature offers an introduction to Polish literature through thirty three case studies covering works from the Middle Ages up to the present day Each chapter draws on a text or body of work examining its historical context as well as its international reception and position within world literature The book presents a dual perspective on Polish literature combining original readings of key texts with discussions of their two way connections with other literatures across the globe With a detailed introduction offering a narrative overview the book is divided into six sections offering a chronological pathway through the material Contributors from around the world examine the various cultural exchanges at play with each chapter including Definitions of key terms and brief overviews of historical and political events literary eras trends movements groups and institutions for those new to the area Analysis and notes on translations including their hidden dimensions and potential Textual focus on poetics such as strategies of composition style and genre A range of historical sociological political and economic contexts From medieval song through to the contemporary novel this book offers an interpretive history of Polish literature while also positioning its significance within world literature The detailed introductions make it accessible to beginners in the area while the original analysis and focused case studies will also be of interest to researchers

From Old Times to New Europe Agata Fijalkowski, 2016-04-22 From Old Times to New Europe considers the post totalitarian legal framework in today s Europe arguing that the study of totalitarianism and post totalitarianism continues to be significant as ever Drawing mainly on the Polish experience this analysis focuses on the significant part played by history in the development of the region s identity and preferences concerning the role of the state in public and private life It examines the political socio economic and legal aspects of key events and draws comparisons with other CEE states whilst implementing key socio legal theories to explain trends and strains in this post Communist and post totalitarian period With the benefit of access to archival sources in Poland and Russia this book will be of interest to students and researchers of European law law and society and international criminal justice

The Elsewhere Adam Zachary Newton, 2005-08-03 The Elsewhere Or midbar biblical Hebrew for both wilderness and speech A place of possession and dispossession loss and nostalgia But also a place that speaks Ingeniously using a Talmudic interpretive formula about the disposition of boundaries Newton explores narratives of place flight border and beyond The writers of The Elsewhere are a disparate company of twentieth century memoirists and fabulists from the Levant Palestine Israel Egypt and East Central Europe Together their texts cunningly paired so as to speak to one another in mutually revelatory ways narrate the paradox of the near distance

Into the Heart of European Poetry John Taylor, 2017-07-05 John Taylor s brilliant new book examines the work of many of the major poets who have deeply marked modern and contemporary European literature Venturing far and wide from the France in which he has lived since the late 1970s the polyglot writer critic not only delves into the more widely translated literatures of Italy Greece Germany and Austria but also discovers impressive and overlooked work in Slovenia Bosnia Hungary Finland Norway and the Netherlands in this book that ranges over nearly all of Europe including

Russia While providing this stimulating and far ranging critical panorama Taylor brings to light key themes of European writing the depth of everyday life the quest of the thing in itself metaphysical aspiration and anxiety the dialectics of negativity and affirmation subjectivity and self effacement and uprootedness as a category that is as ontological as it is geographical historical political or cultural The book pays careful attention to the intersection of writing and history or politics as several poets featured here have faced the Second World War the Holocaust Communism the fall of Communism or the war in the former Yugoslavia Taylor gives the work of renowned upcoming and still little known poets a thorough look all the while scrutinizing recent translations of their verse He highlights several poets who are also masters of the prose poem He includes a few novelists who have fashioned a particularly original kind of poetic prose that stylistic category that has proved so difficult for critics to define Into the Heart of European Poetry should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing In a day and age when much too little is translated and thus known about foreign literature and when Europeans themselves are pondering the common denominators of their own culture this book is a *The Book of Unknowing* David S.

Herrstrom,2012-03-29 The Book of Unknowing meditates on John s confrontation with the incandescent Jesus a figure of our desire for immortality Guiding us through the Gospel s coming to grips with Jesus the poet David Sten Herrstrom prefers sparking the imagination to arguing a thesis as he explores John s own obsessions such as image light symbol water sign water to wine shapeliness symmetry loves Peter Mary s and above all words the Word the body of Jesus The result is a heady literary engagement not afraid of wit and paradox For anyone who loves literature or whose business is interpretation ministers and teachers this book blossoms with fresh revelations about the many voices of Jesus living in the House of the Interpreter and interacting with another interpreter Nicodemus as well as about John the interpreter who continually pauses to explain Jesus motives metaphors and the meaning of his death This meditation on John s Gospel takes the goat s leaping approach to the craggy language of John and Jesus rather than the methodical rock climber s And along the way to help him find footholds on the how and why of John s strategies the author calls on other poets from William Blake to Emily Dickinson and Miguel de Unamuno The result a poet s rather than a preacher s theologian s or scholar s reading of John s book one which crosses the borders of disciplines Throughout The Book of Unknowing David Herrstrom is unsettled and exhilarated by the peculiar orneriness and fragrance of John s book by its strange particulars that grab him by the throat and call lives into question As William Blake has said Exuberance is Beauty and this is an exuberant book Over the Wall/after the Fall

Sibelan Elizabeth S. Forrester, Magdalena J. Zaborowska, Elena Gapova,2004 Annotation A rich and appealing tour of post communist cultures in Eastern Europe as seen from East and West Borderland Dorota Sieron-Galusek, Lukasz

Occupiers, Humanitarian Workers, and Polish Displaced Persons in British-Occupied Germany Samantha K. Knapton, 2023-01-12 Concepts of migration and displacement are all too often separated from ideas of international humanitarianism and occupations and yet between 1945 and 1951 victims of war became the joint responsibility of humanitarian workers and military officials in occupied Germany In this innovative study Samantha K Knapton focuses on the lives of Polish displaced persons DPs one of the largest groups in occupied Germany to shine a spotlight on this interaction for the first time From the everyday experience of clothing feeding and sheltering to governmental policies and military actions *Occupiers Humanitarian Workers and the Polish Displaced Persons in British Occupied Germany* investigates the impact of occupation on post war refugees and explores how the birth of state driven international humanitarianism played a vital role in both the identity of the Polish people and the reconstruction of Germany To do so Knapton fuses together archival material and personal collections such as memoirs letters and diaries to present an account which considers both the macro and micro issues of displacement occupation and humanitarianism The result is a sophisticated analysis of Anglo Polish German relations in post war Europe which will be of immense value to all scholars of modern Europe Polish history and displacement studies more generally

The House at Ujazdowskie 16 Karen Auerbach, 2018-11-01 The compelling history of ten Jewish families rebuilding their lives in Warsaw after the Holocaust amply illustrated the book reverberates with hope Jewish Book Council Warsaw Poland once described as the Paris of the East had been transformed into a landscape of ruin by the ravages of World War II Among the few areas of the city center that escaped Nazi decimation was Ujazdowskie Avenue where German officials lived during the occupation In the late 1940s while most surviving Polish Jews were making their homes in new countries ten Jewish families reclaimed a once elegant building at 16 Ujazdowskie Avenue and began reconstructing their lives These families rebuilt on the rubble of the Polish capital and created new communities as they sought to distance themselves from the memory of a painful past Based on interviews with family members extensive archival research and the families personal papers and correspondence Karen Auerbach presents an engrossing story of loss and rebirth political faith and disillusionment and the persistence of Jewishness

Knowing One's Place in Contemporary Irish and Polish Poetry Magdalena Kay, 2012-02-23 Are we allowed to choose where we belong What pressures make us feel that we should belong somewhere This book brings together four major poets Heaney Mahon Zagajewski and Hartwig who ask themselves these questions throughout their lives They start by assuming that we can choose not to belong but know this is easier said than done Something in them is awry leading them to

travel emigrate and return dissatisfied with all forms of belonging Writer after writer has suggested that Polish and Irish literature bear some uncanny similarities particularly in the 20th century but few have explored these similarities in depth Ireland and Poland with their tangled histories of colonization place a large premium upon knowing one's place What happens though when a poet makes a career out of refusing to know her place in the way her culture expects This book explores the consequences of this refusal allowing these poets to answer such questions through their own poems leading to surprising conclusions about the connection of knowledge and belonging roots and identity After Every War, 2013-10-31

They are nine women with much in common all German speaking all poets all personal witnesses to the horror and devastation that was World War II Yet in this deeply moving collection each provides a singularly personal glimpse into the effects of war on language place poetry and womanhood After Every War is a book of translations of women poets living in Europe in the decades before and after World War II Rose Ausländer Elisabeth Langgässer Nelly Sachs Gertrud Kolmar Else Lasker-Schüler Ingeborg Bachmann Marie Luise Kaschnitz Dagmar Nick and Hilde Domin Several of the writers are Jewish and therefore also witnesses and participants in one of the darkest occasions of human cruelty the Holocaust Their poems as well as those of the other writers provide a unique biography of the time but with a difference These poets see public events through the lens of deep private losses They chart the small occasions the bittersweet family ties the fruit dish on a table the lost soul arriving at a railway station in other words the sheer ordinariness through which cataclysm is experienced and by which life is cruelly shattered They reclaim these moments and draw the reader into them The poems are translated and introduced with biographical notes on the authors by renowned Irish poet Eavan Boland Her interest in the topic is not abstract As an Irish woman she has observed the heartbreaking effects of violence on her own country Her experience has drawn her closer to these nine poets enabling her to render into English the beautiful ruminative quality of their work and to present their poems for what they are documentaries of resilience of language of music and of the human spirit in the hardest of times Terrible Fate Benjamin Lieberman, 2013-12-16

In the modern Greek city of Thessaloniki the ruins of a vast Jewish cemetery lie buried under the city's university Nearby is the site of the childhood home of one of the founders of the modern Turkish state These are tantalizing reminders of what was once the bustling cosmopolitan city of Salonica home not just to Greeks but to thousands of Sephardic Jews Turks Bulgarians and Armenians living and working peacefully alongside one another Thessaloniki is just one example among many of what used to be Over the past two centuries ethnic cleansing has remade the map of Central and Eastern Europe and the Middle East transforming vast empires that embraced many ethnic groups into nearly homogenous nations Towns and cities from Germany to Turkey still show traces of the vanished and nearly forgotten ethnic and religious communities that once called these places home In Terrible Fate Benjamin Lieberman describes the violent transformations that occurred in Salonica and hundreds of other towns and cities as the Ottoman Russian Austro-Hungarian and German empires collapsed to be reborn as the modern nation states we know today

His book is the first comprehensive history of this process that has involved the murder and forced migration of tens of millions of people Drawing upon eyewitness accounts contemporary journalism and diplomatic records Lieberman s story sweeps across the continent taking the reader from ethnic cleansing s earliest beginnings in Bulgaria Greece and Russia in the nineteenth century through the rise of nationalism both world wars the Armenian genocide the Holocaust and the rise and fall of the Soviet empire up to the breakup of Yugoslavia in the 1990s Along the way he examines the decisive roles of political leaders not only monarchs and dictators but also those who were democratically elected as well as ordinary people who often required very little encouragement to rob and brutalize their neighbors or who were simply caught up in the tide of history

Politics for Everybody Ned O'Gorman,2022-12-22 Rediscover what politics actually is and what miracles it can achieve once it s separated from partisanship polarization and pointless yelling In this age of nearly unprecedented partisan rancor you d be forgiven for thinking we could all do with a smaller daily dose of politics In his provocative and sharp book however Ned O Gorman argues just the opposite Politics for Everybody contends that what we really need to do is engage more deeply with politics rather than chuck the whole thing out the window In calling for a purer more humanistic relationship with politics one that does justice to the virtues of open honest exchange O Gorman draws on the work of Hannah Arendt As a German born Jewish thinker who fled the Nazis for the United States Arendt set out to defend politics from its many detractors along several key lines the challenge of separating genuine politics from distorted forms the difficulty of appreciating politics for what it is the problems of truth and judgment in politics and the role of persuasion in politics O Gorman s book offers an insightful introduction to Arendt s ideas for anyone who wants to think more clearly and speak more carefully in a time when constructive political functioning is desperately needed Animated not just by a theoretical and academic interest in Arendt s work but also by a practical intent to change the current manner of seeing politics and improve the quality of citizenship and freedom as well as the daily art of living together The Review of Politics
