Undertaking Discourse Analysis For Social Research:

Undertaking Discourse Analysis for Social Research Kevin C. Dunn, Iver B. Neumann, 2016-03-03 Kevin C Dunn and Iver B Neumann offer a concise accessible introduction to discourse analysis in the social sciences A vital resource for students and scholars alike Undertaking Discourse Analysis for Social Research combines a theoretical and conceptual review with a how to guide for using the method In the first part of the book the authors discuss the development of discourse analysis as a research method and identify the main theoretical elements and epistemological assumptions that have led to its emergence as one of the primary qualitative methods of analysis in contemporary scholarship Then drawing from a wide range of examples of social science scholarship Dunn and Neumann provide an indispensable guide to the variety of ways discourse analysis has been used They delve into what is gained by using this approach and demonstrate how one actually applies it They cover such important issues as research prerequisites how one conceives of a research question what counts as evidence how one reads the data and some common obstacles and pitfalls The result is a clear and accessible manual for successfully implementing discourse analysis in social research Research Methods in Critical Security Studies Mark B. Salter, Can E. Mutlu, Philippe M. Frowd, 2023-05-12 This textbook surveys new and emergent methods for doing research in critical security studies filling a gap in the literature The second edition has been revised and updated This textbook is a practical guide to research design in this increasingly established field Arguing for serious attention to questions of research design and method the book develops accessible scholarly overviews of key methods used across critical security studies such as ethnography discourse analysis materiality and corporeal methods It draws on prominent examples of each method s objects of analysis relevant data and forms of data collection The book s defining feature is the collection of diverse accounts of research design from scholars working within each method each of which is a clear and honest recounting of a specific project s design and development This second edition is extensively revised and expanded Its 33 contributors reflect the sheer diversity of critical security studies today representing various career stages scholarly interests and identities This book is systematic in its approach to research design but keeps a reflexive and pluralist approach to the question of methods and how they can be used The second edition has a new forward looking conclusion examining future research trends and challenges for the field This book will be essential reading for upper level students and researchers in the field of critical security studies and of much interest to students in International Relations and across the social sciences *Freedom of the Seas and US Foreign Policy* Connor Donahue, 2024-04-05 This book critically analyzes US political military strategy by arguing that freedom of the seas discourse is fundamentally unfit for an era of maritime great power competition The work conducts a genealogical intellectual history of freedom of the seas discourse in US foreign policy to show how the concept has evolved over time to facilitate American control over the global ocean space It concludes that the contemporary discourse works to establish the high seas as an arena free from claims of sovereignty so that the

United States as the presumed unrivaled naval power can intervene globally on behalf of its national interests. However, since sea control strategies depend on a preponderance of material force as the United States wanes in relative material capability, it becomes less able to support political military strategies predicated on the assumption of global naval dominance. The book provides a timely commentary on the current geopolitical competition between the United States and China and critiques the US approach toward China in the maritime domain in order to highlight potential avenues of foreign policy action that may enable the two countries to mitigate the risk of conflict. This book will be of much interest to students of naval history, maritime security, US foreign policy, and international relations.

Historical Memory and Foreign Policy Lina

Klymenko, Marco Siddi, 2022-10-13 This book explores the uses of the past in foreign policy making. It outlines why and how political leaders refer to historical events in contemporary foreign policy discourses, the goals they hope to achieve, and the sometimes unintended foreign policy consequences of their abuse of historical memory. Furthermore, it looks at how political leaders shape domestic collective memories in pursuit of their international agendas and highlight historical events leaders forget, reinterpret, or obscure through selective narratives. The chapters explore a variety of theoretical concepts that shed light on how memory and foreign policy are linked in a complex and reciprocal way. The following mechanisms are discussed: the application of historical analogies, the construction of historical narratives, the creation of memory sites, the marginalisation and forgetting of the past, and the securitisation of historical memory. Through the use of a number of methodological approaches such as discourse analysis, narrative analysis, and content analysis of securitising moves, and a broad range of qualitative and quantitative data (newspaper articles, policy documents, commemorative speeches, interviews with policymakers, and the observation of memory sites), the contributions highlight the interdependence of the international, national, regional, and local dimensions of memory practices and history writing. Although they mostly focus on national case studies of foreign policy making, they also reveal how representations of historical events evolve through interaction between political actors at the international level of analysis. The collection originated in the section entitled 'Exploring the Link between Historical Memory and Foreign Policy' at the annual Pan-European Conference of the European International Studies Association (EISA) 2018 held in Prague, the Czech Republic.

International Relations' Last Synthesis? J. Samuel

Barkin, Laura Sjöberg, 2019-02-12 Many scholars intentionally or unintentionally have entangled constructivism and critical theories in problematic ways, either by assigning a critical theoretical politics to constructivism or by assuming the appropriateness of constructivist epistemology and methods for critical theorizing. IR's Last Synthesis makes the argument that these connections mirror IR's grand theoretical syntheses of the 1980s and 1990s and have similar constraining effects on the possibilities of IR theory. They have been made without adequate reflection in contradiction to the basic assumptions of each theoretical perspective and to the detriment of both knowledge accumulation about global politics and theoretical rigor in disciplinary IR. By rejecting its over-simple syntheses, this book hews a road toward reviving IR theorizing.

The Sage

Encyclopedia of Qualitative Research Methods: A-L ; Vol. 2, M-Z Index Lisa M. Given, 2008-08-21 An encyclopedia about various methods of qualitative research

The European Union and Its Eastern Neighbourhood Andriy Tyushka, Tobias Schumacher, 2021-11-29 This edited volume brings together some of the most important scholarly perspectives in the form of both journal article reprints and original contributions on the structure and dynamics of the EU's multi-layered relations with its Eastern neighbours within the Eastern Partnership EaP framework and beyond In May 2019 the EU's EaP an ambitious and sophisticated policy framework conjoining elements of cooperation and integration with the EU's six eastern neighbours i.e. Ukraine Belarus Moldova Georgia Armenia and Azerbaijan turned ten years This anniversary in conjunction with repeatedly voiced critique by scholars and policy makers alike regarding the framework's effectiveness and utility led the EU to submit the EaP to a fundamental auditing and revision Structured around both enduring and emerging issues in the broader EU Eastern neighbourhood framework this book provides a retrospective analysis of key structural and relational challenges unfolding regional dynamics distinctive forms of bilateral multilateral engagement whilst also offering a critical perspective on the contested future relations between the EU and its Eastern neighbours Looking backwards and providing a critical and thorough assessment of the first ten years of the EaP in practice this book thinks forward and gauges its many potential future avenues This comes at a crucial moment as the EU and its six Eastern neighbours are in search of new and mutually acceptable forms of association

Qualitative Research Methods in Human Geography Iain Hay, 2005 This book offers a comprehensive accessible and practical guide on how to conduct qualitative research in human geography Enhanced and greatly expanded by nine new chapters the latest edition shows students how to plan conduct interpret and communicate qualitative research

Analysing Discourse Norman Fairclough, 2003 The book is an essential resource seeking to analyze real texts and discourse

BOOK JACKET Social Constructionism in Housing Research Keith Jacobs, Jim Kemeny, Tony Manzi, 2004 By stressing the importance of subjectivity and interpretation social constructionism offers a different conception of reality from the traditional approach to housing policy analysis This book provides an up to date review of the social constructionist perspective and considers its philosophical basis It discusses how social problems are constructed and in turn how this informs policy making It is divided into two parts The first section is theoretical and discusses the variety of conceptual approaches utilised within the constructionist paradigm The second part provides a number of empirically based case studies from the UK and Australia to illustrate the different methodologies that form the social constructionist corpus The book also evaluates both the criticisms that have been made against the social constructionist perspective and the strengths and weaknesses of constructionist methods It therefore contributes to the development of a future research agenda for social constructionist research in housing and urban policy

Collegial Discourse--Professional Conversation Among Peers Allen D. Grimshaw, 1989

Handbook of Discourse Analysis: Discourse and dialogue Teun A. van Dijk, 1985

When Marxists Do Research Pauline

Vaillancourt Rosenau,1986-07-16 Professor Vaillancourt has written an unique introductory volume designed to assist non Marxist scholars and students to understand and evaluate Marxist inquiry In clear straightforward language the author identifies and examines the research of four of the most important contemporary Marxist currents structuralists philosophics materialists and deductivists Marxist research relevant assumptions about epistemology methodology and science are scrutinized along with how each of the various Marxist groups goes about conducting research in terms of contemporary social science norms Examples are offered of how the respective groups epistemology and methodological assumptions influence their choice of a research strategy and its associated research techniques The value and utility of the results of Marxist inquiry for defending knowledge claims and producing reasoned policy are also explained **Doing Discourse**

Analysis Linda A. Wood,Rolf O. Kroger,2000-05-11 This book is about doing discourse analysis Its focus is on method but the method is embedded in a wider theoretical perspective on social life in the view of language as action in the recognition that the social world revolves around talk and writing What is it that we accomplish by talking Can we reconceptualize such traditional concepts as attribution and personality in discursive terms or shed light on applied topics such as sexual abuse and legal adjudication Doing Discourse Analysis Methods for Studying Action in Talk and Text draws on conversation analysis critical discourse analysis pragmatics and particularly the discursive approach developed in social psychology The book presents examples of actual discourse analyses covers procedures of data collection and strategies for data analysis and addresses issues of reliability and validity or the scientific warrants for discourse analytic work This book provides both the practical steps for doing discourse analysis and the theoretical justifications for these steps It is an essential book for students and researchers undertaking discourse analysis *Creativity in Performance* Robert Keith Sawyer,1997 This book

is for readers interested in the latest research on creativity in performance The chapters cover an impressive interdisciplinary scope and include studies of jazz African dancing improvisational theater situation comedies children s puppet plays and Nepalese drumming Each chapter speaks to broader themes that will be of interest to students and researchers in psychology anthropology communication musicology and performance studies **Discourse Analysis as**

Social Critique Benno Herzog,2016-10-21 This book presents post Marxist theoretical approaches towards social critique and offers discourse analytical tools for critical research How is a normative critique possible The author working at the crossroads of sociological discourse analysis and social philosophy answers this question and others to show how empirical discourse research can be used to develop normative critique of societies Divided into three major sections Herzog introduces the reader to the theoretical approaches to critique provides tools for normative evaluations of social structures and finally offers practical examples of theoretical concepts The book will be of interest to those working in the fields and subfields of discourse analysis poststructuralism hegemony theory cultural political economy and critical theory with an interdisciplinary orientation Doing Discourse Research Reiner Keller,2012-12-18 This book provides an introduction to

the basic principles of discourse research offering practical research strategies for doing discourse analyses in the social sciences The book includes guidance on developing a research question selecting data and analyzing it and presenting the results The author has extensive practical experience in the field of discourse research and shows throughout how the methods suggested are compatible with numerous research questions and problems in sociology cultural political and social studies and related disciplines **Topic Chains in Chinese** Wendan Li,2005 *Qualitative Data Analysis* Carol Grbich,2007 provides a thorough but very accessible reference guide to epistemological changes and their impact on the field of qualitative research together with a practical guide to the wide range of approaches social science researchers and postgraduate students are currently using to design and analyze this form of data for social researchers attempting qualitative approaches It provides a first class reliable guide to the basic issues in data analysis with detailed examples a glossary and further reading lists and summaries of key points provided throughout the text Biotechnology, Security and the Search for Limits Brian Rappert,2007-08-15 Since 9 11 and the U S anthrax attacks public and policy concerns about the security threats posed by biological weapons has increased significantly As a result there are now active international deliberations about what restrictions should be placed on the openness of scientific research Biotechnology Security and the Search for Limits examines these security implications for life science research as well as the methodological issues associated with conducting social research In doing so the book considers the place of biological and social research in creating and responding to societal problems through drawing on diverse academic traditions such as discourse analysis social problems studies philosophy action research science and technology studies politics and public policy

Undertaking Discourse Analysis For Social Research Introduction

In the digital age, access to information has become easier than ever before. The ability to download Undertaking Discourse Analysis For Social Research has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Undertaking Discourse Analysis For Social Research has opened up a world of possibilities. Downloading Undertaking Discourse Analysis For Social Research provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Undertaking Discourse Analysis For Social Research has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Undertaking Discourse Analysis For Social Research. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Undertaking Discourse Analysis For Social Research. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When

downloading Undertaking Discourse Analysis For Social Research, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Undertaking Discourse Analysis For Social Research has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Undertaking Discourse Analysis For Social Research Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Undertaking Discourse Analysis For Social Research is one of the best book in our library for free trial. We provide copy of Undertaking Discourse Analysis For Social Research in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Undertaking Discourse Analysis For Social Research. Where to download Undertaking Discourse Analysis For Social Research online for free? Are you looking for Undertaking Discourse Analysis For Social Research PDF? This is definitely going to save you time and cash in something you should think about.
