Victims' Stories and the Advancement of Human Rights Diana Tietjens Meyers, 2016-03-15 *Victims' Stories and the Advancement of Human Rights* takes on a set of questions suggested by the worldwide persistence of human rights abuse and the prevalence of victims stories in human rights campaigns truth commissions and international criminal tribunals What conceptions of victims are presumed in contemporary human rights discourse How do conventional narrative templates fail victims of human rights abuse and resist raising novel human rights issues What is empathy and how can victims frame their

stories to overcome empathetic obstacles and promote commitment to human rights How can victims stories be used ethically in the service of human rights The book addresses these concerns by analyzing the rhetorical resources for and constraints on victims ability to articulate their stories and by clarifying how their stories can contribute to enlarged understandings of human rights protections and deepened commitments to realizing human rights It theorizes the normative content that victims stories can convey and the bearing of that normative content on human rights Throughout the book published victims stories including stories of torture slavery genocide rape in wartime and child soldiering are analyzed in conjunction with philosophical arguments This book mobilizes philosophical theory to illuminate victims stories and appeals to victims stories to enrich the philosophy of human rights *Victims' Experiences of The Criminal Justice Response to Domestic Abuse* Emma Forbes,2021-11-29 *Victims Experiences of The Criminal Justice Response to Domestic Abuse Beyond GlassWalls* provides a unique perspective on how victims of domestic abuse experience the justice process **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1990 *Transgressed* Xavier L. Guadalupe Diaz offers a ground breaking examination of intimate partner violence in the lives of transgender people Drawing on interviews and written accounts from transgender survivors of intimate partner violence he sheds much needed light on the dynamics of abuse that entrap trans partners in violent relationships *Transgressed* shows how rigidly gendered discussions of violence have served to marginalize and silence stories of abuse Ultimately these stories of survival follow their unique journeys as they navigate and break free from the cycle of abuse providing us with a better understanding of their experiences An emotionally compelling read *Transgressed* offers new ways of understanding the complexities of intimate partner violence through the eyes of transgender survivors *Violence and Abuse Issues* Lee Ann Hoff,2009-06-29 Health and social service providers are in pivotal positions to provide preventive and restorative services to those affected by violent and abusive behaviour This comprehensive textbook presents theoretical background and practical strategies for doing so providing a solid knowledge base for good practice in this area **Building Financial Empowerment for Survivors of Domestic Violence** Judy L. Postmus,Amanda M. Stylianou,2023-02-10 Each year millions of women throughout the world experience violence and abuse at the hands of their intimate partner Abusers coercively control them by using a variety of tactics ranging from physical or sexual violence to emotional or psychological abuse An additional tactic often used includes financial abuse in which the abuser controls the money in the family exploits the victim s financial standing and interrupts her efforts to be self sufficient The impact of financial abuse can leave women financially trapped in the relationship with limited financial management skills knowledge or self confidence Indeed survivors often mention financial barriers as a top reason for keeping them trapped by the abuser in the relationship Curiously little of the research

on domestic violence has sought to either fully understand the impact of financial abuse or to determine which intervention strategies are most effective for the financial empowerment of survivors Building Financial Empowerment for Survivors of Domestic Violence aims to address this critical knowledge gap by providing those who work with survivors of domestic violence with practical knowledge on how to empower the financial well being and stability of survivors Specifically every practitioner human service provider criminal justice practitioner financial manager and corporate supervisor should be screening the women they encounter for economic abuse and when such abuse is found they should work with the women toward developing financial safety plans and refer survivors to financial empowerment programs to assist survivors to become free from abuse
