The Violence Of Development The Violence Of Development:

The Geography of War and Peace Colin Flint, 2005 Our world of increasing and varied conflicts is confusing and threatening to citizens of all countries as they try to understand its causes and consequences This book takes advantage of a diversity of geographic perspectives as it analyzes the political processes of war and their spatial expression The Violence of Development Martin Mowforth, 2014-03-24 The Violence of Development examines the failure of development in Central America where despite billions of dollars of development funding and positive indicators of economic growth poverty remains entrenched and violence endemic Martin Mowforth shows how development is predicated on force and systematic violence with which the world's most powerful governments financial institutions and companies punish the global south through economic gangsterism Crucially the analysis in The Violence of Development comes from many development project case studies and over sixty interviews with a range of people in Central America including nuns politicians NGO representatives trade unionists indigenous leaders and human rights defenders This book is a compelling synthesis of first hand research and development theory **Development Through The Lifespan** Laura E. Berk, 2022-07-26 New and compelling topics rich examples strong multicultural and cross cultural focus coupled with Berk's signature storytelling style Development Through the Lifespan Seventh Edition is the most accessible and engaging text available to students today *Human Development and Political Violence* Colette Daiute, 2010 Human Development and Political Violence presents an innovative approach to research and practice with young people growing up in the context of political violence Based on developmental theory this book explains and illustrates how children and youth interact with environments defined by war armed conflict and the aftermath involving displacement poverty political instability and personal loss The case study for this inquiry was a research workshop in four countries of the former Yugoslavia where youth aged 12 to 27 participated in activities designed to promote their development The theory based Dynamic Story Telling by Youth workshop engaged participants as social historians and critics sharing their experiences via narratives evaluations of society letters to public officials debates and collaborative inquiries Analyses of these youth perspectives augment archival materials and researcher field notes to offer insights about developmental strategies for dealing with the threats and opportunities of war and major political change Provided by publisher The Global Crisis of Violence Dorothy Van Soest, 1997 This book sets forth the concepts of violence in systemic terms in the context of culture and institution You will learn how preventive investments in social infrastructures can provide fiscally and ethically sound solutions You will discover strategies to address the causes and impacts of violence that are effective world wide An important text for Human Behaviour and Social Environment courses and for policy courses The Oxford Handbook of Substance Use and Substance Use Disorders Kenneth J. Sher, 2016-07-13 Substance use and substance use disorders SUDs have been documented in a number of cultures since the beginnings of recorded time and represent major societal concerns in the present day The Oxford Handbook of Substance Use and Substance Use Disorders provides

comprehensive reviews of key areas of inquiry into the fundamental nature of substance use and SUDs their features causes consequences course treatment and prevention It is clear that understanding these various aspects of substance use and SUDs requires a multidisciplinary perspective that considers the pharmacology of drugs of abuse genetic variation in these acute and chronic effects and psychological processes in the context of the interpersonal and cultural contexts Comprising two volumes this Handbook also highlights a range of opportunities and challenges facing those interested in the basic understanding of the nature of these phenomena and novel approaches to assess prevent and treat these conditions with the goal of reducing the enormous burden these problems place on our global society Chapters in Volume 1 cover the historical and cultural contexts of substance use and its consequences its epidemiology and course etiological processes from the perspective of neuropharmacology genetics personality development motivation and the interpersonal and larger social environment Chapters in Volume 2 cover major health and social consequences of substance involvement psychiatric comorbidity assessment and interventions Each chapter highlights key issues in the respective topic area and raises unanswered questions for future research All chapters are authored by leading scholars in each topic The level of coverage is sufficiently deep to be of value to both trainees and established scientists and clinicians interested in an evidenced based approach
