3: Statutory Law and Intelligence 2011 , America Hijacked S M Carlson,2019-02-03 All throughout recorded history politicians have taken bribes from outside parties to push certain agendas either profiting themselves or helping others profit through illicit and illegal actions We know this common practice is wrong and yet we all tend to look the other way Before examining these actions should we look at the commonalities Just how did Deep State actors from LBJ to Obama hijack the country that we love How did the Clinton Foundation and the Bush Foundation change the course of American domestic politics and international policy On the surface it may seem as though the course of history has diverted and deviated from the path throughout our time as a nation but who is leading the ship Who is in control And more importantly why What are

their motives As ordinary Americans we are the ones who suffer from the repercussions Let s take a deeper look into the Clintons the Bushes Kennedy Johnson and even Donald Trump himself to see just how the Deep State has impacted the world we love and the country we love Motivated by money and power Deep State actors grasped control of this country long ago and since the election of Donald Trump they ve been grabbing and grasping for any last shred of power that they once held over us Understanding how these actors received their power is critical in understanding why they abused it Through America Hijacked we ll take a critical look into the policies and practices of nearly every administration up until modern day to see just how the Deep State came to be and how they hijacked America for their own personal benefit So where does the issue lie It lies in the fact that when our elected representatives use their status and political power to cover up crimes and purposefully make conscious unlawful decisions that impact the lives of ordinary Americans they hijack our country our principles and everything that we stand for all for the profit and political gains of the few This is the Deep State U.S.
