Encyclopedia of Junk Food and Fast Food Andrew F. Smith, 2006-08-30 Eating junk food and fast food is a great all-American passion. American kids and grownups love their candy bars, Big Macs, and supersized fries. Doritos, Twinkies, and Good Humor ice cream bars. The disastrous health effects from the enormous appetite for these processed fat and sugar-loaded foods are well publicized now. This was particularly dramatically evidenced by Super Size Me 2004 filmmaker Morgan Spurlock's 30-day all-McDonald's diet in which his liver suffered the same poisoning as if he had been on an extended alcohol binge. Through increased globalization, American popular food culture is being increasingly emulated elsewhere in the world, such as China, with the potential for similar disastrous consequences. This A to Z reference is the first to focus on the junk food and fast food phenomena from a multitude of angles in addition to health and diet concerns. More than 250 essay entries objectively explore the scope of the topics to illuminate the American way through products, corporations, and entrepreneurs' social
