Journal of Psychology in Africa (south of the Sahara, the Caribbean, and Afro-Latin America). ,2001 **Risk, Communication and Health Psychology** Dianne Berry,2004

This text will become a reference for years to come Health Expectations This is the first book to clearly assess the increasingly important area of communication of risk in the health sector We are moving away from the days when paternalistic doctors managed healthcare without involving patients in decision making With the current emphasis on patient empowerment and shared decision making patients want and need reliable comprehensive and understandable information about their conditions and treatment In order to make informed decisions the people concerned must understand the risks and benefits associated with possible treatments But the challenge for health professionals is how best to communicate this complex medical information to diverse audiences The book examines risk which defines and explains how the term is used by different disciplines how its meanings have changed over time and how the general public understand it health communication and the effects on health behaviours effective risk communication to individuals and the wider public effectiveness of patient information leaflets and strategies for improving oral and written health communications the cognitive and emotional issues at stake for patients in understanding risk and health information the use of new technologies in risk and health communication and ethical issues and the future of risk communication Using examples from disciplines including psychology sociology health medicine pharmacy statistics and business and management this book is key reading for students who need to understand the effect of risk in health psychology as well as for health professionals interested in doctor patient communication informed consent and patient welfare The Social Psychology of Food Mark

Conner,Christopher J. Armitage,2002 How can we understand food choice What factors influence dietary change and weight

control How does stress influence eating In what ways are foods used to present ourselves to others Food is central to the lives of all and has for centuries been celebrated in art poetry and song More recently media interest has focused public attention on the food we eat and its influence on physical health and mental well being However it is only in the past couple of decades that social scientists and social psychologists in particular have paid significant attention to the important topic of food The Social Psychology of Food reviews this research from the perspective of social psychology Key issues are addressed such as the role of various factors in food choice the process of dietary change the role of food in weight control and disorders of eating stress and eating food and self presentation Social psychological concepts are used as ways of explaining and understanding each of these domains of food research The selective and in depth coverage of the book is designed to demonstrate what social psychology has contributed to the field and to provide an essential text for students and researchers in psychology and trainee professionals in health
