You The Owner Manual Website:

Website Owner's Manual Paul A. Boag, 2009-10-31 Many of the people responsible for a website don't have a clue what's required to build one and keep it up and running. The job of planning, launching and managing a site often falls to people who have little or no experience in web design or development. Website Owner's Manual is for the thousands of marketers, IT managers, project leaders and business owners who need to put a website in place and keep it running with a minimum of trouble. Using clever illustrations, easy to follow lists and diagrams and other friendly touches, Website Owner's Manual helps readers form a vision for a site, guide them through the process of selecting a web design agency and gives just enough background to help them make intelligent decisions throughout the development process. This book provides a jargon-free overview of web design including accessibility, usability, online marketing and web development techniques. Using Website Owner's Manual, readers master the vocabulary and concepts they need to discuss how a website dovetails with the needs of a business. This book will help them work confidently with the designers and developers building and maintaining a site so they can concentrate on what your website needs to do. Purchase of the print book comes with an offer of a free PDF, ePub and Kindle eBook from Manning. Also available is all code from the book.

YOU: The Owner's Manual for Teens Michael F. Roizen, Mehmet Oz, 2011-06-07 A few years ago we wrote YOU: The Owner's Manual which taught people about the inner workings of their bodies and how to keep them running strong. But you know what? There's a big difference between an adult's body and your body. Between adults' health mysteries and your health mysteries. Between their questions and your questions. So teens, this book is for YOU. We'll talk to you about the biological changes that are happening in your brain and your body. We'll show you how to get more energy, improve your grades, protect your skin, salvage more sleep, get fit, eat well, maximize your relationships, make decisions about sex and so much more. In fact, in these pages we answer hundreds of your most pressing health-related questions. And you know what else? We are going to treat you like adults in one very important way. We're not going to preach. We're going to give you straight-up information that you can use to make smart choices about how to live the good life and enjoy every second of it. Starting right now.
