book with a brief section on God and provides the reader with a glimpse of the perspective from which this book is written. The Supreme Wisdom Power and Intelligence is in everything that exists from the atom to the planet, states the author. Mulford believes that all living beings are connected and that humans must awake to this connection. The first several chapters of the book discuss sleeping and dreaming and the connection between dreams and our wellbeing. Later chapters focus on self-improvement through a variety of streams from focus on physical being to the art of studying to the recognition of the spiritual gifts given to all humans. The book concludes with a discussion of re-embodiment or the act of spirits migrating to a new body. As a self-help book, *Your Forces and How to Use Them* is short on any practical advice. There are very few applicable pieces of information provided. Rather, the book is focused mainly on Mulford's belief system, which is both scientifically unfounded and spiritually thin. It is difficult to imagine this text providing the reader with any advice that could be considered constructive, either spiritually or practically. Mulford's overly simplistic spiritual viewpoint and lack of practical advice make *Your Forces and How to Use Them* a tedious read. While this book may be of some interest to those curious about what a spiritual self-help book looked like in the early twentieth century, most readers will not find anything of value in this text. Proceed with caution. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Your Forces and How to Use Them (Complete Six Volume Edition) Prentice Mulford, 2017-07-04. *Your Forces and How to Use Them* is the most profound piece of work by one of the New Thought pioneers, Prentice Mulford. It contains six volumes, and each one can be considered a separate book itself. These volumes are composed of numerous essays, which, even though some are on various topics, still have one common goal: achieving prosperity and success using forces that are in us and which we are not aware of. The book was written in Mulford's final years and it was not published until after his death.

Prentice Mulford (1834-1891) was a noted literary humorist, comic lecturer, author of poems and essays, and a columnist. He was also instrumental in the founding of the popular philosophy New Thought, along with other notable writers including Ralph Waldo Emerson. Mulford's book *Thoughts are Things* served as a guide to this new belief system and is still popular today. He also coined the term Law of Attraction.
