Understanding The Book Of Mormon A Readers Guide:

Understanding the Book of Mormon Grant Hardy, 2010-04-07 This introduction adopting approaches from literature and religious studies for the first time makes the contents of the Book of Mormon accessible to outsiders in a comprehensive detailed manner By identifying the organizing principles of the text which include multiple levels of narration Hardy demonstrates that the book has more coherence and literary interest than is often assumed Interpreter: A Journal of Latter-day Saint Faith and Scholarship, Volume 35 (2020) Brant A. Gardner, 2020-06-24 This is volume 35 of Interpreter A Journal of Latter day Saint Faith and Scholarship published by The Interpreter Foundation It contains the complete text of Labor Diligently to Write The Ancient Making of a Modern Scripture by Brant A Gardner *Interpreter: A Journal of Mormon Scripture, Volume 20 (2016)* Daniel C. Peterson, 2016-07-31 This is volume 20 of Interpreter A Journal of Mormon Scripture published by The Interpreter Foundation It contains articles on a variety of topics including Reflecting on the Marks of Jesus Dating Joseph Smith s First Nauvoo Sealings A Pilgrim s Faith Idle and Slothful Strange Stories Book of Mormon Origins and the Historical Record The Scalp of Your Head Polysemy in Alma 44 14 18 Now That We Have the Words of Joseph Smith How Shall We Begin to Understand Them Illustrations of Selected Challenges within the 21 May 1843 Discourse on 2 Peter 1 Reading 1 Peter Intertextually With Select Passages From the Old Testament Turning to the Lord With the Whole Heart The Doctrine of Repentance in the Bible and the Book of Mormon Many Witnesses to a Marvelous Work Nephi s Change of Heart The Ammonites Were Not Pacifists O Ye Fair Ones Revisited and Beauty Way More Than Skin Deep **Make Yourself Gods** Peter Coviello, 2024-05-31 From the perspective of Protestant America nineteenth century Mormons were the victims of a peculiar zealotry a population deranged socially sexually even racially by the extravagances of belief they called religion Make Yourself Gods offers a counter history of early Mormon theology and practice tracking the Saints from their emergence as a dissident sect to their renunciation of polygamy at century s end Over these turbulent decades Mormons would appear by turns as heretics sex radicals refugees anti imperialists colonizers and eventually reluctant monogamists and enfranchised citizens Reading Mormonism through a synthesis of religious history political theology native studies and queer theory Peter Coviello deftly crafts a new framework for imagining orthodoxy citizenship and the fate of the flesh in nineteenth century America What emerges is a story about the violence wild beauty and extravagant imaginative power of this era of Mormonism an impassioned book with a keen interest in the racial history of sexuality and the unfinished business of American secularism **The Book of Mormon** Paul C. Gutjahr, 2012-03-25 A concise and eminently teachable history of the most important American made world scripture and its cultural and religious significance Choice Late one night in 1823 Joseph Smith Jr was reportedly visited in his family s farmhouse in upstate New York by an angel named Moroni According to Smith Moroni told him of a buried stack of gold plates that were inscribed with a history of the Americas ancient peoples and which would restore the pure Gospel message as Jesus had delivered it to them Thus began the unlikely career of the Book of

Mormon the founding text of the Mormon religion and perhaps the most important sacred text ever to originate in the United States Here Paul Gutjahr traces the life of this book as it has formed and fractured different strains of Mormonism and transformed religious expression around the world Gutjahr looks at how the Book of Mormon emerged from the burned over district of upstate New York where revivalist preachers missionaries and spiritual entrepreneurs of every stripe vied for the loyalty of settlers desperate to scratch a living from the land He examines how a book that has long been the subject of ridicule Mark Twain called it chloroform in print has more than 150 million copies in print in more than a hundred languages worldwide Gutjahr shows how Smith s influential book launched one of the fastest growing new religions on the planet and has featured in everything from comic books and action figures to feature length films and an award winning Broadway musical A fascinating history of an important document of American culture Steven Poole *The Guardian* *The Testimony of Two Nations* Michael Austin,2024-01-02 Understanding the Book of Mormon on its own terms and through its two way connection with the Bible Like the Hebrew Bible and the Christian Bible the Book of Mormon uses narratives to develop ideas and present instruction Michael Austin reveals how the Book of Mormon connects itself to narratives in the Christian Bible with many of the same tools that the New Testament used to connect itself to the Hebrew Bible to create the Christian Bible As Austin shows the canonical context for interpreting the Book of Mormon includes the Christian Bible the Book of Mormon itself and other writings and revelations that hold scriptural status in most Restoration denominations Austin pays particular attention to how the Book of Mormon connects itself to the Christian Bible both to form a new canon and to use the canonical relationship to reframe and reinterpret biblical narratives This canonical context provides an important and fruitful method for interpreting the Book of Mormon *Revelatory Events* Ann Taves,2016-10-25 A leading scholar sheds critical light on the seemingly revelatory events behind new religions and spiritual movements Unseen presences Apparitions Hearing voices Although some people would find such experiences to be distressing and seek clinical help others perceive them as transformative Occasionally these unusual phenomena give rise to new spiritual paths or religious movements Revelatory Events provides fresh insights into what is perhaps the bedrock of all religious belief the claim that otherworldly powers are active in human affairs Ann Taves looks at Mormonism Alcoholics Anonymous and A Course in Miracles three cases in which insiders claimed that a spiritual presence guided the emergence of a new spiritual path In the 1820s Joseph Smith Jr reportedly translated the Book of Mormon from ancient gold plates unearthed with the help of an angel Bill Wilson cofounded AA after having an ecstatic experience while hospitalized for alcoholism in 1934 Helen Schucman scribed the words of an inner voice that she attributed to Jesus which formed the basis of her 1976 best selling self study course In each case Taves argues the sense of a guiding presence emerged through a complex creative interaction between a founding figure with unusual mental abilities and an initial set of collaborators who were drawn into the process by diverse motives of their own A major work of scholarship this compelling and accessible book traces the very human processes behind such
