Authority Jeff VanderMeer, 2014-05-06 After thirty years the only human engagement with Area X a seemingly malevolent landscape surrounded by an invisible border and mysteriously wiped clean of all signs of civilization has been a series of expeditions overseen by a government agency so secret it has almost been forgotten the Southern Reach Following the

tumultuous twelfth expedition chronicled in **Annihilation** the agency is in complete disarray John Rodrigues aka Control is the Southern Reach's newly appointed head Working with a distrustful but desperate team a series of frustrating interrogations a cache of hidden notes and hours of profoundly troubling video footage Control begins to penetrate the secrets of Area X But with each discovery he must confront disturbing truths about himself and the agency he's pledged to serve In Authority the second volume of Jeff VanderMeer's Southern Reach trilogy Area X's most disturbing questions are answered but the answers are far from reassuring

Annihilation Jeff VanderMeer, 2014-02-04 A MAJOR MOTION PICTURE FROM ALEX GARLAND STARRING NATALIE PORTMAN AND OSCAR ISAAC The Southern Reach Trilogy begins with **Annihilation** the Nebula Award winning novel that reads as if Verne or Wellsian adventurers exploring a mysterious island had warped through into a Kafkaesque nightmare world Kim Stanley Robinson Area X has been cut off from the rest of the continent for decades Nature has reclaimed the last vestiges of human civilization The first expedition returned with reports of a pristine Edenic landscape the second expedition ended in mass suicide the third expedition in a hail of gunfire as its members turned on one another The members of the eleventh expedition returned as shadows of their former selves and within weeks all had died of cancer In **Annihilation** the first volume of Jeff VanderMeer's Southern Reach trilogy we join the twelfth expedition The group is made up of four women an anthropologist a surveyor a psychologist the de facto leader and our narrator a biologist Their mission is to map the terrain record all observations of their surroundings and of one another and above all avoid being contaminated by Area X itself They arrive expecting the unexpected and Area X delivers they discover a massive topographic anomaly and life forms that surpass understanding but it's the surprises that came across the border with them and the secrets the expedition members are keeping from one another that change everything

Acceptance Jeff VanderMeer, 2014-09-02 The New York Times bestselling final installment of Jeff VanderMeer's wildly popular Southern Reach Trilogy It is winter in Area X the mysterious wilderness that has defied explanation for thirty years rebuffing expedition after expedition refusing to reveal its secrets As Area X expands the agency tasked with investigating and overseeing it the Southern Reach has collapsed on itself in confusion Now one last desperate team crosses the border determined to reach a remote island that may hold the answers they've been seeking If they fail the outer world is in peril Meanwhile **Acceptance** tunnels ever deeper into the circumstances surrounding the creation of Area X what initiated this unnatural upheaval Among the many who have tried who has gotten close to understanding Area X and who may have been corrupted by it In this last installment of Jeff VanderMeer's Southern Reach trilogy the mysteries of Area X may be solved but their consequences and implications are no less profound or terrifying

now lost to rising seas There is an attachment she resents in this world any weakness can kill you Yet against her instincts and definitely against Wick s wishes Rachel keeps Borne She cannot help herself Borne learning to speak learning about the world is fun to be with and in a world so broken that innocence is a precious thing For Borne makes Rachel see beauty in the desolation around her She begins to feel a protectiveness she can ill afford He was born but I had borne him But as Borne grows he begins to threaten the balance of power in the city and to put the security of her sanctuary with Wick at risk For the Company it seems may not be truly dead and new enemies are creeping in What Borne will lay bare to Rachel as he changes is how precarious her existence has been and how dependent on subterfuge and secrets In the aftermath nothing may ever be the same
