Crossing into Manhood: A Men's Studies Curriculum Christopher P. Mason, 2006 Many scholars have documented and decried the crisis in American masculinity There is a preponderance of evidence showing that males suffer from many physical emotional and social ills due to the gender scripts with which they were raised and which continue to govern men s lives Throughout the millennia and across cultures initiation rites of passage have been utilized as an effective means of transitioning young males into manhood Modern culture suffers from a dearth of rites of passage leaving many boys stuck in puerile attitudes and behaviors and unable to make a wholesome transition into mature masculinity *Crossing into Manhood* is a much needed guide on assisting late adolescent boys transition into manhood it proposes a school based curriculum and rite of passage paradigm to help young men make the difficult passage into manhood Utilizing resources from diverse academic disciplines this book surveys the psychoanalytic the social constructionist and the essentialist perspectives on masculine gender As a result a men s studies curriculum has been formulated one that offers a balanced bio psycho social conceptualization of masculine identity Educators will find the contents of this book helpful in providing the key conceptual information necessary to teach a men s studies course to late adolescent boys This book will provoke further dialogue and work among educators and other adults in this important area Publisher s website

BOOK JACKET Taking It Like a Man David Savran, 1998-03-30 From the Beat poets incarnation of the white Negro through Iron John and the Men s Movement to the paranoid masculinity of Timothy McVeigh white men in this country have increasingly imagined themselves as victims In *Taking It Like a Man* David Savran explores the social and sexual tensions that have helped to produce this phenomenon Beginning with the 1940s when many white middle class men moved

into a rule bound corporate culture Savran sifts through literary cinematic and journalistic examples that construct the white man as victimized feminized internally divided and self destructive Savran considers how this widely perceived loss of male power has played itself out on both psychoanalytical and political levels as he draws upon various concepts of masochism the most counterintuitive of the so called perversions and the one most insistently associated with femininity Savran begins with the writings and self mythologization of Beat writers William Burroughs Allen Ginsberg and Jack Kerouac Although their independent law defying lifestyles seemed distinctively and ruggedly masculine their literary art and personal relations with other men in fact allowed them to take up social and psychic positions associated with women and racial minorities Arguing that this dissident masculinity has become increasingly central to U S culture Savran analyzes the success of Sam Shepard as both writer and star as well as the emergence of a new kind of action hero in movies like Rambo and Twister He contends that with the limited success of the civil rights and women s movements white masculinity has been reconfigured to reflect the fantasy that the white male has become the victim of the scant progress made by African Americans and women Taking It Like a Man provocatively applies psychoanalysis to history The willingness to inflict pain upon the self for example serves as a measure of men s attempts to take control of their situations and their ambiguous relationship to women Discussing S M and sexual liberation in their historical contexts enables Savran to consider not only the psychological function of masochism but also the broader issues of political and social power as experienced by both men and women Chicago 92: The Transcendent Function - Individual and Collective Aspects Mary Ann Mattoon,1993 With an all encompassing theme The Transcendent Function Individual and Collective Aspects The Twelfth International Congress for Analytical Psychology was convened in Chicago on 23 August 1992 A wide range of papers and presentations elucidated diverse approaches to the roles played by symbols in analysis their relationships to one another and their beholders and possibilities for transcendence

Men and Power Joseph A. Kuypers, 1999 If there is any one concept that stirs the passions and actions of men as a gender power is the most likely candidate Seldom is powerlessness a preferred or admired quality in a man Yet power can be both a beacon to direct action and maintain order and a plague if frustratingly unattainable or glamorized and abused In the field of men's studies where men and women examine how gender organizes action and thought the role of power may never be settled How are men raised to relate to power and what are the consequences Is power assumed by virtue of genetics and biology is it culturally conferred or is it merely an illusion Does the belief that men are powerful serve a political agenda Do males experience power differently when viewed psychologically as opposed to power in a social setting By keeping control of power have men failed at the leadership demanded of those who possess power What is healthy power for men How do women interpret power How does the male perception of power lead to violent tendencies in some men These questions and many more are examined in Men and Power by leading experts in the field of gender identity The purpose of this inquiry is to move beyond the glib resignation that power corrupts to more precisely identify what men can do to transform their quest for power into a healthy benefit to the individual to relationships and to society Compelling topics such as sexuality intimacy equity male identity pornography and many others are explored in detail Contributors are Blye Frank Walter Isaac Michael Kaufman Christopher Kendall Michael S Kimmel John Stoltenberg Laurence Thomas Clark Wolf and Bert Young
