Unification of Tort Law: Damages Francesco Donato Busnelli, 2001-01-17 The foundations of tort law in various European legal systems differ considerably Until now there has not been an attempt to harmonise the entire field of tort law in a consistent manner To rectify this a group of tort lawyers has proposed to address the fundamental questions underlying every tort law system The result is this important series of books which searches for a common law of Europe without the necessity yet to lay these principles down in formal legal texts such as a European civil code Identifying the most relevant factors in establishing
