War And The American Difference Theological Reflections On Violence And National Identity:

War and the American Difference Stanley Hauerwas, 2011-10-01 How are American identity and America's presence in the world shaped by war and what does God have to do with it? Esteemed theologian Stanley Hauerwas helps readers reflect theologically on war, church, justice, and nonviolence in this compelling volume exploring issues such as how America depends on war for its identity, how war affects the soul of a nation, the sacrifices that war entails, and why war is considered necessary, especially in America. He also examines the views of nonviolence held by Martin Luther King Jr. and C. S. Lewis, how Jesus constitutes the justice of God, and the relationship between congregational ministry and Christian formation in America.

Theology and the Star Wars Universe Benjamin D. Espinoza, 2022-07-11 Scholars have been arguing for years that Star Wars is more than light sabers, Wookies, Millennium Falcons, and troubling familial relationships. Star Wars is an exciting space fantasy that we can explore from multiple academic perspectives such as philosophy and psychology. This volume adds to that conversation by asking what would it look like if we analyzed the Star Wars universe theologically. In *Theology and the Star Wars Universe*, contributors from various theological traditions take on this task by exploring the nature of the Force, the spiritual role of the Jedi, nonviolent and liberationist readings of the Franchise, and the enduring power of hope. Written for the restless, curious academic but accessible to diehard fans, *Theology and the Star Wars Universe* is an exciting foray into the study of theology and popular culture.

For the Life of the World Robert J. Dean, 2016-05-13 What is the church? What is its mission in the world? Modern Protestantism's inability to provide a clear answer to these seemingly simple questions has resulted in vast confusion amongst pastors about the nature of their calling and has left congregations languishing without a clear reason for existence. Many of the voices and allegiances competing for the church's attention have rushed in to fill the void, with the result that the church in modernity has frequently found itself captive to the prevailing culture. Yet from within the belly of highly culturally accommodated churches, both the German pastor-theologian Dietrich Bonhoeffer and the American theological ethicist Stanley Hauerwas were able to articulate compelling visions of churches freed from their cultural captivity in order to truly and freely serve God and neighbor. Against the complex and confusing backdrops of Nazi Germany and late twentieth and early twenty-first century America, respectively, Bonhoeffer and Hauerwas sought to recover the ethical and political character of the Christian faith through recalling the church back to the Christological center of its faith. Together, they provide a rich set of complementary and at times mutually correcting resources for the contemporary church as it seeks to faithfully bear witness to Christ amidst the ruins of Christendom.

Leaps of Faith Robert J. Dean, 2017-02-14 If you are passionate about participating in the recovery of preaching for the spiritual formation of God s people then you will want to jump into this lively collection of biblically rigorous culturally intuitive grace drenched sermons Robert Dean sets the bar very high even as he throws the

gauntlet down with these remarkable expressions of all that preaching was supposed to be and can still become Animated by the conviction that the preached word is the playground of the Living Word the pages of Leaps of Faith are populated by saints and sinners pimps and prophets Unexpectedly and delightfully Bono works alongside Bonhoeffer Dr Phil learns a lesson from the Amish and a discussion of body odor primes the senses for contemplating the mission of God Rooted deeply in the lives of actual worshipping communities these wonder laden sermons from the prophetic imagination of an emerging pastor theologian dare the reader to leap into the continuing story of the Triune God and in doing so discover that all of life has been taken up in the Gospel of Jesus Christ **Pacifism and Pentecostals in South Africa** Marius Nel,2018-06-27

Most of the early twentieth century Pentecostal denominations were peace churches that encouraged a stance of conscientious objection However since the Second World War Pentecostals have largely abandoned their pacifist viewpoint as they have taken on a more literal Biblical hermeneutic from their interaction with Evangelical denominations This book traces the history of nonviolence in Pentecostalism and suggests that a new hermeneutic of the Bible is needed by today s Pentecostals in order for them to rediscover their pacifist roots and effect positive social change The book focuses on how Pentecostalism has manifested in South Africa during the twentieth century Much of the available academic literature on hermeneutics and exegesis in the field of Pentecostal Studies is of an American or British European origin This book redresses this imbalance by exploring how the Bible has been used amongst African Pentecostals to teach on the apparent paradox of a simultaneously wrathful and loving God It then goes onto suggest that how the Bible is read directly affects how Pentecostals view their role as potential reformers of society So it must be engaged seriously and thoughtfully By bringing Pentecostalism s function in South African society to the fore this book adds a fresh perspective on the issue of pacifism in world Christianity As such it will be of great use to scholars of Pentecostal Studies Theology and Religion and Violence as well as those working in African Studies Bodies of Peace Myles Werntz,2014 Bodies of Peace argues that Christian nonviolence is both formed by and forms ecclesial life creating an inextricable relationship between church commitment and resistance to war In this volume Myles Werntz examines the work of John Howard Yoder Dorothy Day William Stringfellow and Robert McAfee Brown demonstrating how each thinker s advocacy for nonviolent resistance depends deeply upon the ecclesiology out of which it comes The volume argues that any account of an ecclesially informed resistance to war must be open to a multitude of approaches not as pragmatic concessions but as a foretaste of ecumenical unity *Hauerwas the Peacemaker?* Nathan Scot Hosler,2020-04-14 War has been abolished in Christ is a strong claim by theologian Stanley Hauerwas Wars however continue to rage and historic numbers of people are displaced globally Despite critics assessments that Hauerwas contributes to Christians disengaging his work provides certain tools for the work of peacebuilding In this work Hauerwas s contribution to peacemaking as a part of his ecclesiology and broader theological ethical work will be assessed Hauerwas s peacemaking within his work stands within the context of ecclesiology and related themes of witness

and Christology The possibilities of his work on peacemaking to extend to peacebuilding practice and foreign policy formation are explored and a critique is leveled regarding his engagement with racial justice Additionally certain practices of reading in theology and training in this language are extrapolated to engage the task of policy formation and analysis in contexts where religion is an active factor This study concludes that Hauerwas's theological ethics of peacemaking makes a valuable contribution but must be extended into specific practices

Gospel of the Absurd Robert Scot Miller, 2017-08-02 Gospel of the Absurd is a project that originates in the anarchic experiences of a crack cocaine addict who was knocked off his high horse by an experience of Jesus Having spent years as an enemy of the faith R Scot Miller came back to faith with the passion of a new convert infused with a subversive's heart for turning the world upside down In the process of stumbling every bit as much as he learned to walk in the light Miller begins to understand that the subversive claims of the gospel of Jesus as the Christ are not only the most meaningful response to the absurdity of the world but that such absurdity demands a community of action that makes the subversive Christ the credible response to a culture and Christendom run amok with power and greed Gospel of the Absurd is about an ethic informed by an absurd claim that being the claim that voluntary sacrifice of privilege is the proper response to human brokenness and the systems of domination that have lured the church into apostasy Miller then explores whether the church by prioritizing care ethics over legislative or coercive justice is the salvific experience Jesus is calling us to engage in

Fratelli Tutti William T. Cavanaugh, Carlos Mendoza-Álvarez OP, Ikenna Ugochukwu Okafor, Daniel Franklin E. Pilario CM, 2024-01-19 This volume is the first truly global commentary on a papal encyclical Pope Francis published Fratelli Tutti in October 2020 in the midst of interrelated global crises climate catastrophe ongoing racial injustice a widening gap between the rich and the desperately poor battles over human migration the rise of authoritarian politics and the erosion of democracy all exacerbated by the COVID 19 pandemic The encyclical provided a sobering assessment of the devastation but also a hopeful vision of solidarity and healing The responses in this book not only reflect on Fratelli Tutti from a great diversity of locations and perspectives but also attempt to model Francis's call to fraternity and sorority within this volume In these pages scholars from around the world create a conversation meant to embody one of the virtues that Francis elicits in the encyclical creative openness to the reciprocal gifts of others This book takes up Pope Francis's invitation to continue talking thinking and acting always in a climate of both confidence and audacity to promote social friendship among the people of the world

Catholic Discordance Massimo Borghesi, 2021-12-20 2022 Catholic Media Association honorable mention Pope Francis 2022 Catholic Media Association honorable mention in English translation edition One element of the church that Pope Francis was elected to lead in 2013 was an ideology that might be called the American model of Catholicism the troubling result of efforts by intellectuals like Michael Novak George Weigel and Richard John Neuhaus to remake Catholicism into both a culture war colossus and a prop for ascendant capitalism After laying the groundwork during the 1980s and armed with a selective and manipulative reading of Pope John Paul II's 1991

encyclical Centesimus Annus these neoconservative commentators established themselves as authoritative Catholic voices throughout the 1990s viewing every question through a liberal conservative ecclesial political lens The movement morphed further after the 9 11 terror attacks into a startling amalgamation of theocratic convictions which led to the troubling theopoliticism we see today The election of the Latin American pope represented a mortal threat to all of this and a poisonous backlash was inevitable bringing us to the brink of a true American schism This is the drama of today's Catholic Church In Catholic Discordance Neoconservatism vs the Field Hospital Church of Pope Francis Massimo Borghesi who masterfully unveiled the pope's own intellectual development in his The Mind of Pope Francis analyzes the origins of today's Catholic neoconservative movement and its clash with the church that Francis understands as a field hospital for a fragmented world

Following Jesus David Lowry, 2020-05-12 We live in a time when many view the church as a relic of ancient traditions and cosmologies often reactionary mean spirited nationalist and racist They see those who call themselves Christians reacting in fear to the changes around them rather than like Jesus boldly declaring and living out God's compassion and justice Some who view themselves as nonbelievers point out often with great clarity the distance between so called Christian witness and the teaching of Jesus This book takes us back to the first followers of Jesus and their attraction to Jesus and his teaching It reexamines what they encountered in Jesus that led them to follow him and it analyzes the dynamics of following This exploration becomes a call to let Jesus lead us into God's presence and liberating action By doing so we experience a stripping away of our false religiosity misplaced commitments and idolatries As we join with others in a community of Jesus's followers gathered by Jesus to be sent out we exercise true society altering witness *From the Divine to the Human*
