Bryant, II, 2014-01-02 During the Civil War African American war correspondent Thomas Morris Chester was so inspired by the men of the 36th United States Colored Troops that he declared the group to be a model regiment Composed primarily of former slaves recruited from Union occupied areas of eastern North Carolina and southeastern Virginia the 36th USCT participated in large scale expeditions to liberate slaves guarded Confederate prisoners at major POW camps served in the trenches before Petersburg and Richmond and stood as one of the first units to enter the abandoned Confederate capital on April 3 1865 This volume which includes a complete regimental roster explores the background of these former slaves and their families examines their initial recruitment and chronicles their military contributions throughout the war More than a unit history the story of the 36th USCT offers a vivid portrait of the challenging transition from slavery to freedom **The Subject Index to Periodicals** ,1920 *Women's War* Stephanie McCurry, 2019-04-15 The Civil War is remembered as a war of brother against brother with women standing innocently on the sidelines But battlefield realities soon challenged this simplistic understanding of women s place in war Stephanie McCurry shows that women were indispensable to the unfolding of the Civil War as they have been and continue to be in all wars **A History of Women in America** Carol Hymowitz, Michaela Weissman, 2011-08-24 From colonial to modern day times this narrative history incorporating first person accounts traces the development of women s roles in America Against the backdrop of major historical events and movements the authors examine the issues that changed the roles and lives of women in our society Note This edition does not include photographs **White Fright** Jane Dailey, 2020-11-17 A major new history of the fight for racial equality in America arguing that fear of black sexuality has undergirded white supremacy from the start In *White Fright* historian Jane Dailey brilliantly reframes our understanding of the long struggle for African American rights Those fighting against equality

were not motivated only by a sense of innate superiority as is often supposed but also by an intense fear of black sexuality In this urgent investigation Dailey examines how white anxiety about interracial sex and marriage found expression in some of the most contentious episodes of American history since Reconstruction in battles over lynching in the policing of black troops behavior overseas during World War II in the violent outbursts following the Supreme Court s decision in Brown v Board of Education and in the tragic story of Emmett Till The question was finally settled as a legal matter with the Court s definitive 1967 decision in Loving v Virginia which declared interracial marriage a fundamental freedom Placing sex at the center of our civil rights history White Fright offers a bold new take on one of the most confounding threads running through American history

Closer to Freedom Stephanie M. H. Camp,2004 Focusing on female slaves everyday forms of resistance such as truancy theft and illegal parties Camp argues that the Civil War years saw revolutionary change that had been in the making for decades as slaves broke rules spoke their minds and ran away

Breadwinners Lara Vapnek,2024-03-18 Lara Vapnek tells the story of American labor feminism from the end of the Civil War through the winning of woman suffrage During this period working women in the nation s industrializing cities launched a series of campaigns to gain economic equality and political power This book shows how working women pursued equality by claiming new identities as citizens and as breadwinners Analyzing disjunctions between middle class and working class women s ideas of independence Vapnek highlights the agendas for change advanced by leaders such as Jennie Collins Leonora O Reilly and Helen Campbell and organizations such as the National Consumers League the Women s Educational and Industrial Union and the Women s Trade Union League Locating households as important sites of class conflict Breadwinners recovers the class and gender politics behind the marginalization of domestic workers from labor reform while documenting the ways in which working class women raised their voices on their own behalf

Antislavery Discourse and Nineteenth-Century American Literature J. Husband,2010-02-01 Antislavery Discourse and Nineteenth Century American Literature examines the relationship between antislavery texts and emerging representations of free labor in mid nineteenth century America Husband shows how the images of families split apart by slavery circulated primarily by women leaders proved to be the most powerful weapon in the antislavery cultural campaign and ultimately turned the nation against slavery She also reveals the ways in which the sentimental narratives and icons that constituted the family protection campaign powerfully influenced Americans sense of the role of government gender and race in industrializing America Chapters examine the writings of ardent abolitionists such as Frederick Douglass non activist sympathizers and those actively hostile to but deeply immersed in antislavery activism including Nathaniel Hawthorne

When Sunflowers Bloomed Red R. Alton Lee,Steven Cox,2020-04-01 When Sunflowers Bloomed Red reveals the origins of agrarian radicalism in the late nineteenth century United States Great Plains radicals particularly in Kansas influenced the ideological principles of the Populist movement the U S labor movement American socialism American syndicalism and American communism into the mid twentieth century

Known as the American Radical Tradition members of the Greenback Labor Party and the Knights of Labor joined with Prohibitionists agrarian Democrats and progressive Republicans to form the Great Plains Populist Party later the People's Party in the 1890s The Populists called for the expansion of the money supply through the free coinage of silver federal ownership of the means of communication and transportation the elimination of private banks universal suffrage and the direct election of U S senators They also were the first political party to advocate for familiar features of modern life such as the eight hour workday for agrarian and industrial laborers a graduated income tax system and a federal reserve system to manage the nation's money supply When the People's Party lost the hotly contested election of 1896 members of the party dissolved into socialist and other left wing parties and often joined efforts with the national Progressive movement When Sunflowers Bloomed Red offers readers entry into the Kansas radical tradition and shows how the Great Plains agrarian movement influenced and transformed politics and culture in the twentieth century and beyond

The Practice of U.S. Women's History S. J. Kleinberg, Eileen Boris, Vicki Ruíz, 2007 In the last several decades U S women's history has come of age Not only have historians challenged the national narrative on the basis of their rich explorations of the personal the social the economic and the political but they have also entered into dialogues with each other over the meaning of women's history itself In this collection of seventeen original essays on women's lives from the colonial period to the present contributors take the competing forces of race gender class

sexuality religion and region into account Among many other examples they examine how conceptions of gender shaped government officials attitudes towards East Asian immigrants how race and gender inequality pervaded the welfare state and how color and class shaped Mexican American women s mobilization for civil and labor rights **Southern Families at War** Catherine Clinton,2000-08-10 Whether it was planter patriarchs struggling to maintain authority or Jewish families coerced by Christian evangelicalism or wives and mothers left behind to care for slaves and children the Civil War took a terrible toll From the bustling sidewalks of Richmond to the parched plains of the Texas frontier from the rich Alabama black belt to the Tennessee woodlands no corner of the South went unscathed Through the prism of the southern family this volume of twelve original essays provides fresh insights into this watershed in American history War, Politics and Superheroes Marc DiPaolo,2014-01-10 Superhero adventure comics have a long history of commenting upon American public opinion and government policy and the surge in the popularity of comics since the events of September 11 2001 ensures their continued relevance This critical text examines the seventy year history of comic book superheroes on film and in comic books and their reflections of the politics of their time Superheroes addressed include Batman Wonder Woman Spider Man Superman the Fantastic Four and the X Men and topics covered include American wars conflicts and public policy Instructors considering this book for use in a course may request an examination copy here *Black Women's Christian Activism* Betty Livingston Adams,2020-05-19 2017 Wilbur Non Fiction Award Recipient Winner of the 2018 Author s Award in scholarly non fiction presented by the New Jersey Studies Academic Alliance Winner 2020 Kornitzer Book Prize given by Drew University Examines the oft overlooked role of non elite black women in the growth of northern suburbs and American Protestantism in the first half of the twentieth century When a domestic servant named Violet Johnson moved to the affluent white suburb of Summit New Jersey in 1897 she became one of just barely a hundred black residents in the town of six thousand In this avowedly liberal Protestant community the very definition of the suburbs depended on observance of unmarked and fluctuating race and class barriers But Johnson did not intend to accept the status quo Establishing a Baptist church a year later a seemingly moderate act that would have implications far beyond weekly worship Johnson challenged assumptions of gender and race advocating for a politics of civic righteousness that would grant African Americans an equal place in a Christian nation Johnson s story is powerful but she was just one among the many working class activists integral to the budding days of the civil rights movement Focusing on the strategies and organizational models church women employed in the fight for social justice Adams tracks the Intersectionsof politics and religion race and gender and place and space in a New York City suburb a local example that offers new insights on northern racial oppression and civil rights protest As this book makes clear religion made a key difference in the lives and activism of ordinary black women who lived worked and worshiped on the margin during this tumultuous time **The Risen Phoenix** Luis-Alejandro Dinnella-Borrego,2016-07-11 The Risen Phoenix charts the changing landscape of black politics and political culture in the postwar South by focusing on

the careers of six black congressmen who served between the Civil War and the turn of the nineteenth century John Mercer Langston of Virginia James Thomas Rapier of Alabama Robert Smalls of South Carolina John Roy Lynch of Mississippi Josiah Thomas Walls of Florida and George Henry White of North Carolina Drawing on a rich combination of traditional political history gender and black history and the history of U S foreign relations the book argues that African American congressmen effectively served their constituents interests while also navigating their way through a tumultuous post Civil War Southern political environment Black congressmen represented their constituents by advancing a policy agenda encompassing strong civil rights protections economic modernization and expanded access to education Local developments such as antiblack aggression and violent electoral contests shaped the policies supported by newly elected black congressmen including the tactical decision to support amnesty for ex Confederates Yet black congressmen ultimately embraced their role as national leaders and as spokesmen not only for their congressional districts and states but for all African Americans throughout the South As these black leaders searched for effective ways to respond to white supremacy disenfranchisement segregation and lynching they challenged the barriers of prejudice paving the way for future black struggles for equality in the twentieth century
