Women And Gender In Early Modern Europe New Approaches To European History:

Women and Gender in Early Modern Europe Merry E. Wiesner-Hanks, 2019-01-24 This fourth edition of Merry E. Wiesner Hanks's prize winning survey features significant changes to every chapter designed to reflect the newest scholarship. Global issues have been threaded throughout the book while still preserving the clear thematic structure of previous editions. Thus readers will find expanded discussions of gendered racial hierarchies, migration, missionaries and consumer goods. In addition, there is enhanced coverage of recent theoretical directions, the ideas, beliefs and practices of ordinary people, early industrialization, women's learning, letter writing and artistic activities, emotions and sentiments, single women and same sex relations, masculinities, mixed race and enslaved women and the life course from birth to death. With geographically broad coverage including Russia, Scandinavia, the Ottoman Empire and the Iberian Peninsula, this remains the leading text on women and gender in Europe in this period. Accompanying this essential reading is a completely revised website featuring extensive updated bibliographies, web links and primary source material.

Women and Gender in Early Modern Europe Merry E. Wiesner, 2000-07-03 This is a major new textbook designed for students in all disciplines seeking an introduction to the very latest research on all aspects of women's lives in Europe from 1500 to 1750 and on the development of the notions of masculinity and femininity. The coverage is geographically broad, ranging from Spain to Scandinavia and from Russia to Ireland, and the topics investigated include the female life cycle, literacy, women's economic role, sexuality, artistic creations, female piety and witchcraft, and the relationship between gender and power. To aid students, each chapter contains extensive notes on further reading but few footnotes, and the approach throughout is designed to render the subject in as accessible and stimulating a manner as possible. *Women and Gender in Early Modern Europe* is suitable for usage on numerous courses in women's history, early modern European history and comparative history.

Women and Gender in Early Modern Europe Merry E. The Cult of St. Anne in Medieval and Early Modern Europe Jennifer Welsh, 2016-12-08 Dr Jennifer Welsh received her M.A. in Medieval Studies from Cornell University in 2000 and her M.A. and Ph.D. in History from Duke University in 2004 and 2009. Her dissertation dealt with the cult of St. Anne in late medieval and early modern Europe. After four years as a Visiting Assistant Professor at the

College of Charleston in Charleston SC she started working as an Assistant Professor in the Department of History at Lindenwood University Belleville in Belleville IL in August of 2014 This is her first book *Pink Tax and the Law* Alara Efsun Yazıcıoğlu,2018-09-10 The emergence of the terms pink tax and tampon tax in everyday language suggests that women who already suffer from an economic disadvantage due to the gender wage gap are put in an even more detrimental position by means of discriminatory consumption taxes This book is the first conducting a legal analysis to establish to what extent this public perception is accurate Does the practice of pink tax effectively amount to a tax in the legal sense Does the so called tampon tax genuinely constitute an anomaly within the general consumption tax system Most importantly can these two taxes be legally qualified as discriminatory This book provides scientific answers to these questions It first cuts through the existent information clutter by elucidating the pertinent economic sociological and psychological components of the practices referred to as pink tax and tampon tax It then proceeds with a thorough legal analysis of all relevant aspects to determine whether women are indeed subject to discriminatory consumption taxes It is well established that women earn less than men This book investigates if they simultaneously pay more due to discriminatory consumption taxes Mediating Culture in the Seventeenth-Century German Novel Gerhild Scholz Williams,2013 A fascinating and exciting reevaluation of the 17th century novels of Eberhard Happel **Architects of World History** Kenneth R. Curtis,Jerry H. Bentley,2014-02-05 Architects of World History presents an innovative collection of original essays by leading scholars associated with World History exploring through intellectual autobiography the ideas challenges and inspirations that are shaping the field Features original accessible contributions from pioneering scholars in the field Offers insights into the process of developing a workable world history research topic and the experience of professional life as a world historian Points to methodological challenges the scholar s current research agenda in relation to the development of world history and future directions anticipated for key areas within world history **Gender, Sex and the Shaping of Modern Europe** Annette F. Timm,Joshua A. Sanborn,2016-03-10 Through a blend of history and historiography Gender Sex and the Shaping of Modern Europe provides a clear and concise introduction to gender history in the region The detailed examples and engaging language make this a useful overview for students not only of gender history but also of European history more widely as considerations of gender illuminate our understanding of historical change and individual experience In six thematic chapters that cover democracy and capitalism imperialism and war the authors explain how gender roles were socially constructed and how they influenced political and economic developments during the period This new edition has been thoroughly re edited and expanded to take account of ongoing methodological innovation and recent scholarship in the field The book also includes a brand new chapter on sexuality in the 21st century and extended material on Scandinavia The Mediterranean Alternative Sexualities Women s history and femininity Gender Sex and the Shaping of Modern Europe is a key text for all students of gender history and the history of modern Europe in general *The Enlightenment* Dorinda

Outram,1995-09-28 This major new textbook introduces both the concepts and the contexts of the Enlightenment to students of eighteenth century history

Female Patients in Early Modern Britain Wendy D. Churchill,2016-04-15 This investigation contributes to the existing scholarship on women and medicine in early modern Britain by examining the diagnosis and treatment of female patients by male professional medical practitioners from 1590 to 1740 In order to obtain a clearer understanding of female illness and medicine during this period this study examines ailments that were specific and unique to female patients as well as illnesses and conditions that afflicted both female and male patients Through a qualitative and quantitative analysis of practitioners records and patients writings such as casebooks diaries and letters an emphasis is placed on medical practice Despite the prevalence of females amongst many physicians casebooks and the existence of sex based differences in the consultations diagnoses and treatments of patients there is no evidence to indicate that either the health or the medical care of females was distinctly disadvantaged by the actions of male practitioners Instead the diagnoses and treatments of women were premised on a much deeper and more nuanced understanding of the female body than has previously been implied within the historiography In turn their awareness and appreciation of the unique features of female anatomy and physiology meant that male practitioners were sympathetic and accommodating to the needs of individual female patients during this pivotal period in British medicine

De La Torre, Stacey M. Floyd-Thomas, 2011-01-01 How should Origen Anselm Luther Wesley Kierkegaard Barth and Whitehead be read today in light of postcolonial theory and twenty first century understandings This book offers a reader friendly introduction to liberation theology by having scholars from the margins explore how questions of race and gender should be brought to bear on thirty classic theologians Each short chapter gives historical background for the thinker describes that thinker s most important contributions then raises issues of concern for women and persons of color Contributors include Rita Nakashima Brock Cheryl A Kirk Duggan Harold J Recinos M Shawn Copeland Kwok Pui Lan Joerg Rieger and many others **Reforming Mary** Beth Kreitzer, 2004 Catholics and Protestants have since the start of the Reformation held markedly different views about the Virgin Mary Beth Kreitzer here examines the development of Lutheran views on the subject as expressed in published 16th century sermons including some written by Luther himself Saints and Sanctity in Judaism, Christianity, and Islam Alexandre Coello de la Rosa, Linda G. Jones, 2020-01-22 A common objective of saint veneration in all three Abrahamic religions is the recovery and perpetuation of the collective memory of the saint Christianity Judaism and Islam all yield intriguing similarities and differences in their respective conceptions of sanctity This edited collection explores the various literary and cultural productions associated with the cult of saints and pious figures as well as the socio historical contexts in which sainthood operates in order to better understand the role of saints in monotheistic religions Using comparative religious and anthropological approaches an international panel of contributors guides the reader through three main concerns They describe and illuminate the ways in which sanctity is often configured In addition the diverse cultural manifestations of the cult of the saints are examined and analysed Finally the various religious social and political functions that saints came to play in numerous societies are compared and contrasted This ambitious study covers sanctity from the Middle Ages until the contemporary period and has a

geographical scope that includes Europe Central Asia North Africa the Americas and the Asian Pacific As such it will be of use to scholars of the history of religions religious pluralism and interreligious dialogue as well as students of sainthood and hagiography The Art of Longsword Fighting Benjamin J. Smith,2021-09-30 The teaching of Historical European Martial Arts has widespread appeal with numerous clubs in many countries However comparatively few people who run their own club have qualifications that would make them an instructor in traditional martial arts organizations Even those with such qualifications lack in depth cohesive resources for teaching a given style often because they can only work from incomplete sources Thus the need for a book which is grounded in exhaustive research into historical teaching methods and in particular focusing on the specific style of Sigmund Ringeck who was himself a teacher of fighting arts in the late 14th century or the early or mid 15th century In The Art of Longsword Fighting Benjamin J Smith therefore offers the broader information necessary for teachers of historical swordsmanship to deliver courses based on original authentic techniques This includes the various cutting methods the role of competition in learning these arts the mechanics of the interpretive process and insights into how to use a wide range of activities to enhance students experience All of this is achieved through a panoply of photographs showing each move along with explanatory diagrams as well as detailing how and when to introduce each next step in a manner that is faithful to Ringeck s style There is no current literature available which demonstrates how each move should be undertaken and most importantly why each step should be taken in the sequences described There is no doubt that a book of this nature has been long awaited and will be welcomed by instructors and students alike as well as those general readers interested in fencing and the longsword of the Renaissance period **Monstrous Progeny** Lester D. Friedman,Allison B. Kavey,2016-08-01 Mary Shelley s 1818 novel *Frankenstein* is its own type of monster mythos that will not die a corpus whose parts keep getting harvested to animate new artistic creations What makes this tale so adaptable and so resilient that nearly 200 years later it remains vitally relevant in a culture radically different from the one that spawned its birth *Monstrous Progeny* takes readers on a fascinating exploration of the *Frankenstein* family tree tracing the literary and intellectual roots of Shelley s novel from the sixteenth century and analyzing the evolution of the book s figures and themes into modern productions that range from children s cartoons to pornography Along the way media scholar Lester D Friedman and historian Allison B Kavey examine the adaptation and evolution of Victor *Frankenstein* and his monster across different genres and in different eras In doing so they demonstrate how Shelley s tale and its characters continue to provide crucial reference points for current debates about bioethics artificial intelligence cyborg lifeforms and the limits of scientific progress Blending an extensive historical overview with a detailed analysis of key texts the authors reveal how the *Frankenstein* legacy arose from a series of fluid intellectual contexts and continues to pulsate through an extraordinary body of media products Both thought provoking and entertaining *Monstrous Progeny* offers a lively look at an undying and significant cultural phenomenon **The Magdalene in the Reformation** Margaret Arnold,2018-10-08 Prostitute apostle

evangelist the conversion of Mary Magdalene from sinner to saint is one of the Christianity's most compelling stories. Less appreciated is the critical role the Magdalene played in remaking modern Christianity. Margaret Arnold shows that the Magdalene inspired devotees eager to find new ways to relate to God and the Church.

Violence, Culture and Identity

Helen Chambers, 2006. This volume contains selected papers given at the conference Violence Culture and Identity held at St Andrews University in 2003. It contributes to the debate on the role of culture in propagating, mediating and controlling violence in society, concentrating on the relationship between culture and identity formation in Germany and Austria from the Middle Ages to the present. Bringing together the work of twenty-two scholars with expertise in different literary and historical periods, the volume probes the complexities of representations of violence enacted and suffered of affirmative and non-affirmative violence in text and visual form, revealing the often blurred line between victim and victimizer. Violence in its discursive and material forms is investigated using the theoretical tools of sociology, post-colonial and gender studies, history and psychology as well as of literary criticism. The collection of essays focuses particularly on the relationship between war and identity, on 1970s terrorism and identity, on violence and the construction of gender and on contemporary writing in German.
