Weeraperuma, 2023-07-17 **The Healing Gods** Candy Brown, 2013-09-26 This book tells the surprising story of how complementary and alternative medicine CAM entered biomedical and evangelical Christian mainstreams despite its roots in non-Christian religions and the lack of scientific evidence of its efficacy and safety **Inhaling Spirit** Anya P. Foxen, 2020 This book follows up on recent findings that modern postural yoga is the outcome of a complex process of transcultural exchange and syncretism and digs even deeper looking to uncover the disparate but entangled roots of contemporary yoga practice In doing so it proposes that some of what we call yoga especially when it comes to North America and Europe is only

slightly genealogically related to pre modern Indian yoga traditions Rather they are equally if not more grounded in Hellenistic theories of the subtle body Western esotericism and magic pre modern European medicine and late nineteenth century women s wellness programs Marshalling these under the umbrella category of harmonialism the present book argues that they constitute a history of analogous practices that were gradually subsumed into the language of yoga This allows us to fundamentally recontextualize the peculiarities of Western and especially certain mainstream American form of yoga their focus on aesthetic representation their privileging of bodily posture and unsystematic incorporation of breathwork and above all their overwhelmingly privileged female demographics The initial chapters of the book lay out the basic shape and history of these concepts and practices while the later chapters explore their development into a spiritualized form of women s physical culture over the course of the late nineteenth and early twentieth centuries including the ways in which they became increasingly associated with yoga

Pop Culture Yoga Kristen C. Blinne, 2020-01-23 *Pop Culture Yoga* A Communication Remix was born out of a series of questions about the paradoxical nature of yoga How do individuals and groups define yoga What does it mean to practice yoga and what does this practice involve What are some of the most important principles guidelines or philosophical tenets of yoga that shape people s definitions and practices Who has the power and authority to define yoga What are the limits if any of shared definitions of yoga Kristen C Blinne explores the myriad ways yoga is communicatively constructed and defined in and through popular culture in the United States In doing so Blinne offers insight into the many identity work processes in play in the construction of yoga categories illuminating how individuals and groups words and actions represent practices of claiming part of a complex communicative process centered around membership categorization based on a range of authenticity discourses Employing popular culture writing styles Blinne ultimately contends that the majority of yoga styles practiced in the United States are remixes that can be classified as pop culture yoga a distinct way of understanding this complex phenomenon
