Ufo Contact from Undersea Virgilio Sanchez-Ocejo, Wendelle C. Stevens, 1982-05-01 *Secret UFO Files* Rafal Col, 2013-11-28 Look up at the sky the universe is so big it is really hard not to think that there is no other intelligent life out there Are we alone An old question that I think we all know the answer to already But what do we know What does the government know and how much do they know Classified information revealed statements made by people who are risking their own safety for people to know How do they look Are they already here The statements in this book are all real and are facts Do you know everything *UFOs and Water: Physical Effects of UFOs on Water Through Accounts by Eyewitnesses* Carl W. Feindt, 2016-02-23 UFOs have approximately 75% of this planet in which to operate undetected Adding another piece to the puzzle From dissimilar puzzle pieces supplied by ufologists throughout the years of UFO history a picture is starting to take shape Ufologist Carl Feindt has not only contributed his own small piece but he has also connected many of the previous pieces to form an enlightening and highly plausible theory Feindt's studies concern Unidentified Flying Objects UFOs that enter and exit the dense medium of water This aspect aroused his curiosity because while we humans do not understand alien science we do know our water This book contains cases from just about every type of body of water from puddles to oceans It opens a long overlooked door to discover the operating principles of UFOs by closely observing water's reaction to these craft and finding similarities among cases involving water **International UFO Library: Feb / Mar 1994** Joseph J. HAUNEBU: THE SECRET FILES David Childress,2020-01-01 David Childress popular author and star of the History Channel show Ancient Aliens brings us the incredible tale of the German flying disk known as the Haunebu Although rumors of German flying disks have been around since the late years of WWII it was not until 1989 when a German researcher named Ralf Ettl living in London received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft craft which we would classify today as UFOs or flying saucers Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe What the Ralf Ettl document dump shows us is what many have suspected for a long time that WWII did not end in the manner in which we have been told and a remnant of the Nazi military particularly the SS continued to operate flying saucers and submarines around the world in the decades after the end of the war This activity involving a flying saucer known as the Haunebu was particularly notable in South America but it ultimately involved all the continents of the world including Antarctica Join Childress as he shows us the secret files involving the Haunebu the Vrill craft the Andromeda craft and others Includes a 16 page color section Over 120 photographs and diagrams
