Flash MX Studio Connor McDonald,Jon Steer,Jerome Turner,Abe White,Gerald YardFace,Matthew Baldwin,Steve Webster,David Tudury,2013-11-11 Flash MX Studio takes your raw Flash talent and multiplies its potency by focusing it on real world web design situations In the heady days of the late 1990s designers were trying their hand at anything and everything they could lay their hands on Now the marketplace is seriously focused and serious Flash designers have to know exactly what they re doing and why These days it s all about functionality over experimentation justification over style It s all about maturity The design must fit the job specs and this book shows the reader how to fulfill these requirements and more This book examines all the avenues open to professional or aspiring professional Flash MX designers It takes a look at advanced uses of the new MX features such as components and the Drawing API and gives guidance on building whole new structures for animation Dynamic Content PHP ColdFusion MX XML video audio and audiovisual formats Never before has so much power been so accessible to the web designer This book is designed to put that power in your hands Flash MX Studio has been broken into four sections to address the most common needs for the Flash designer First off Jamie McDonald provides five chapters on site presentation and the principles of web design These opening chapters take a look at how to create slick professional level sites involving Flash MX s new drawing and motion capabilities and interactive techniques The second section concentrates on ActionScript Flash s resident coding environment is crucial to master and taps into Flash s great strength intuitive and interactive applications Keith Peters and Todd Yard have buddied up on this section and examine some of the most advanced ActionScript techniques around Be warned this section is not for the faint hearted Section three

takes a look at Flash MX's greatly improved visual audio and audiovisual capabilities. Its three chapters written by Jez Turner and Alex White concentrate on building a single site aimed at displaying rich media content. The final section is devoted to expounding a few myths about dynamic content using Flash. Its four chapters talk about general practice before focusing in on specific areas including introductions to PHP and XML together with a look at Macromedia's brand new ColdFusion MX.

Macromedia Flash MX 2004 ActionScript Derek Franklin, Jobe Makar, 2004. Sure you can use Flash MX 2004 without being a master programmer but as any Flash developer worth his or her salt will tell you you're not tapping all of its power unless you're taking advantage of its scripting language ActionScript 2.0 which offers a more robust programming model and better object oriented programming support than ever before. Here to take the fear factor out of learning it are Flash veterans and best selling authors Derek Franklin and Jobe Makar who demonstrate that scripting is an instinctual process you already know by translating real life activities into ActionScript scripts. In these pages you'll find methodologies and techniques for building over 40 real life Flash ActionScript projects including sample games applications Web sites and more. New in this edition are coverage of ActionScript 2.0 Web services Components Printing Video and more.
