

WILLIAM F. LAWHEAD

The top half of the cover features a large, detailed illustration of a multi-masted sailing ship, likely a clipper, navigating through a blue sea under a blue sky with white clouds. A faint, historical map is overlaid on the background, showing the ship's path. The title 'THE VOYAGE' is written in a large, elegant, white script font across the middle of this section.

THE VOYAGE

OF DISCOVERY

A HISTORICAL INTRODUCTION TO PHILOSOPHY

SECOND EDITION

The Voyage Of Discovery A Historical Introduction

Bernard Quaritch (Firm)

The Voyage Of Discovery A Historical Introduction:

The Voyage of Discovery William F. Lawhead, 2002 Highly praised by reviewers for its clarity and rich exposition this history of philosophy text illustrates philosophy as a process and not just a collection of opinions or conclusions Lawhead helps students retrace the philosopher's intellectual journey rather than simply giving a report of the results so that the students see how the problems arose Thus the philosopher's problem becomes a puzzle which the student has to face Lawhead uses metaphors analogies vivid images concrete examples common experiences and diagrams to bring the abstract issues down to earth and show the practical implications and contemporary relevance of positions **Cengage Advantage Series: Voyage of Discovery: A Historical Introduction to Philosophy** William F. Lawhead, 2014-01-01 Highly praised for its clarity and rich exposition this history of philosophy text illustrates philosophy as a process and not just a collection of opinions or conclusions Rather than simply reporting the positions of a given philosopher Lawhead's prose assists students in retracing the thinker's intellectual journey Students are invited to engage with each philosopher's intellectual process drawing connections with their own lives and cultures Metaphors analogies vivid images concrete examples common experiences and diagrams demonstrate the concrete relevance of abstract arguments and their practical implications for contemporary society This fourth edition of VOYAGE OF DISCOVERY A HISTORICAL INTRODUCTION TO PHILOSOPHY features new historical profiles and or works representing such philosophers as Plato St Thomas Aquinas Simone de Beauvoir and Martha Nussbaum among others Important Notice Media content referenced within the product description or the product text may not be available in the ebook version [The Cartesian Innateness of all Ideas as the Source and Panacea of True Knowledge](#) Evarist Okpala, 2024-11-07 Academic Paper from the year 2024 in the subject Philosophy Theoretical Realisation Science Logic Language language English abstract The purpose of this work is to give credence to the admonition of St Augustine who admonished seekers of the truth to look inwards for that is where the truth lies This admonition was adhered to by Descartes when he decided to reject all prior submissions of philosophy as well as the sciences in order to proceed methodically towards arriving at the truth which will not be further doubted Thus the work aims at exposing how the pure intellect and the ideas innate in it can give us certitude in knowledge in the light of Descartes philosophy Descartes intervention is quite significant in exposing that prior to his search for a strong foundation for the establishment of philosophy all the claims that hitherto existed could not solve the problem of doubt Such that none of the submissions could claim to have satisfied man's natural craving for the truth and the truth cannot be two Thus this study is quite significant for it will try to assert once more that the truth is without doubt and it can be reached irrespective of whether Descartes did a good job or not in his quest for the indubitable truth And that as Descartes believes it can be arrived at more securely by looking inwards in the man's intellect which is the place not corrupted as the changing world of the senses It will also mean that for the intellect to hold such truths which cannot change it follows that there exists a source

which is greater than the human intellect from where comes the truths that exist in the human mind Descartes thoughts around these will be properly highlighted to show how relevant they are in today s world especially in the understanding of man as well as God the source of everything that exists alongside man **Catalogue of the Library of the Royal Colonial Institute** Royal Commonwealth Society. Library,James Rufus Boosé,1895 Catalogue of the Library of the Royal Colonial Institute Royal Empire Society. Library,1895 **Selected Catalogues, 1890-1895** Francis P. Harper (Firm),1890
