Wolfgang Amadeus Mozart A Biography:

Wolfgang Amadeus Mozart Piero Melograni, 2007 Publisher description Mozart Wolfgang Amadeus Mozart, 2006-10-26 A selection of Mozart's letters translated into English complete with notes linking commentary and chronology **The Letters of Wolfgang Amadeus Mozart (1769-1791)** Wolfgang Amadeus Mozart, 1865 **What's So Great About Mozart?** Sam Rogers, 2014-03-17 His name is one of the most recognizable in the history of classical music He learned much from the musicians that came before him and he inspired generations of musicians after him His work with the piano and strings was revolutionary at the time and it continues to stun and amaze people today You could listen to hours of his music and still only scrape the tip of the iceberg His name was Wolfgang Amadeus Mozart and he was fated to go down as one of history's greatest musical innovators He grew up in a world in which music was changing and he joined the musical revolution Mozart was called a genius during his life and he is still called a genius by many today But why What did he do that was so great If anyone can learn to write music what made his music so special Why will Mozart be remembered for centuries to come Here we will explore Mozart's life and what it meant to the world You may know Mozart's name but perhaps you've wondered What's so great about him This book part of the What's So Great About series gives kids insight into life times and career of Mozart *Mozart* Franz Xaver Niemetschek, 2007 Franz Xaver Niemetschek was born in 1766 in what is now the Czech Republic and came from a musical family which gave him a deep appreciation and admiration for Mozart's genius In 1798 he published his biography on Mozart with a touching dedication to Haydn the only one written by an eyewitness and authorized by Mozart's widow Constanze It is one of the earliest specimens of musical biography which compared with other branches of biography was still in its infancy even in the later part of the 19th century In this sense it is an important document of music history However this loving and intimate portrait of Mozart based on documents letters and other original sources also conveys a vivid picture of the social and especially courtly life that formed the background of Mozart's sheer magical talents as composer and virtuoso Mozart Peter Gay, 1999 A biography of Wolfgang Amadeus Mozart discussing his early genius and tracing his development as a composer **Mozart** Jan Swafford, 2020-12-08 From the acclaimed composer and biographer Jan Swafford comes the definitive biography of one of the most lauded musical geniuses in history Wolfgang Amadeus Mozart At the earliest ages it was apparent that Wolfgang Mozart's singular imagination was at work in every direction He hated to be bored and hated to be idle and through his life he responded to these threats with a repertoire of antidotes mental and physical Whether in his rabidly obscene mode or not Mozart was always hilarious He went at every piece of his life and perhaps most notably his social life with tremendous gusto His circle of friends and patrons was wide encompassing anyone who appealed to his boundless appetites for music and all things pleasurable and fun Mozart was known to be an inexplicable force of nature who could rise from a luminous improvisation at the keyboard to a leap over the furniture He was forever drumming on things tapping his feet jabbering away but who could

grasp your hand and look at you with a profound searching and melancholy look in his blue eyes Even in company there was often an air about Mozart of being not quite there It was as if he lived onstage and off simultaneously a character in life s tragicomedy but also outside of it watching studying gathering material for the fabric of his art Like Jan Swafford s biographies Beethoven and Johannes Brahms Mozart is the complete exhumation of a genius in his life and ours a man who would enrich the world with his talent for centuries to come and who would immeasurably shape classical music As Swafford reveals it s nearly impossible to understand classical music s origins and indeed its evolutions as well as the Baroque period without studying the man himself
