Apostel Arne Horn

Tussen Hemel En Aarde:

Van Anima tot Zeus Maarten Timmer, 2001 *Het Boek Henoch* Apostel Arne Horn, 2014-02-12 Het boek van Henoch Volgens de Bijbelse chronologie was Henoch de zoon van Jered en de vader van Methusalah Hij werd geboren in het jaar 622 na de schepping van Adam toen zijn vader de leeftijd van 162 jaar had bereikt Zijn naam betekent zoveel als De ingewijde De inzicht hebbende en De kenner Henoch werd zonder te sterven van de aarde weggenomen in het jaar 987 toen hij 365 jaar oud geworden was Kinderen geven tekens Theresa Foks-Appelman, 2005 Wat kan een kindertekening ons vertellen over de emotionele toestand van een kind Hoe kunnen we in een tekening de signalen herkennen die kinderen ons proberen te geven In *Kinderen geven tekens* worden kindertekeningen beschreven en geanalyseerd vanaf de allereerste krabbels tot en met tekeningen van pubers Bij de beschrijving van de tekeningen wordt steeds een relatie gelegd met kinderspel Verder worden er sprekende voorbeelden gegeven vanuit de therapeutische praktijk van de auteur De analytische psychologie van Carl Gustav Jung de ideeën van Erich Neumann en de moderne ontwikkelingspsychologie bieden een goede leidraad bij het zoeken naar de betekenis van tekeningen Eigenlijk leeft het kind nog in het mythologische tijdperk van onze voorouders Zoals het bewustwordingsproces van onze voorouders zich weerspiegelde in mythologische verhalen rituelen sprookjes en primitieve beeldende kunst zo weerspiegelt het bewustwordingsproces van een kind zich in zijn tekeningen Er kunnen dan ook overeenkomsten worden aangetoond tussen perioden uit de kunstgeschiedenis en de tekeningen die kinderen in verschillende leeftijdsfasen maken Dit boek is een hulpmiddel voor psychotherapeuten creatief therapeuten psychologen en natuurlijk voor alle ouders die geïnteresseerd zijn in de psychologische ontwikkeling van het kind Want het is niet alleen belangrijk maar ook gewoon leuk om de diepere betekenis te begrijpen van het gezonde normale kind dat tekent en speelt Pas daarna kunnen wij signalen in tekeningen en spel herkennen *Het boek van Sidrac* Sidrac, 2006 *Godenschemering* Daniël de Waele, 2023-02-09 Een cultuurgeschiedenis over de evolutie van het geloof in God *Godenschemering* van Daniël de Waele is een theologische cultuurgeschiedenis die de evolutie van het geloof in God uitdiept in de loop der tijd Israël ontdekte in een polytheïstische wereld de Ene God die door de tijd heen steeds humaner werd en dichterbij kwam Hoe is het geloof na die grote stap geëvolueerd Hoe past het verdampen van het geloof dat uiteindelijk eindigde in de dood van God in deze evolutie En welke rol heeft het bestormen van de godenbeelden gespeeld De Waele ontwaart naast deze geloofsevolutie een andere geschiedenis een blijvende zoektocht naar de ene God **Drakenaders van mijn landschap: wat ik van het Oosten leerde** Ulrich Libbrecht, 2005 Artikelen over de ontmoeting tussen oosterse en westerse filosofie **The Liquidation of the Church** Kees de Groot, 2017-09-13 Is religion dying out in Western societies Is personal spirituality taking its place Both stories are inadequate Institutional religion is not simply coming to an end in Western societies Rather its assets and properties are redistributed large parts of the church have gone into liquidation Religion is crossing the boundaries of the parish and appears in other social contexts In the fields of leisure health care and contemporary culture

religion has an unexpected currency The metaphor of liquidation provides an alternative to approaches that merely perceive the decline of religion or a spiritual revolution Religion is becoming liquid By examining a number of case studies in the Netherlands and beyond including World Youth Day television spiritual centers chaplaincy mental healthcare museums and theatre this book develops a fresh way to look at religion in late modernity and produces new questions for theological and sociological debate It is both an exercise in sociology and an exercise in practical theology conceived as the engaged study of religious praxis As such the aim is not only to get a better understanding of what is going on but also to critique one sided views and to provide alternative perspectives for those who are active in the religious field or its surroundings **The Banner of Truth** ,2001 Voorhoeve, Verhalen op de grens, 3e B. Gerd van Riel,Bart Raymaekers,2008 This visionary statement by Napoleon I seems more topical than ever China is in Not only the numerical preponderance of the Chinese in the world population but above all the enormous economic expansion and the cautious political openness in China mean that the West has suddenly discovered the Chinese reality In order to better understand the Chinese and their traditional way of life there is also an increasing interest in Chinese culture Confucianism Taoism and other sources of Eastern wisdom are gradually being stripped of the esotericism that once hung around the West and little by little the intrinsic value of Eastern cultural traditions is being discovered Taoism a road from East to West wants to contribute to the fruitful interaction between Eastern and Western thinking without lapsing into simplifications or generalizations Can our Western concept of rationality the logos be used within the context of Taoism Can we Westerners understand this Eastern philosophy with our own conceptual apparatus After an introductory reflection on the interactions between East and West by Sander Griffioen the authors of this volume address three major questions Patricia De Martelaere investigates how Taoism can be captured in the Western terms of the Good the Beautiful and the True Carine Defoort examines the Taoist wisdom literature and looks for points of contact with Western wisdom Finally Lloyd Haft examines the

question of whether and how the Eastern conceptual apparatus can function in the translation of Western cultural heritage

De tijd, de waarheid en de geschiedenis Piet de Rooy,2025-05-20 Vanaf de vroegste tijden proberen mensen te begrijpen hoe hun wereld in elkaar steekt Ze ervaren de werkelijkheid in het verloop van de tijd in de afwisseling van dag en nacht in de opeenvolging van de seizoenen Maar toch is er steeds het vermoeden dat dit niet alles is dat er achter die werkelijkheid een diepere waarheid verborgen ligt En vervolgens gaan we daarnaar op zoek we bedrijven historie zoals de vader van de geschiedschrijving Herodotus het noemde Ge nspireerd door een schilderij van Francisco Goya is dit boek een zinderende zoektocht naar deze drie pijlers onder de interpretatie van onze wereld Hoe we de tijd onderwierpen aan klok en kalender om daar vervolgens onszelf aan te onderwerpen Hoe we eeuwenlang de Bijbel als de ultieme waarheid beschouwden met kettervervolgning en heksenwaan als schaduwzijden daarvan Hoe we ons van de Bijbelse waarheid hebben losgemaakt en de vrijheid gebruikten om nieuwe verhalen te maken over complotten bijvoorbeeld en over spirituele krachten En ten slotte is er de geschiedenis waarin we onze collectieve herinneringen vastleggen maar ook bepalen wat we beter kunnen vergeten Gesteund door inzichten uit de evolutietheorie en de neuropsychologie wordt in *De tijd de waarheid en de geschiedenis* een kleurrijk panorama gepresenteerd met tal van wonderlijke anekdotes en merkwaardige inzichten

Exaltation of the Cross Louis van Tongeren,2000 The origin development and spread of the feast of the Exaltation of the Cross is traced on the basis of liturgical sources and through a careful examination of the liturgical textual material the meaning of the feast is analyzed with respect to its content Among the important points receiving attention in this analysis are the place function and significance of the Cross relic and the theology of the Cross or the process whereby the understanding of the Cross was shaped as that was invested in the feast The research is based on sources of Western liturgy from the early Middle Ages and therefore has bearing on the period in the West in which a multiform liturgy celebrated according to various indigenous local and regional traditions gradually made way for one uniform Latin liturgy patterned on Roman models The feast of the Exaltation of the Cross spread through the West from Rome within this context of standardization and Romanization This raises questions about the uniformity and the Roman content of the feast This study especially examines to what degree indigenous interpretations of the Cross which were part of the legacy of the Hispanic and Gallican traditions in particular continued to be preserved through the liturgical books of the early Middle Ages
