Crossing into Manhood: A Men's Studies Curriculum Christopher P. Mason, 2006 Many scholars have documented and decried the crisis in American masculinity There is a preponderance of evidence showing that males suffer from many physical emotional and social ills due to the gender scripts with which they were raised and which continue to govern men's lives Throughout the millennia and across cultures initiation rites of passage have been utilized as an effective means of transitioning young males into manhood Modern culture suffers from a dearth of rites of passage leaving many boys stuck in puerile attitudes and behaviors and unable to make a wholesome transition into mature masculinity *Crossing into Manhood* is a much needed guide on assisting late adolescent boys transition into manhood it proposes a school based curriculum and rite of passage paradigm to help young men make the difficult passage into manhood Utilizing resources from diverse academic disciplines this book surveys the psychoanalytic the social constructionist and the essentialist perspectives on masculine gender As a result a men's studies curriculum has been formulated one that offers a balanced bio psycho social conceptualization of masculine identity Educators will find the contents of this book helpful in providing the key conceptual information necessary to teach a men's studies course to late adolescent boys This book will provoke further dialogue and work among educators and other adults in this important area Publisher's website

Designing A Program To Nurture Great Men of Faith, Character and Service in the Local Church Rev. Dr. Charles Falcone, 2014-03-05 This thesis is written to investigate the gender gap that exists in current church membership throughout Western Christianity Numerous studies have established that throughout all Christian churches in the United States women outnumber men in attendance and membership This paper is written with the hope of understanding the causes for

disproportional involvement of men in the local church We will investigate the factors of theological climate in the mainline church sociological factors revolving around the Christian family changing notions of work vocation and gender roles and sociological factors of health and longevity Our goal is to see an awakening in the masculine spirit at the church where the author currently serves Understanding Men's Passages Gail Sheehy,1998 Discovering the new map of men's lives

Letterman Madonna Gore Vidal Shirley MacLaine Arnold Palmer Elton John Gloria Steinem David Suzuki Walter Cronkite
 Salvatore Sammy the Bull Gravano Jimmy Swaggart and Monica Lewinsky All the books reviewed are real and the
 astonishing diversity of interests of the celebrities demonstrates that shallow perception can never be disguised as deep
 thought no matter how cleverly expressed As revealed in the book's Introduction Mark McKirdy acquired this collection when
 he successfully bid for a small dusty box at a Sotheby's auction in 2013 Upon his return to Oxford University where he was
 the anthropologist in residence he opened the box and like Howard Carter marveling at the treasures he'd just unearthed
 from Tutankhamun's tomb in 1922 the author was holding a golden collection of book reviews by many of the world's most
 significant people Each review had apparently been commissioned by the prestigious literary journal The London Review of
 Books and each for reasons never revealed received a soul crushing rebuff by way of a large red Rejected stamp As with all
 well written satire LOST and PROFOUND will give readers pause for thought seconds for chuckling minutes of laughing out
 loud and hours of fun and if the celebrities mentioned in the book didn't actually write the reviews cited they probably wish
 they had **Midlife Crisis** Susanne Schmidt, 2020-03-01 The phrase midlife crisis today conjures up images of male
 indulgence and irresponsibility an affluent middle aged man speeding off in a red sports car with a woman half his age but
 before it became a gendered cliché it gained traction as a feminist concept Journalist Gail Sheehy used the term to describe a
 midlife period when both men and women might reassess their choices and seek a change in life Sheehy's definition
 challenged the double standard of middle age where aging is advantageous to men and detrimental to women by viewing
 midlife as an opportunity rather than a crisis Widely popular in the United States and internationally the term was quickly
 appropriated by psychological and psychiatric experts and redefined as a male centered masculinist concept The first book
 length history of this controversial concept Susanne Schmidt's *Midlife Crisis* recounts the surprising origin story of the
 midlife debate and traces its movement from popular culture into academia Schmidt's engaging narrative telling of the
 feminist construction and ensuing antifeminist backlash of the midlife crisis illuminates a lost legacy of feminist thought
 shedding important new light on the history of gender and American social science in the 1970s and beyond *Broken*
Dreams Mark Jackson, 2021-06-10 The midlife crisis has become a cliché in modern society Since the mid twentieth century
 the term has been used to explain infidelity in middle aged men disillusionment with personal achievements the pain and
 sadness associated with separation and divorce and the fear of approaching death This book provides a meticulously
 researched account of the social and cultural conditions in which middle aged men and women began to reevaluate their
 hopes and dreams reassess their relationships and seek new forms of identity and fresh pathways to self satisfaction Drawing
 on a rich seam of literary medical media and cinematic sources as well as personal accounts *Broken Dreams* explores how
 the crises of middle aged men and women were shaped by increased life expectancy changing family structures shifting
 patterns of work and the rise of individualism **The New Handbook of Psychotherapy and Counseling with Men**
