Case 1:

The patient lies in bed hardly moving. He does not look at anyone passing by his bed. His facial expression is empty and unchanging. He is thin and pale and looks physically ill. He refused to eat and has to be fed by a stomach tube. He cannot control urination or defecation. Occasionally he mutters a few words like "Sin...Sinners...Hell" apparently preoccupied completely with his thoughts of sin and punishment. We are quite sure he does not know where he is - he may believe he is in hell.

Symptom(s):

Diagnosis:

Case 2:

A young man believed that he was destined to become Emperor of the United States. "I could do a lot for the world," he said. "The U.S. has presidents, will it ever have an emperor? I'll bet you think I'm nuts to ask about that. I must have the morning paper to keep track of world affairs. If the people of the United States want me to rule them, I'm willing to do so; but no one has been to see me and tell me. I'll be glad to lead them." Later he spoke of hearing public announcements that he was to be crowned emperor. "It's been heard all over the country... The world is in chaos. Thousands will be killed. I'm not a god or a devil, but I'm a supernatural being." All nations will be under his rule but Egypt. Along with these delusional convictions, the patient believed that attempts to kill him were repeatedly being made so that he lived, like Damocles, in constant danger.

Case 3:
