## **Undocumented Truths Undocumented Truths:**

*Trumping Truth* Salvador Jiménez Murguía, 2019-06-27 When Kellyanne Conway counselor to President Trump coined the phrase alternative facts in January 2017 objectivity in public discourse the long held belief in a more or less agreed upon set of verifiable truths went into a tailspin The use of alternative facts and narratives quickly became the go to rhetorical strategy especially among Trump's administration and base Rebuttals based on fact checking and hard data were demoted to mere choices in a media bazaar where consumers are free to source their own versions of reality This volume explores the social and political disruption accompanying the loss of faith in objectivity along with reflections on the disregard for truth and honesty both within the Trump Administration and in contemporary popular culture [The Truth About Immigration](#) Zeke Hernandez, 2024-06-04 The go to book on immigration fact based comprehensive and nonpartisan Immigration is one of the most controversial topics in the United States and everywhere else Pundits politicians and the public usually depict immigrants either as villains who pose a threat to our economy culture and safety or as victims needy outsiders whom we must help at our own cost if necessary But the data clearly debunk both narratives From jobs investment and innovation to cultural vitality and national security more immigration has an overwhelmingly positive impact on everything that makes a society successful In *The Truth About Immigration* Wharton professor Zeke Hernandez draws from nearly twenty years of research to answer all the big questions about immigration He combines moving personal stories with rigorous research to offer an accessible apolitical and evidence based look at how newcomers affect our local communities and our nation You'll learn about the overlooked impact of immigrants on investment and job creation realize how much we take for granted the novel technologies products and businesses newcomers create get the facts straight about perennial concerns like jobs crime and undocumented immigrants and gain new perspectives on misunderstood issues such as the border taxes and assimilation Hernandez turns fear into hope by proving that immigrants are essential for economically prosperous and socially vibrant nations **The Truth About Modern Slavery** Emily Kenway, 2021-01-20 A powerful treatise Amelia Gentleman Guardian In 2019 over 10 000 possible victims of slavery were found in the UK From men working in Sports Direct warehouses for barely any pay to teenaged Vietnamese girls trafficked into small town nail bars we're told that modern slavery is all around us operating in plain sight But is this really slavery and is it even a new phenomenon Why has the British Conservative Party called it one of the great human rights issues of our time when they usually ignore the exploitation of those at the bottom of the economic pile *The Truth About Modern Slavery* reveals how modern slavery has been created as a political tool by those in power It shows how anti slavery action acts as a moral cloak hiding the harms of the hostile environment towards migrants legitimising big brands exploitation of the poorest workers and oppressing sex workers Blaming the media's complicity rich philanthropists opportunism and our collective failure to realise the lies we're being told *The Truth About Modern Slavery* provides a vital challenge to conventional narratives on modern slavery **Ministry of Truth** Steve Benen, 2024-08-13

Instant New York Times Bestseller A searing vital investigation of the Republican Party's dangerous campaign to rewrite recent history in real time from the Emmy Award winning Rachel Maddow Show producer and bestselling author of *The Impostors* There is nobody who is writing in an episodic way who has more influence on the way I think about politics than Steve Benen Rachel Maddow For as long as historical records have existed authoritarian regimes have tried to rewrite history to suit their purposes using their dictatorial powers to create myths spread propaganda justify decisions erase opponents and even dispose of crimes As the Republican Party becomes increasingly radicalized the GOP is putting their own twist on a similarly despotic script Indeed the party is taking dangerous aggressive steps to rewrite history and not just from generations past Unable to put a positive spin on Trump era scandals and fiascos GOP voices and their allies have grown determined to rewrite the stories of the last few years from the 2020 election results and the horror of January 6th to their own legislative record treating the recent past as an enemy to be overpowered crushed and conquered The consequences for our future in turn are dramatic Extraordinarily timely and undeniably important Steve Benen's new book tells the staggering chronicle of the Republican party's unsettling attempts at historical revisionism It reveals not only how dependent they have grown on the tactic but also how dangerous the consequences are if we allow the party to continue The stakes Benen argues couldn't be higher the future of democracy hinges on both our accurate understanding of events and the end of alternative narratives that challenge reality **Southern Illinois University Law Journal** Southern Illinois University at Carbondale. Smith, 1915 **The Truth Will Out** Brenda James, William D. Rubinstein, 2023-12-15 Motivated by scholarship and driven by curiosity Shakespeare historian Brenda James applied a sixteenth century code breaking technique to the dedication of Shakespeare's Sonnets What she uncovered led her to the truth behind literature's greatest mystery For more than 150 years academics have questioned how William Shakespeare of Stratford a man who left school at age thirteen and apparently never traveled abroad could have written such a broad and deep body of work one that is said to draw on the largest vocabulary of any writer in the English language Now in *The Truth Will Out* James and history professor William D Rubinstein explore the facts behind James's important findings detailing how her work on the dedication led to the name Sir Henry Neville a prominent Elizabethan diplomat whose life unlocked the secrets of the Shakespeare Authorship Question once and for all Examining the true nature of Shakespeare of Stratford's involvement with the plays the authors reveal the London actor to be a mere pawn while Neville the Oxford educated ambassador to France and a member of Parliament for twenty eight years was actually the Bard Disguising his authorship to avoid bringing scandal and shame to his family name Neville spent a great

deal of time abroad in Europe entering a realm of aristocratic intrigue and mystery that provided the foundation for some of his greatest plays With insightful explanations of never before studied documents James and Rubinstein demonstrate that not only did the refined and worldly Neville know the landscape of Shakespeare s plays firsthand but that these works represent a total convergence of the events in Neville s life But the evidence proving Neville s authorship is not merely circumstantial Comparing mysterious signatures and Neville s richly woven family lineage the authors paint a portrait of a man whose claim moves beyond the speculative An experienced politician who was well versed in the intrigues of the Court Neville was locked away in the Tower of London for his part in the unsuccessful Essex Rebellion against Queen Elizabeth Using a collection of Neville s writings from his imprisonment James and Rubinstein provide an exhaustive cross section of the intrigue surrounding Neville s life exposing the events that led to his hidden writings and the cloaking of their true origin Captivating and elucidating *The Truth Will Out* is a revelatory exploration of two men and their times that will forever change the landscape of Shakespearean scholarship
