Working Through The Crisis A Godly Perspective On Divorce Singleness And Remarriage:

Working Through the Crisis Jeffrey Paul Brown, 2012-03-23 I never thought I'd get divorced but I did. Most of us don't plan for this life-changing event so we often ask: What do I do now? How do I let go? What about the wasted years? How do I live as a single person? If you've ever asked these questions, this book is for you. This book will bring a direct but compassionate voice to the hardest experience in your life. I know it will help you lift your head up and work through your crisis like it has for thousands of others. **Crisis Counseling, Intervention and Prevention in the Schools** Jonathan Sandoval, 2013-03-05 Since the first edition was published in 1988, the role of crisis intervention and prevention has become central to mental health professionals working in the schools. Disasters such as hurricane Katrina, terrorist attacks both in this country and around the world, and various school shootings have greatly increased school crisis research and policy development. This book is designed for an introductory graduate course taken by students in school psychology, school counseling, and school social work. Section I provides a crisis response overview; section II deals with crises for children and adolescents; and section III covers crises that manifest in adolescence. Discussions of the 16 most prevalent types of crises are covered in sections II and III and include their characteristics, causes, interventions, and preventive programs. All chapters will be updated, six heavily revised or totally rewritten by new authors, and two new chapters, chapters 8 and 19, have been added. *People in Crisis* Lee Ann Hoff, Lisa Brown, Miracle R. Hoff, 2011-02-25 The first edition of *People in Crisis*, published in 1978, established success as a comprehensive and user-friendly text for health and social service professionals. The book and its following incarnations included critical life events and life cycle transition challenges, clearly pointing out the interconnections between such events, stressful developmental changes, and their potential for growth but also danger of suicide and/or violence toward others. This revised edition includes new case examples and expanded coverage of cross-cultural content, including commonalities and differences in origins, manifestations, and crisis responses. The authors illustrate the application of crisis concepts, assessment, and intervention strategies across a wide range of health and mental health settings as well as at home, school, workplace, and in the community. Each chapter contains a closing summary that includes discussion questions, references, and online data sources for maximum application and learning. Updated chapters discuss new research-based content on workplace violence and abuse, youth violence in schools and higher education settings, the use of psychotropic drugs, including for very young children, in the absence of comprehensive assessment, the crisis vulnerability of war veterans, and the hazards of pathologizing what should be considered a normal response to the repeated and catastrophic trauma of war. The intersection of socio-political factors with individuals' psychological healing from catastrophic experiences such as war and natural disaster. *Remarriage in Early Christianity* A. Andrew Das, 2024-06-27 What did early Christians believe about remarriage after divorce? The New Testament sends mixed messages about divorce. Jesus forbids it in Mark's and Luke's Gospels, but he seems to make an exception for victims of infidelity in Matthew's Gospel. Paul permits divorce in 1

Corinthians when an unbeliever initiates it Yet other Pauline passages imply that remarriage after divorce constitutes adultery A Andrew Das confronts this dissonance in *Remarriage in Early Christianity* Challenging scholarly consensus Das argues that early Christians did not approve of remarriage after divorce His argument covering contemporary Jewish and Greco Roman contexts the Gospels Paul s letters and ante Nicene interpretation reveals greater consistency in early Christianity than is often assumed Das pays special attention to the Greek words used in contemporary bills of divorce and in the New Testament offering much needed clarity on hotly contested concepts like porneia At once sensitive and objective Das finds an exegetically sound answer to the question of remarriage among early Christians This bold study will challenge scholars and enlighten any Christian concerned with what Scripture has to say on this perennially relevant topic Choice Outstanding Academic Titles List 2024

Sex and the Single Savior Dale B. Martin, 2006-01-01 Probing into numerous questions about gender and sexuality Dale Martin delves into the biblical texts anew and unearths surprising findings Avoiding preconceptions about ancient sexuality he explores the ethics of desire and marriage and pays careful attention to the original meanings of words especially those used as evidence of Paul s opposition to homosexuality For example after a remarkably faithful reading of the scriptural texts Martin concludes that our contemporary obsession with marriage and the whole search for the right sexual relationships is antithetical to the message of the gospel In all of these essays however Martin argues for engaging Scripture in a way that goes beyond the standard historical critical questions and the assumptions of textual agency in order to find a faith that has no foundations other than Jesus Christ

Handbook of Marriage and the Family Marvin B. Sussman, Suzanne K. Steinmetz, Gary W. Peterson, 2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p
