

It is with great pleasure that we present you with the Zamil Steel Technical Manual for Pre-Engineered Steel Buildings, the most comprehensive such manual in the industry.

The contents of this manual encompass our entire pre-engineered steel buildings product line. Although this manual contains only our **standard** pre-engineered buildings products and details, most of these standards are flexible and can be adapted to broader and more complex limits to address the increasingly creative applications demanded by today's architects and designers.

Aims of this Manual

We have developed this Manual with the following aims:

- To use as a technical orientation guide and a training tool to acquaint engineers and architects with pre-engineered steel buildings in general.
- To make available, to architects, designers and owners, the standard details of Zamil Steel pre-engineered steel buildings for the purpose of encouraging them to incorporate these details in their projects and enhance them to meet their specific requirements.
- To familiarize consultants, contractors and endusers with the operating systems of Zamil Steel and make them aware of the factors that affect our level of performance and service in the following important areas:
 - Speed of response to requests for quotation
 - Preparation of approval drawings
 - Completion of erection drawings and shop details
 - Delivery of the final building(s)
- To facilitate your interaction with Zamil Steel as we believe that the more you know about our products and our organization the easier it will

be for you to interact and communicate with us. Most of our innovative techniques have been the result of valuable feedback from our regular clientele.

A Leader You Can Count On

Zamil Steel is recognized as the largest manufacturer of pre-engineered steel buildings in Asia and Africa. Since 1977 we have supplied over 20,000 buildings to 45 countries worldwide. Zamil Steel is continuously expanding and currently

maintains 34 Area Sales Offices located in Asia, Africa, Europe, North America and South America.

We know of no other building system manufacturer having the engineering depth or offering the level of service and technical support to endusers, contractors, architects and consultants. That has become the hallmark of Zamil Steel.

For the Building Planner

Design your next building project in steel from **ZAMIL STEEL.**
