The American Class Structure in an Age of Growing Inequality Dennis Gilbert, 2020-09-03 The American

Class Structure in an Age of Growing Inequality Eleventh Edition reveals how social class affects our everyday lives from who we marry and how we raise our kids to where we live and how we vote Dennis Gilbert emphasizes the socioeconomic core of the class system A major theme running through the book is the growing inequality in American society The author describes the shift beginning in the mid 1970s from an Age of Shared Prosperity to an Age of Growing Inequality Using fresh data on jobs wages income wealth and poverty he measures the widening gap between the privileged classes and average Americans He repeatedly returns to the question Why is this happening Economic political and social factors are examined and the competing explanations of influential writers are critically assessed In the final chapter Gilbert synthesizes the book s lessons about the power of class and the forces behind growing inequality Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank and editable chapter specific PowerPoint slides

Scripted Bodies Kenneth J. Saltman, 2016-07-28 From drugging kids into attention and reviving behaviorism to biometric measurements of teaching and learning Scripted Bodies exposes a brave new world of education in the age of repression Scripted Bodies examines how corporeal control has expanded in education how it impacts the mind and thinking and the ways that new technologies are integral to the expansion of control Scripted Bodies contends that this rise in repression must be understood in relation to the broader economic political and cultural forces that have produced an increasingly authoritarian society This book details how these new forms of corporeal control shut down the possibility of public schools developing as places where thinking becomes the organizing principle needed to contribute to a more equal just and democratic society

On Social Closure JURGEN. MACKERT, 2024-11-11 In his book On Social Closure J rgen Mackert seeks to reinvigorate the idea of social closure and bring it back as a basic sociological concept for understanding the strategies and processes powerful groups use to improve their life chances at the expense of the less powerful To do this he puts forward a mechanism based explanatory approach that makes it possible to empirically study social closure through exclusion in the context of neoliberalism exploitation within global capitalism and elimination in the ongoing legacy of settler colonialism Further he identifies two critical social mechanisms to explain how human beings are denied access to resources rights or critical networks and to bring power dynamics into closure analysis

Vanguardia Marc James Léger, 2019-01-17 The avant garde is dead or so the story goes for many leftists and capitalists alike But in an era of neoliberal austerity neocolonial militarism and ecological crisis this postmodern view seems increasingly outmoded Rejecting end of ideology post politics Vanguardia delves into the changing praxis of socially engaged art and theory in the age of the Capitalocene Covering the major events of the last decade from anti globalisation protests Occupy Wall Street the Maple Spring Strike Debt and the Anthropocene to the Black Lives Matter and MeToo campaigns Vanguardia puts forward a radical leftist commitment to the revolutionary consciousness of avant garde art and politics

Class Counts Allan Ornstein, 2007-03-15 Offers a multi disciplinary assessment of the complex interface of housing fairness and government

programs aimed at enforcing one of the nation's hallmark civil rights laws the right to fair and open housing Sociology

John E. Farley, Michael W. Flota, 2017-10-02 This best selling textbook returns for a seventh edition with material on the most fundamental and fascinating issues in sociology today The authors continue their tradition of focusing on the big picture with an emphasis on race class and gender in every chapter The text continues to frame sociological debates around the major theoretical perspectives of sociology and focus on capturing students' imaginations with cutting edge research and real world events The hallmark of the book continues to be clear writing that helps students understand the intricacies of the discipline like no other textbook on the market New to the seventh edition Expanded focus on new social movements such as Black Lives Matter Occupy Wall Street and the Tea Party Updates on both the 2012 and 2016 elections New discussions of Donald Trump and the immigration debate causes and consequences New discussions of patriot movements racism and the reaction to the first African American president Expanded coverage of sexual orientation and LGBT issues Updates on gay rights and the historic legalization of same sex marriage New sections on cyber life discussion issues such as cyber bullying and public shaming WikiLeaks Edward Snowden and NSA spying sexting and youth culture the Arab Spring and social media activism New coverage of the so called recession and the rise of women managers whom employers still see as risky but increasingly as highly talented Updates on health care reform five years on and the efforts to repeal and replace Obamacare Expanded coverage of mass shootings and the corresponding policy debates Expanded coverage and new focus on police involved shootings and gun control in the Deviance Crime and Social Control chapter New discussions of the sociology of finance including the role of financial derivatives in the 2008 global financial crisis New photos and updated figures and tables throughout the text *How Capitalism Will Save Us* Steve Forbes, Elizabeth Ames, 2009-11-03

Has capitalism failed Is it fundamentally greedy and immoral enabling the rich to get richer Are free markets Darwinian places where the most ruthless crush smaller competitors where vital products and services are priced beyond the ability of many people to afford them Capitalism is the world's greatest economic success story It is the most effective way to provide for the needs of people and foster the democratic and moral values of a free society Yet the worst recession in decades has widely and understandably shaken people's faith in our system Even before the current crisis capitalism received a bad rap from a culture ambivalent about free markets and wealth creation This crisis of confidence is preventing a full recognition of how we got into the mess we're in today and why capitalism continues to be the best route to prosperity *How Capitalism Will Save Us* transcends labels such as conservative and liberal by showing how the economy really works When free people in free markets have energy to solve problems and meet the needs and wants of others they turn scarcity into abundance and develop the innovations that are the foremost drivers of economic growth The freedom of democratic capitalism is for example what enabled Henry Ford to take a plaything of the rich the car and transform it into something affordable to working people In the capitalist system economic growth doesn't mean more of the same grinding out a few more widgets every year It's about change to increase

overall wealth and give more people the chance for a better life **Care of Souls, Care of Polis** Ryan LaMothe, 2017-07-25

In the fields of pastoral care and pastoral theology there are times when a book signals a paradigm shift This is one such book LaMothe develops a political pastoral theology that is used to examine critically political economic and societal structures and practices In the first part of the book LaMothe argues that care and pastoral care are political concepts which along with the notion of justice can be used as a hermeneutical framework to assess macropolitical and macroeconomic realities Included in this section is the notion of civil and redemptive discourse necessary for the survival and flourishing of persons and polis The last section of the book examines U S Empire capitalism class classism and other pressing political issues using the hermeneutical lens of care **American Book Publishing Record** ,2003 Annual Editions Kurt Finsterbusch, 2003 This reader is an updated compilation of articles from current newspapers magazines and journals The articles cover tribal cultures socialization and social control social inequalities and social changes **Forthcoming Books** Rose Army, 1999-04 **The Wall Street Journal** ,1988 **Book Review Index - 2009 Cumulation** Dana Ferguson, 2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year *The British National Bibliography* Arthur James Wells, 2003 Current Law Index ,2000 **Social Sciences Index** ,1998 **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004
