

Quick-Start Guide

RemoteLinc™ 2 - INSTEON® Wireless Controller

Model: 2444A2

Introduction

Use the power of INSTEON to control your home with the convenience of a compact and versatile wireless controller.

What's Included

- RemoteLinc 2

Getting Started

It is recommended that you fully charge your RemoteLinc 2 prior to programming. RemoteLinc 2 charges via a USB cable (Type A to Micro-B, sold separately). The red charging LED will turn off once the battery has been fully charged.

To turn on RemoteLinc 2, simply slide the power switch to the on position. (see image).

Add RemoteLinc 2 (Button) to a Scene as a Controller

- 1) Tap on "" on the RemoteLinc 2 scene button of choice
- 2) Adjust the responder to the "state" you want when the scene is activated from RemoteLinc 2¹
- 3) Press & hold RemoteLinc 2's Set button until the RemoteLinc 2 beeps
RemoteLinc 2's LED will begin blinking GREEN
- 4) Press & hold the responder's Set button until the responder beeps (or until LED/Load flashes)
RemoteLinc 2 will double-beep and its LED will stop blinking
Responder's LED will stop blinking (it may also double-beep)
- 5) Confirm that scene addition was successful by tapping on/off on your chosen RemoteLinc 2 button
The responder will toggle between the scene on level and off

¹ If the responder is a multi-scene device, tap the Scene button you wish to control until it's LED is in the desired state (on or off)

Using RemoteLinc 2

RemoteLinc 2 contains four on/off button pairs. Each pair controls its own scene, sending commands to devices linked specifically to the on/off button pair. Dimmable responders may behave differently, depending on whether you tap, double-tap, or press & hold a button to activate/deactivate a scene. Non-dimming responders will only turn full-on or full-off, no matter what method you use.

Tap	Double-tap	Press & hold
Ramp to on-Level or off	Full-bright or full-off instantly	Brighten or dim until released
<i>The RemoteLinc 2 Status LED will flash GREEN once for each ON/BRIGHT command sent and RED once for each OFF/DIM command sent</i>		

Warning: RemoteLinc 2 is permanently sealed. Do not attempt to open case. Doing so will damage the remote.

Users Guide To The Smartlabs Workshop Environment

Peter Mickulecký

Users Guide To The Smartlabs Workshop Environment:

Ambient Intelligence Perspectives Peter Mickulecký, 2009 Contains selected papers from the first international Ambient Intelligence Forum AmIF 2008 in Hradec Kralove Czech Republic **Context-Aware Pervasive Systems** Seng Loke, 2006-12-07 The concept of aware systems is among the most exciting trends in computing today fueled by recent developments in pervasive computing including new computers worn by users embedded devices smart appliances sensors and varieties of wireless networking technology Context Aware Pervasive Systems The Architecture of a New Breed of Applications introduces a diverse set of application areas and provides blueprints for building context aware behavior into applications Reviewing the anatomy of context aware pervasive applications this resource covers abstract architecture It examines mobile services appliances smart devices software agents electronic communication sensor networks security frameworks and intelligent software agents The book also discusses the use of context awareness for communication among people devices and software agents and how sensors can be aware of their own situations Exploring the use of physical context for controlling and enhancing security in pervasive computing environments this guide addresses mirror worlds and elucidates design perspectives based on a declarative programming language paradigm This carefully paced volume presents a timely and relevant introduction to the emergence of context aware systems and brings together architectures and principles of context aware computing in one source Smart Systems Design, Applications, and Challenges Rodrigues, João M.F., Cardoso, Pedro J.S., Monteiro, Jânio, Ramos, Célia M.Q., 2020-02-28 Smart systems when connected to artificial intelligence AI are still closely associated with some popular misconceptions that cause the general public to either have unrealistic fears about AI or to expect too much about how it will change our workplace and life in general It is important to show that such fears are unfounded and that new trends technologies and smart systems will be able to improve the way we live benefiting society without replacing humans in their core activities Smart Systems Design Applications and Challenges provides emerging research that presents state of the art technologies and available systems in the domains of smart systems and AI and explains solutions from an augmented intelligence perspective showing that these technologies can be used to benefit instead of replace humans by augmenting the information and actions of their daily lives The book addresses all smart systems that incorporate functions of sensing actuation and control in order to describe and analyze a situation and make decisions based on the available data in a predictive or adaptive manner Highlighting a broad range of topics such as business intelligence cloud computing and autonomous vehicles this book is ideally designed for engineers investigators IT professionals researchers developers data analysts professors and students Greening Our Cities: Sustainable Urbanism for a Greener Future Alessandra Battisti, Cristina Piselli, Eric J Strauss, Etleva Dobjani, Saimir Kristo, 2024-05-30 This thought provoking book takes readers on a captivating journey through the realms of green urbanism urban regeneration and urban design development and preservation providing an exploration of innovative approaches to creating sustainable and thriving

cities of the future Discussing the pressing challenges of urban environments this book offers practical insights for architects urban planners researchers and sustainability enthusiasts It introduces cutting edge strategies for sustainable urban mobility energy efficient designs and nature based solutions implementation while showcasing case studies and comprehensive analyses that shed light on the complexities of urban regeneration Moreover this volume uncovers the importance of preserving cultural heritage and its role in shaping vibrant communities With its informative and engaging narrative this book equips readers with valuable knowledge to make a positive impact on their urban surroundings It deepens their understanding of urban challenges and illuminates ways they can contribute to transforming our cities toward a more sustainable and vibrant future *Space Time Play* Friedrich von Borries,Steffen P. Walz,Matthias Böttger,2007-09-14

Computer and video games are leaving the PC and conquering the arena of everyday life in the form of mobile applications the result is new types of cities and architecture How do these games alter our perception of real and virtual space What can the designers of physical and digital worlds learn from one another Solaris Common Desktop Environment Sun Microsystems Inc.,2002-05-01 *The Complete Guide to the NEXTSTEP User Environment* Michael B. Shebanek,1993-01-01

This is likewise one of the factors by obtaining the soft documents of this **Users Guide To The Smartlabs Workshop Environment** by online. You might not require more epoch to spend to go to the ebook introduction as with ease as search for them. In some cases, you likewise complete not discover the publication Users Guide To The Smartlabs Workshop Environment that you are looking for. It will extremely squander the time.

However below, like you visit this web page, it will be for that reason completely easy to acquire as competently as download lead Users Guide To The Smartlabs Workshop Environment

It will not receive many era as we explain before. You can reach it while produce a result something else at house and even in your workplace. as a result easy! So, are you question? Just exercise just what we present under as without difficulty as review **Users Guide To The Smartlabs Workshop Environment** what you following to read!
