James H. Wittebols, 2003-06-19 It has been said that M A S H was a show set in the 1950s which reflected the shifting values of the 1970s and early 1980s Hawkeye Pierce Radar O Reilly Trapper John McIntyre Sherman Potter Margaret Hot Lips Houlihan B J Hunnicutt Frank Burns Charles Emerson Winchester Max Klinger these and the many other characters who populated the MASH 4077 used the Korean War as a backdrop to comment on many of the social issues of their day Using a unique blend of comedy and drama the show s first three seasons 1972 1975 focused on the anti Vietnam War sentiment that consumed much of America As Vietnam ended M A S H moved on to concentrate on other contemporary issues the women s movement the rise of the religious right in American politics the new narcissism that marked the early 1980s the heightened awareness of underage or excessive alcohol use and the increased emphasis on family in American life How the series presented these issues and its success in doing so are the subjects of this critical study An episode listing brief plot outline casts and credits air dates and titles is also provided *The Rise and Fall of the Religious Left* L. Benjamin

Rolsky, 2019-11-12 For decades now Americans have believed that their country is deeply divided by culture wars waged between religious conservatives and secular liberals In most instances Protestant conservatives have been cast as the instigators of such warfare while religious liberals have been largely ignored In this book L Benjamin Rolsky examines the ways in which American liberalism has helped shape cultural conflict since the 1970s through the story of how television writer and producer Norman Lear galvanized the religious left into action The creator of comedies such as All in the Family and Maude Lear was spurred to found the liberal advocacy group People for the American Way in response to the rise of the religious right Rolsky offers engaged readings of Lear s iconic sitcoms and published writings considering them as an expression of what he calls the spiritual politics of the religious left He shows how prime time television became a focus of political dispute and demonstrates how Lear s emergence as an interfaith activist catalyzed ecumenical Protestants Catholics and Jews who were determined to push back against conservatism s ascent Rolsky concludes that Lear s political involvement exemplified religious liberals commitment to engaging politics on explicitly moral grounds in defense of what they saw as the public interest An interdisciplinary analysis of the definitive cultural clashes of our fractious times *The Rise and Fall of the Religious Left* foregrounds the foundational roles played by popular culture television and media in America s religious history Watching Skies Mark O'Connell, 2018-05-30 Mark O Connell didn t want to be Luke Skywalker He wanted to be one of the mop haired kids on the Star Wars toy commercials And he would have done it had his parents had better pine furniture and a condo in California Star Wars Jaws Close Encounters of the Third Kind E T The Extra Terrestrial Raiders of the Lost Ark and Superman didn t just change cinema they made lasting highways into our childhoods toy boxes and video stores like never before In *Watching Skies* O Connell pilots a gilded X Wing flight through that shared universe of bedroom

Growing Up In A Pennsylvania Steel Town Edward Nebinger,2012-10-01 The author was inspired to write these memoirs of the years he spent growing up in the Pennsylvania steel town of Bethlehem before the Second World War by the realization that they were a pivotal time in American history While Americans were struggling with the economic hardships of the Great Depression they never gave up and instead made the best of what they had Out of their triumph over hardship grew the generation that fought and won the Second World War The society and culture exemplified by the Pennsylvania steel towns has now vanished but it is hard not to think that while we have gained much as a society we have also lost far too many things worthy of preservation One of these was the great Bethlehem Steel plant itself the ruins of which stretch for miles along the Lehigh River Dominating the ruins are the ghostly remains of the five great blast furnaces preserved to remind people of the greatness that was once Bethlehem Steel and the community that lived in its shadows *War Memories* Stéphanie A.H. examining baseball's struggle with performance enhancing drugs alongside America's war on drugs. An unabashedly celebratory explanation of America's love affair with baseball and the men who make it possible, this work sheds light on topics such as the role Jackie Robinson's signing with the Dodgers played in the civil rights movement, how baseball's westward expansion mirrored the growth of our national economy, labor strife, baseball families, the international explosion of the game, and even the myriad ways in which movies, music, and baseball are intrinsically tied. It is a must read for anyone interested in more fully understanding not only the game but also the nation in which it thrives.

The Cold War and Entertainment Television Lori Maguire, 2016-08-17. An essential dimension of the Cold War took place in the realm of ideas and culture. While much work exists on cinema, relatively little research has been conducted on this subject in relation to television, despite the latter being a technology and popular cultural form that emerged during this period. This book rectifies that absence by examining the impact of the Cold War on entertainment television and underlines the comparative aspect by studying programs from both blocs without forgetting, of course, the outsized impact of American television. Although most of the focus is on the two main protagonists, the US and the USSR, chapters also consider programming from the UK, Czechoslovakia, Romania, and both East and West Germany. This book represents a contribution to the debate about the cultural Cold War through a rigorously comparative analysis of the two blocs. For this reason, the approach used is thematic. The study begins by considering the subject of censorship and then goes on to look at the very particular case of the two Germanys. A series of comparative genre studies follow, including police and war, variety shows, and documentaries and docudramas. Perhaps surprisingly, the similarities are often greater than the differences between television in the two blocs.
