Under The Radar Learning From Risk Taking Churches:

Models of Evangelism Priscilla Pope-Levison, 2020-10-27 Many sincere Christians dismiss evangelism due to enduring evangelistic caricatures This book helps readers move beyond those caricatures to consider thoughtfully and practically how they can engage in evangelism whether it s through one on one conversations social media social justice or the liturgy of worship services At once biblical theological historical and practical this book by a seasoned scholar offers an engaging well researched and well organized presentation and analysis of eight models of evangelism Covering a breadth of approaches from personal evangelism to media evangelism and everything in between Priscilla Pope Levison encourages readers to take a deeper look at evangelism and discover a model that captures their attention Each chapter introduces and assesses a model biblically theologically historically and practically allowing for easy comparison across the board The book also includes end of chapter study questions to further help readers interact with each model *Under the Radar* William M. Easum, William Tenny-Brittian, 2005 A tour of the nontraditional churches whose ministries are transforming the face of Christianity in North America In recent years a huge crack has opened up between established traditional churches and an emerging group of emerging congregations that are identifying the spiritual longings of contemporary culture and are willing to go far out on the limb to address those longings These congregations most of which fly under the radar of the established church are recreating the religious landscape of North America Those of us who don t know about them soon will All leaders of Christian congregations would do well to listen to their distinctive witness and learn from it Deconstructing Karla Kamstra, 2024-10-08 A gentle wise guide for everyone deconstructing their beliefs and struggling with the role of faith in their life As a good Christian Karla Kamstra attended church every Sunday listened to the pastor and committed to functions and activities But no amount of participation could shake her growing sense of spiritual unrest As time went on she realized that she was doing Christianity on autopilot going through the motions but spiritually checked out She finally understood that the rules of the church were keeping God inside a too small box and it was time to let Him out And so Karla embarked upon her sacred journey of deconstruction healing her religious trauma and reclaiming her spirituality Now Rev Karla shares her journey in this wise gentle guide to help anyone struggling with the role of faith in their lives Readers are called to demolish the oppressive patriarchal structure upon which their faith has been built repair what experiences with dysfunctional and destructive religion may have done to them and restore their hearts and souls DECONSTRUCTING will lead readers from silent obedience to sacred empowerment from religious dogma to spiritual freedom from toxic theology to authentic faith For anyone chafing against the confines of church doctrine it s time to release God from the rules **Reconnect Your Church** David Brown, 2023-02-16 Reconnect Your Church provides a practical road tested vision and process to equip church leaders to reinvigorate their church How can churches stay healthy and dynamic over the long term What s needed to avoid or reverse church stagnation and decline While some churches are vibrant and growing many more are struggling especially

after Covid The congregation might be declining and ageing there s little success in reaching out to with the gospel and more time is spent on inward facing problems than loving God and loving others But the potential that could be released is huge David Brown draws on his experience revitalising a church in central Paris to offer a vision and a process for church revitalisation with a focus on UK and European contexts Whether you are church planting in a well established and thriving church or looking to turn around a church in decline Brown provides biblically grounded wisdom along with change management principles for long term health When we reapply God s priorities to the church we unleash new life and energy in following Christ in community **Being the Body of Christ in the Age of Management** The Rev'd Lyndon

Shakespeare,2016-08-26 The church needs effective leaders We must be more missional Better organization is required Such sentiments are commonplace among Christians concerned with the health and sustainability of their local church as well as the church universal Over the past thirty years the desire for more efficiently run effectively led and organizationally sound churches has contributed to an approach to thinking about the church in terms uncritically assumed from the business and management sector This has given rise to treating the church as if it were just another social body in need of better organization The question is what happens when we apply the logic of management techniques to an organization that identifies as the body of Christ Drawing on organizational theory theological anthropology and sacramental theology this book navigates a path for Christians that avoids reducing the church to just another organization while providing a vision for the church as the social body where all are invited to connect and be made members of Christ and each other Such a vision provides an alternative to the social categorization that would define the church by its organizational character rather than its eschatological destiny **The Writers Directory** ,2013 Global Mission Handbook Steve Hoke,Bill Taylor,2012-04-25

Veteran mission professionals Steve Hoke and Bill Taylor offer a practical guide for preparing for intercultural missions They provide resources for personal spiritual preparation as well as crosscultural skills and hands on missionary training Take

Cheney,2024-11-11 Brown v Board of Education of Topeka Kansas 1954 is regarded as one of the most significant civil rights moments in American history Historical observers have widely viewed this landmark Supreme Court decision as a significant sign of racial progress for African Americans However there is another historical perspective that tells a much more complex tale of Black resistance to the NAACP s decision to pursue desegregating America s public schools This multifaceted history documents the intra racial conflict among Black Topekans over the city s segregated schools Black resistance to school integration challenges conventional narratives about Brown by highlighting community concerns about economic and educational opportunities for Black educators and students and Black residents pride in all Black schools This history of the local story behind Brown v Board contributes to a literature that provides a fuller and more complex perspective on African Americans and their relationship to Black education and segregated schools during the Jim Crow era
