Orenstein and Rebecca Traister an authoritative big think look at pornography in all its facets historical religious and cultural In the 1960s sex researchers Masters and Johnson declared the end of the fake orgasm Nearly two decades later in 1982 evangelical activist Tim LaHaye foretold that the entire pornography industry would soon be driven out of business Neither prediction proved true Instead with the rise of the internet pornography saturates the American conscience more than ever and has reshaped our understanding of sexuality relationships media and even the nature of addiction Dr Kelsy Burke has spent the last five years researching and interviewing internet pornography s opponents and its sympathizers In *The Pornography Wars* Burke does a deep dive into the long history of pornography in America and then turns her gaze on our present society to examine the ways this industry touches on the most intimate parts of American lives She offers a complete understanding of the major players in the debates around porn s place in society everyone from sex workers activists therapists religious leaders and consumers In doing so she addresses and debunks the myths that surround porn and porn usage while showing how everything from the way we teach children about sex to the legal protections for what can be published is tied up in the deeply complicated battles over pornography Sweeping savvy and deeply researched *The Pornography Wars* is a necessary and comprehensive new look at pornography and American life *Internet and Smartphone Use-Related Addiction Health Problems* Olatz Lopez-Fernandez,2021-08-31 This Special Issue presents some of the main emerging research on technological topics of health and education approaches to Internet use related problems before and during the beginning of coronavirus disease 2019 COVID 19 The objective is to provide an overview to facilitate a comprehensive and practical approach to these new trends to promote research interventions education and prevention It contains 40 papers four reviews and thirty five empirical papers and an editorial introducing everything in a rapid review format Overall the empirical ones are of a relational type associating specific behavioral addictive problems with individual factors and a few with contextual factors generally in adult populations Many have adapted scales to measure these problems and a few cover experiments and mixed methods studies The reviews tend to be about the concepts and measures of these problems intervention options and prevention In summary it seems that these are a global culture trend impacting health and educational domains Internet use related addiction problems have emerged in almost all societies and strategies to cope with them are under development to offer solutions to these contemporary challenges especially during the pandemic situation that has highlighted the global health problems that we have and how to holistically tackle them *Every Boy I Ever Kissed* Nellwyn Lampert,2019-07-27 A bold step toward a new cultural narrative around sex Sex was supposed to be easy It was supposed to be fun liberating and empowering for a girl who d been brought up thinking the battle for sexual equality had been won But for Nellwyn Lampert losing her virginity would turn out to be anything but simple Whether she was being confronted with porn induced erectile dysfunction or other crises of masculinity nothing went according to plan in the bedroom Instead Nellwyn had to learn to navigate the realities of sexual liberation female empowerment and masculinity all

on her own In this coming of age memoir Nellwyn looks back on her experiences with humour and insight to explore what true liberation and empowerment may look like for today s young women Her many unexpected adventures will prompt reflection on a bigger question What does it mean when our experiences fail to live up to who we think we should be as liberated postmodern women

Addicted to Internet Porn? Ivan McVeigh,2013-08-13 The author of this book was addicted to Internet pornography for over ten years and reached a crisis point when he was arrested for viewing illegal images of children Having known for a number of years that his use of Internet pornography was out of control he set about seeking help firstly from a relevant charity and eventually from a top therapist To help further with his recovery the author felt that both he and his family needed to know as much about this addiction as possible and he set out to research the subject The amount of information he found was staggering in quantity but limited in variety Many of the existing books were long full of medical terms and packed with case studies which were of little relevance He found that it was frustrating that there was no single book that you could read quickly and which would give you all the information you needed to set you not only on the road to recovery but which would give you a good working understanding of the problems you are experiencing This book is the result of hundreds of hours of research which have been distilled into an easy to use publication which everyone can understand It can be read in 90 minutes and is suitable for people who believe they have an addiction or for people who feel that someone they know or love has a problematic relationship with Internet pornography The book uses language which

everyone can understand and will give you enough knowledge to allow you to explore the subject further if you feel that this would be beneficial to you The book has been written in short bite sized chunks and contains explanations and simple exercises which will help you decide firstly if you have a problem and secondly help you start to get to grips with the problem for more information on addiction to internet pornography visit H4pa.com Introduction What is pornography What is addiction Addiction to porn explained How do I know if I am addicted Am I the only one Can this addiction cause me any harm What do I do now Conclusion The Partner's Tale [Porn Addict's Wife](#) Sandy Brown,2017-07-18 From a Certified Life Coach a recovery program for women impacted by a spouse's pornography addiction Are you feeling shocked betrayed devastated and downright angry after discovering your husband is addicted to pornography Are you wondering how could he do this to me or why aren't I enough for him Do you wonder if your marriage is over Are you feeling lost and alone Life and relationship coach Sandy Brown has been there Her own experience in surviving the betrayal of her husband's porn addiction has inspired her to focus her practice on helping other women to do the same Through her own recovery and her experience with clients Sandy has developed a process of recovery to empower women at a time when they feel all is lost Porn Addict's Wife shows readers that they are not alone in feeling shattered by their husband's sexual addiction and teaches them how and with whom they can safely share their story By providing resources for readers to get real help for both themselves and their spouse it provides guidance to healing and rebuilding a normal life **Trapped In The Web** A.
