Be Free Where You Are (EasyRead Super Large 24pt Edition) , Is Faith Freed, 2013 This book serves as a home base, a shortcut and a jumping off place for readers who find spiritual sustenance by going their own way The Enthusiast Jon M. Sweeney, 2016-04-08 Popular historian and award-winning author Jon M. Sweeney relates the untold story of St. Francis's friendship with Elias of Cortona, the man who helped him build the Franciscan movement. Sweeney uses the complexities of their relationship in a gripping narrative of how their efforts changed the world and how Elias's enthusiasm betrayed the ideals of his friend. Few biographies of St. Francis have examined his complicated relationship with close friend Elias of Cortona. In The Enthusiast, award-winning author and historian Jon M. Sweeney delves into this little-known partnership that defined and then almost destroyed Francis's ideals. Blending history and biography, Sweeney reveals how Francis and Elias rebuilt churches, aided lepers, and entertained as God's troubadours to the delight of everyday people who had grown tired of a remote and tumultuous Church. At the height of their spiritual renaissance, however, Elias became the devil to many of the other friars; they believed him to be a traitor to their ideals. After Francis's premature death, the movement fractured. Scorned by most of the Franciscan leadership, Elias followed a path that would leave him a lonely, broken man. Sweeney shows how Elias's undoing was rooted in his attempts to honor his old friend. The Enthusiast was the winner of a 2017 Catholic Press Association Book Award, History Third Place. **The ^AGreat Conversation** Belden C. Lane, 2019-05-01 In the face of climate change, species loss, and vast environmental destruction, Belden C. Lane's spiritually centered environmentalism suggests that we must look to teachers in nature to understand how to save ourselves. Pairing anecdotes of personal encounters with nature with the teachings of spiritual leaders from a range of religious traditions, this book invites us to participate once more in the great conversation among all creatures and the earth itself. **The Wiley Blackwell Handbook of Humanism** Andrew Copson, A. C. Grayling, 2015-04-27 The Wiley Blackwell Handbook of Humanism presents an edited collection of essays that explore the nature of Humanism as an approach to life and a philosophical analysis of the key humanist propositions from naturalism and science to morality and meaning. Represents the first book of its kind to look at Humanism not just in terms of its theoretical underpinnings but also its consequences and its diverse manifestations. Features contributions from international and emerging scholars, plus renowned figures such as Stephen Law, Charles Freeman, and Jeaneane Fowler. Presents Humanism as a positive alternative to theism. Brings together the world's leading Humanist academics in one reference work. The Quest for God and the Good Diana Lobel, 2011-08-02 Diana Lobel takes readers on a journey across Eastern and Western philosophical and religious traditions to discover a beauty and purpose at the heart of reality that makes life worth living. Guided by the ideas of ancient thinkers and the insight of the philosophical historian Pierre Hadot, The Quest for God and the Good treats philosophy not as an abstract theoretical discipline but as a living experience. For centuries, human beings have struggled to know why we are here, whether a higher

being or dimension exists and whether our existence is fundamentally good Above all we want to know whether the search for God and the good will bring happiness Following in the path of the ancient philosophers Lobel directly connects conceptions of God or an Absolute with notions of the good illuminating diverse classical texts and thinkers She explores the Bible and the work of Plato Aristotle Augustine Maimonides al Farabi and al Ghazali She reads the Tao Te Ching I Ching Bhagavad Gita and Upanishads as well as the texts of Theravada Mahayana and Zen Buddhism and traces the repercussions of these works in the modern thought of Alfred North Whitehead Iris Murdoch Alasdair MacIntyre and Charles Taylor While each of these texts and thinkers sets forth a distinct and unique vision all maintain that human beings find fulfillment in their contact with beauty and purpose Rather than arriving at one universal definition of God or the good Lobel demonstrates the aesthetic value of multiple visions presented by many thinkers across cultures The Quest for God and the Good sets forth a path of investigation and discovery culminating in intellectual and spiritual communion
