whom that family was derived hath both the office of the high priesthood and the dignity of a king for a long time together I will accordingly set down my progenitors in order My grandfather s father was named Simon with the addition of Psellus he lived at the same time with that son of Simon the high priest who first of all the high priests was named Hyrcanus This Simon Psellus had nine sons one of whom was Matthias called Ephlias he married the daughter of Jonathan the high priest which Jonathan was the first of the sons of Asamoneus who was high priest and was the brother of Simon the high priest also This Matthias had a son called Matthias Curtus and that in the first year of the government of Hyrcanus his son s name was Joseph born in the ninth year of the reign of Alexandra his son Mathias was born in the tenth year of the reign of Archelaus as was I born to Matthias on the first year of the reign of Caius Caesar I have three sons Hyrcanus the eldest was born on the fourth year of the reign of Vesnesian as was just Justus born on the seventh and Agrippa on the ninth Thus have I set down the genealogy of my family as I have found it described in the public records and so bid adieu to those who calumniate me as of a lower original 2 Now my father Matthias was not only eminent on account of his nobility but had a higher commendation on account of his righteousness and was in great reputation in Jerusalem the greatest city we have I was myself brought up with my brother whose name was Matthias for he was my own brother by both father and mother and I made mighty proficiency in the improvements of my learning and appeared to have both a great memory an understanding Moreover when I was a child and about fourteen years of age I was commended by all for the love I had to learning on which account the high priests and principal men of the city came then frequently to me together in order to know my opinion about the accurate understanding of points of the law And when I was about sixteen years old I had a mind to make trial of the several sects that were among us These sects are three the first is that of the Pharisees the second that of the Sadducees and the third that of the Essens as we have frequently told you for I thought that by this means I might choose the best if I were once acquainted with them all so I contended myself with hard fare and underwent great difficulties and went through them all Nor did I content myself with these trials only but when I was informed that one whose name was Banus lived in the desert who used no other clothing than grew upon trees and had no other food than what grew of its own accord and bathed himself in cold water frequently both by night and by day in order to preserve his chastity I imitated him in those things and continued with him for three years So when I had accomplished my desires I returned back to the city being now nineteen years old and began to conduct myself according to the rules of the sects of the Pharisees which is of kin to the sects of the Stoics as the Greeks call them 3 But when I was in the twenty sixth year of my age it happened that I took a voyage to Rome and this on t

The Jewish War of Flavius Josephus Flavius Josephus, 2016-09-16 Excerpt from The Jewish War of Flavius Josephus And His Autobiography The historic authority and trustworthiness of Josephus and his personal reputation have furnished a subject at different times for vehement and acrimonious controversies In fact no ancient writer can be named who has been at once so hotly assailed and so fondly defended and it has become manifest that motives taking their rise from a reference to the ulterior consequences real or imaginary of the argument while they have sharpened the animosity of these attacks have too much influenced the mode of defence About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Genuine Works of Flavius Josephus, the Learned and Authentic Jewish Historian, and Celebrated Warrior, Vol. 7 Flavius Josephus, 2017-07-21 Excerpt from The Genuine Works of Flavius Josephus the Learned and Authentic Jewish Historian and Celebrated Warrior Vol 7 To Which Are Prefixed Three Dissertations 1 The city of Jerusalem was fortified with three walls on such parts as were not encompassed with unpasable valleys for in such places it had but one wall The city was built upon two hills which are opposite to one another and have a valley to divide them asunder at which valley the corresponding rows of houses on both hills end Of these hills that which contains the upper city is much higher and in length more direct Accordingly it was called the Citadel by king David he was the father of that Solomon who built this temple at the first but it is by us called the Upper Market place But the other hill which was called Acra and

sustains the lower city is of the shape of a moon when she is horned over against this there was a third hill but naturally lower than Acra and parted formerly from the other by a broad valley However in those times when the Asamoneans reigned they filled up that valley with earth and had a mind to join the city to the temple They then took of part of the height of Acra and reduced it to be of less elevation than it was before that the temple might be superior to it Now the valley of the cheesemongers as it was called and was that which we told you before distinguished the hill of the upper city from that of the lower extended as far as Siloam for that is the name of a fountain which hath sweet water in it and this in great plenty also But on the outsides these hills are surrounded by deep valleys and by reason of the precipices to them belonging on both sides they are every where unpassable About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Our Young Folks' Josephus Flavius Josephus, 2016-10-06 Excerpt from Our Young Folks Josephus The Antiquities of the Jews and the Jewish Wars of Flavius Josephus The following pages are merely what they claim to be a simplification of the story of the Jews as related by Josephus In matters pertaining to the Old Testament I have not deemed it my duty to supplement his narrative from the Bible even where he is most obviously deficient although I have indicated the fact of such deficiency in notes With regard to the New Testament it must be borne in mind that Josephus makes no mention of Christ or of the Christian religion except in one short paragraph in the Jewish Antiquities which is held by some authorities to be an interpolation Josephus wrote his histories for the Romans and we need not therefore wonder at his passing over in silence the unpalatable doctrine of the Messiah or at his modifying and toning down the historical statements of the Mosaic records to recommend them to the prejudices of his readers About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Josephus (Classic Reprint) Norman De Mattos Bentwich, 2017-12 Excerpt from Josephus Josephus hardly merits a place on his own account in a series Of Jewish Worthies since neither as man of action nor as man Of letters did he deserve particularly well of his nation It is not his personal worthiness but the worth of his work that recommends him to the attention of the Jewish people He was not a loyal general

and he was not a faithful chronicler of the struggle with Home but he had the merit of writing a number of books on the Jews and Judaism which not only met the desire for knowledge Of his nation in his own day but which have been preserved through the ages and still remain one of the chief authorities for Jewish History He lived at the great crisis of his people when it stood at the parting of the ways And while in his life he was patronized by those who had destroyed the national center after his death he found favor with that larger religious community which was beginning to carry part of the Jewish mission to the Gentiles For centuries Josephus was regarded by the Christians as the standard historian Of the Jews and though for long he was forgotten and neglected by his own people in modern times he has been carefully studied also by them and his merits and demerits both as patriot and as writer have been critically examined About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
