What the Heck Happened? Robin Dohrman Ayers, 2024-03-29 For the last umpty years upon our return from trips vacations adventures our friends have waited with bated breaths to learn what we'd gotten ourselves into after realizing we seemed to be unable to travel without incident This always leads to recalls from us often with wild hand gestures They have

respectfully allowed us to go on and on about what we'd gotten ourselves into most recently. Now maybe our friends were just being nice but they have been nonetheless reinforcing these little humorous slices off the norm. In and of themselves individually no one of these tales is terribly exciting. However in a collection there certainly was plenty of material from which to draw. To legitimize the stories I felt they intimated teaching moments. Hence I included touristy tips and lest it should be too terribly boring, Tastes wandered their ways in with the stories.
