Maximizing the Policy-Relevance of Research for School Improvement Angela M. Urick, David E. DeMatthews, Timothy G. Ford, 2021-01-01 Education policy and policy making is shaped through the activities of a complex network of educators educational leaders researchers community members as well as government and non government officials and organizations Educational researchers are a critical player in this complex network and their investigations of various educational phenomena can answer questions relevant to the design and implementation of education policy for school improvement Educational research however often has limited influence in larger policy conversations and decisions Orland 2009 and this is due to many factors Educational researchers can provide an evidence based starting place for discussions about school improvement with the complex network of stakeholders engaged in policy development and implementation but they must be more intentionally and systematically thoughtful about the connections of their work to policy and policy making Furthermore researchers can increase the relevance of their work for policy through the careful design and framing of research in collaboration with end users and an awareness of its implications In so doing researchers can spur the interest and dissemination of their findings to wider audiences This book offers resources for education

researchers faculty and advanced graduate students interested in maximizing the relevance of their research on policy for school improvement In achieving this purpose the book is organized into three sections 1 A primer for education policy making in the United States 2 Designing research to maximize education policy relevance and 3 Engaging users of research to communicate its relevance to policymakers This book is primarily for education researchers faculty and advanced graduate students seeking to improve the visibility and impact of their research on school improvement particularly in the realm of educational policy and policy making While this book is a volume in the book series for the American Educational Research Association Special Interest Group Leadership for School Improvement the importance and usefulness of the topics covered span education research more broadly Further the content of this book serves as a comprehensive guide for how education researchers in general can better situate their work to influence policy The book is intended to be utilized by university scholars graduate students in research or policy courses post doctoral fellows as well as research associates or directors in various organizations relevant to education such as research consulting groups non profits which serve education causes teacher unions state agencies or state level educator organizations associations and think tanks Emerging or established researchers in any of these organizations who want to increase the relevance significance and dissemination of their work into education policy will hopefully find this book useful

Youth and Political Participation Glenn H. Utter, 2011-09-12 This comprehensive reference examines the history and importance of youth participation in politics suggests reasons for their disengagement and discusses efforts to increase the interest of young voters in the political process a process in which they could be a controlling factor Surveys indicate that those under the age of 30 consistently score the lowest on factual questions about politics and young people are the least likely to engage in political activity online despite being the age group most likely to use the Internet Many political researchers and activists are justifiably concerned linking the low level of political participation among American youth to the overall health of our democratic system Youth and Political Participation A Reference Handbook sheds light on this important subject identifying and discussing factors that have influenced youth political participation in the past and those that play a role today including the mass media political parties interest groups and individual attitudes toward political engagement The book also provides historical perspective by addressing the early years of the Republic the protest politics of the 1960s the campaign for the 18 year old vote and the results of the 26th Amendment granting that right

The Language of Social Studies Education Jason Endacott, Michael A. Kopish, 2023-03-20 Social studies is a discipline unique to K 12 education and tasked with the preparation of democratic citizens Social studies educators work with concepts theories and ideas from multiple disciplines across the social sciences and humanities which makes discourse through shared language complex Specialization in content areas that comprise the social studies can further complicate shared understanding of essential terms The Language of Social Studies Education offers essential information for key concepts organized to reflect the contemporary context of K 12 social studies education

The concepts found within this volume reflect the breadth of the discipline while also providing the foundational knowledge needed to develop deeper understanding Each entry is based on multiple sources that invite the reader to pursue their interests through further inquiry This book will appeal to those who are looking for concise information based on respected scholarship from disciplines across the social studies Even seasoned social studies practitioners will find its entries helpful for incorporating new concepts ideas and approaches into their discourses on citizenship education *Reframing*

Assessment to Center Equity Gavin W. Henning, Gianina R. Baker, Natasha A. Jankowski, Anne E. Lundquist, Erick Montenegro, 2023-07-03 This book makes the case for assessment of student learning as a vehicle for equity in higher education The book proceeds through a framework of why what how and now what The opening chapters present the case for infusing equity into assessment arguing that assessment professionals can and should be activists in advancing equity given the historic and systemic use of assessment as an impediment to the educational access and attainment of historically marginalized populations The what chapters offer definitions of emerging terms discuss the narratives of equity in evidence of student learning present models and approaches to promoting equity and explore the relationship between knowledge systems and assessment practice The how chapters begin by progressively moving from the classroom to the program then beyond the program level to share examples from student affairs Subsequent chapters address the problem of equitable access to STEM fields culturally responsive practices within the context of community colleges the ongoing work of culturally situated assessment practices in Historically Black Colleges and Universities and the role of technology enabled assessment as a possible tool for equitable assessment The final two chapters in the book address the now what providing a way for assessment professional to develop individual awareness within their practice as a next step in the equity journey and a conceptual framework to anchor equity in their work **Youth Ministry in Africa**

Nathan H. Chiroma, 2025-08-18 Across the globe there is a need to empower young people to live out their faith within the complexities of their own diverse contexts This is particularly true in Africa the continent with the world s youngest population Yet despite the general popularity of youth ministry there is a lack of relevant resources addressing the specific challenges and opportunities faced by young people growing up on the African continent This book seeks to address that gap Written specifically by African authors for an African context this collection of essays provides a biblical and theological framework for culturally relevant youth ministry Each chapter examines the cultural socio economic and spiritual factors that shape the experiences of young people on the continent and contributors highlight the importance of addressing such issues as identity sexuality community development social justice and digital media all while remaining faithful to the gospel Filled with practical concepts for ministry and action this book seeks to empower African youth by equipping them with the biblical knowledge and leadership skills they need to become agents of change in their own communities This resource is designed for pastors youth leaders and anyone passionate about nurturing the next generation of believers and providing them with the tools to cultivate vibrant resilient
