Joanne Waring, 2014-05-30 12 brand new unique pretty designs for you to color any way you like. You can use colored pencils, pens, fineliners, markers, sharpies, whatever you like. And as the designs are printed on one side only, you don't have to worry about your pen bleeding through to the other side of the page. Zendoodles are often likened to a form of meditation, and coloring them is a fabulous way to relax and take time out from the stress of our busy lives. Perfect for adults or children who are bored with regular coloring books, there is no age limit on coloring. This book contains 12 designs, some are varied zendoodles filled with lots of different patterns like the design chosen for the cover, and for some pages I have chosen a favorite pattern to repeat and fill the whole page, resulting in a fabulous geometric type design. All of the pages are completely hand drawn and unedited. This gives the pages a wonderful natural feel, totally different to the average coloring book. This is the second zendoodle coloring book I have published, and there are lots more designs available in my etsy shop JoArtyJo.etsy.com. I really hope you enjoy coloring these pages as much as I enjoyed drawing them. My Zendoodles are inspired by the art of Zentangle. The Zentangle art form and method was created by Rick Roberts and Maria Thomas and is copyrighted. Zentangle is a registered trademark of Zentangle Inc. Learn more at www.zentangle.com. This book and all the images contained within are copyright material www.JoArtyJo.com.

Coloring Zendalas for Fun - Volume 1 Lani Carton, 2016-06-22 Coloring Zendalas For Fun Volume 1. The Zendalas of this book are derived from drawings which can be figurative or abstract. You will find within some complex Zendalas and others much simpler. Select the one that best suits your current mood, taking into consideration your desires and the time available to you. Each of the Zendalas is printed on a single side of the page; the reverse side is blank to prevent indentations and ink bleed. **WHILE YOU WAIT FOR YOUR COLORING BOOK TO ARRIVE**. Mandala Doodle Tangle. Zendala, Mandala, is a Sanskrit term standing for circle, and by extension a sphere, the environment, the universe. Buddhism utilizes mandala as a tool to ease meditation. Doodle and Tangle are simple drawings or patterns that can have concrete representational meaning or may just be abstract shapes. Zendala is a mix of Mandala, Doodle, and Tangle. Coloring is an activity that can transport you to a relaxing and soothing place, a place that combines stress reduction and fun at the same time. Taking the time to color is like taking a breath for oneself, planning for a relaxing moment made of calm, quietness, fun, and joy, a window out of time of your day. Search for harmony inside you and your coloring by choosing the colors corresponding to your current mood. Depending upon your feelings at this precise moment, you shall focus on the global harmony of the drawing or on each patterned element separately. It's a moment for you to enjoy and have fun as much as
