Summary of Mike Dooley's The Top Ten Things Dead People Want to Tell YOU Everest Media,2022-06-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The truth is that everyone dies The dead can t instill this truth within you but they can reveal it to an open mind and offer tools and stepping stones to help you accept it 2 The idea that consciousness originates from matter has no basis It follows that independence from matter which is what independence from time and space means would also mean independence of time and space 3 The simplest theory is most likely correct To get to the truth of any matter keep it simple Don t connect too many dots Don t buy into any premises or go off on any tangents that aren t necessary to have a sense of peace and confidence 4 By connecting just one more dot the legs of the table have been knocked out from under it However the philosophical modus operandi of the living today is that he or she who connects the most dots is closest to the truth
