The Wall Street Journal Guide To Planning Your Financial Future 3rd Edition:

The Wall Street Journal Guide to Planning Your Financial Future, 3rd Edition Kenneth M. Morris, Virginia B. Morris, 2002-09-03 The Wall Street Journal Guide To Planning Your Financial Future provides clear explanations of the things you need to know and guidelines for the decisions you have to make to enjoy a comfortable retirement. It covers the advantages of salary reduction plans, clarifies the difference between Roth and traditional IRAs, and describes the benefits of effective tax planning. And it provides practical helpful ideas to get you started. [AARP® Crash Course in Finding the Work You Love](#) Samuel Greengard, 2011-02-01 Boomers reinvented society. Now they're reinventing themselves, and AARP wants to facilitate that process. AARP Crash Course in Finding the Work You Love explores both the motivations and the methods of those taking part in the social phenomenon known as recareering. Whether they are old enough to have earned their AARP card or not, a new generation of American workers is no longer counting the days until retirement; instead, they're seeking greater fulfillment in their personal lives by tackling new and often much more socially significant work. Switching careers is a challenge at any age, yet boomers may have more to overcome than their younger counterparts. They must beef up their education or seek out retraining, cope with seismic lifestyle shifts such as less income and a new circle of friends, and reconcile themselves to the fact that even the most rewarding position is no panacea for life's problems. Author Sam Greengard brings a wealth of knowledge to this timely topic. Since 1981 he has written about career issues for publications as diverse as The Chicago Tribune, Family Circle, The Los Angeles Times, MSNBC, MSN Online, Wired, and Workforce Management. Here Greengard shows readers how to sort out their feelings about their existing career, successfully transition to a new one, and work toward a greater sense of balance in their daily lives. Profiles of recareering veterans show how others have attained their own goals. These are rounded out by tips, quizzes, worksheets, how-to sidebars, and other practical resources. With this handbook to guide them, readers of any age can finally make the leap to finding the life's work they will truly love. *Inspired to Dance* Mande Dagenais, 2010-02 Details the entire process of how to become a dancer. Based on more than twenty-five years of experience in the performing arts as a dancer, teacher, choreographer, director, and producer, Mande shares her vast knowledge and experience. This definitive and comprehensive guide teaches the ins and outs of show business: how to get the most out of your training, audition dos and don'ts, where and how to find work, managing the business aspect of your talent, how to sustain longevity in your career.
