

1. Flash the Hemsley indicator light in flashing orange, green, and red for two full minute cycles. (Continual pressing the hand-held remote button until the Hemsley indicator light changes from orange to green. The way now release the hand-held remote button.

NOTE

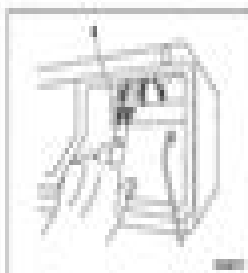

Some devices may require you to replace this "Programming a New Remote" step 1 with procedure found in the "Gate Operator / Carriage Programming" section. Refer to "Gate Operator / Carriage Programming" - 3-76.

2. Release the Hemsley indicator light in flashing orange. (You would like to program and observe the indicator light.

- If the indicator light remains constant green, your device should operate when the Hemsley indicator light is pressed. At the point, if your device operates, programming is complete.

- If the indicator light rapidly flashes green, simply press, hold for two seconds and release the Hemsley indicator light up to three times to complete the programming process. At the point if your device operates, programming is complete. If the device does not operate, consult with the next step of the programming instructions.

3. At the garage door opener motor (usually gate motor, etc.) locate the "Learn", "Smart" or "Program" button. This can usually be found where the hanging antenna wire is attached to the motor head unit (see the device's manual to identify the button). The name and color of the button may vary by manufacturer.

NOTE

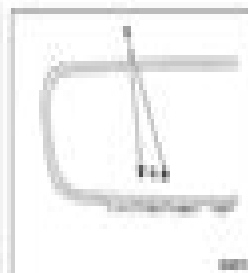

A button and/or second person may simplify the following steps.

1. Simply press and release the "Learn", "Smart", or "Program" button. The time frame 30 seconds or which to complete step 1.

— CONTINUE —

4. Release the Hemsley indicator light in flashing orange. (You would like to program and observe the indicator light.

5. Release the Hemsley indicator light in flashing orange. (You would like to program and observe the indicator light.

In the event that there are still programming difficulties or questions, contact Hemsley, telephone and programming issues can be found at www.Hemsley.com and new products www.Hemsley.com. For more and further garage door opener please go directly to the Hemsley website.

Gate Operator / Carriage Programming

Carriage radio frequency gate opener transmitter remote system is "learned" or "paired" after several seconds of transmission, which may not be long enough to Hemsley. To pick up the signal during programming. Refer to the Carriage section, some 1-5 gate operators are designed to "learned" in the same manner. The indicator LED on the hand-held remote will go off when the device was not, indicating that it has finished learning step.

If you live in Canada or you are having difficulties programming a gate operator or garage door opener by using the programming instructions, replace Programming a New Hemsley indicator light step 1 with the following:

While the Hemsley indicator light is flashing orange, press and release (press) your device's transmitter remote every two seconds until the Hemsley indicator light changes from orange to green. The way now release the hand-held remote button.

NOTE

If programming a garage door opener or gate operator, it is advised to verify
